**1 ACCOUNTING POLICIES**

**Basis of accounting**

There have been no changes in accounting policies during the year. The accounts have been prepared under the historical cost convention and with the Financial Standard for Smaller Entities (FRSSE, effective April 2008).

The company has taken advantage of the exemptions in the Financial Reporting Standard No 1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

**Currency**

The business of the company and its total transactions are conducted exclusively in the currency of European EURO. Therefore all relevant information available as at 31/12/2011 had to be translated into British £ applying the exchange rate circulated by the Bank of England regarding the accounting reference date. To the extent this report also includes accounts subject to reports filed with the Companies House of preceding financial years this could lead to differences according to a change of exchange rates between the present and preceding accounting reference dates. Where such differences occur they are explicitly shown in the report.

**Turnover**

Turnover comprises the value of sales excluding value added tax and trade discounts.

**Intangible and tangible fixed assets and depreciation**

Depreciation has been provided at the following rates in order to write down the cost or valuation, less estimated residual value, of all intangible and tangible fixed assets over their expected useful lives. The rates and methods relating to a whole calendar year generally applicable are:

Webportal	20,00 % reducing balance
Vehicle	16,69 % reducing balance
Office equipment	33,33 % reducing balance
Other equipment	20,00 % reducing balance
