- These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

Approved by the Board on 28 February 2013

And signed on their behalf by:

L Brearley, Director

# Notes to the Abbreviated Accounts for the period ended 31 December 2012

#### 1 Accounting Policies

#### Basis of measurement and preparation of accounts

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

## **Turnover** policy

Turnover comprises revenue recognised by the company in respect of goods and services supplied during the year, exclusive of value added tax and trade discounts.

## Tangible assets depreciation policy

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives.

## **Intangible assets amortisation policy**

Goodwill is the difference between amounts paid on the acquisition of a business and fair value of the identifiable assets and liabilities. It is amortised to the profit and loss account over its estimated economic life.

#### Other accounting policies

Pensions - The company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the company to the fund in respect of the year.

Leasing and Hire Purchase - Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

Operating Leases - Rentals under operating leases are charged to the profit and loss account on a straight line basis over the lease term. Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the period until the date the rent is expected to be adjusted to the prevailing market rate.

Stocks and Work In Progress - Stocks and work in progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

#### 2 Tangible fixed assets

	£
Cost	
At 1 January 2012	25,280
Additions	23,178
Disposals	(800)
