GROUP STRATEGIC REPORT For The Year Ended 31 March 2023

The directors present their strategic report of the company and the group for the year ended 31 March 2023.

REVIEW OF BUSINESS

Following a post-Covid year in 2021/22, the group recovered strongly in 2022/23, which enabled the group to deliver revenue of £27.1m (2021/22: £18.2m), generating a profit before tax of £1.1m (2021/22: £1.7m loss). 72% of our revenue in 2022/23 (2021/22: 55%) derived from repeat customers, while 28% came from new business (2021/22: 45%).

Order intake was £30m in the year, up from £17m in 2020/21. The recovery in order intake was mainly due to market recovery following Covid.

The group remains focused in challenging market conditions and continues to develop its products accordingly. While the markets are expected to be slow in the coming financial year there continue to be good opportunities that the group is well placed to take advantage from.

PRINCIPAL RISKS AND UNCERTAINTIES

The board considers risk assessment, identification of mitigating actions and internal control to be fundamental to the operation of the group. The principal risks are described as:

- Management of health and safety risks.
- Successful winning and execution of contracts.
- Provision of first-class customer service.
- Attracting, retaining and motivating employees.
- Maintenance of a supportive and capable supply chain

Health and safety continues to be a core value for the group, working under the motto of Safety First. Regular safety briefings are held and all team members are encouraged to report potential safety concerns to help us to continuously improve our safety systems.

The group's business development and bid management functions are responsible for identifying and winning new business within profitability parameters set by the board. The group's contract management resources are responsible for the successful execution of projects while the whole group is focused on delivering first-class customer service. Projects are reviewed post-completion to identify improvement opportunities for future projects and customer feedback is sought to ensure that we are able continually to improve the customer experience.

The majority of the group's export revenue is denominated in Sterling, meaning that the group does not face a significant currency risk. During the year all of our orders were sterling denominated. When foreign currency orders are won, the company takes out contracts to hedge its risk using established foreign exchange broking relationships.

The group's human resources function is responsible for working with line managers to recruit, train and retain our employees. New joiners are given a bespoke training plan to ensure that they are fully versed in the requirements of their role and all employees participate in an annual appraisal cycle to support their personal and business development. All employees participate in a common annual incentive programme while senior managers and non-family directors benefit from an enterprise management incentive scheme which gives them options to purchase minority shareholdings in the group.

The group's commercial discipline is responsible for maintaining key supplier relationships including supplier selection, development and management. Close and loyal relationships with key suppliers ensures that the group is able to obtain excellent supplier service giving us a competitive advantage in winning and executing projects.

FIXED ASSETS

The group has invested £800k in new production plant and machinery during the year as part of a recapitalisation programme aimed at improving efficiency and maintaining competitively. In addition, the group has committed a further £237k in production machinery to be delivered in the first quarter of 2023/24.

On 26 May 2023 the group concluded a transaction to acquire a 2.2 acre freehold site adjacent to its current headquarters location. Over time, it is the intention that this site be used to develop a new production facility to allow the group to continue to expand. The acquisition is funded by a mortgage secured by a fixed charge on the new land only.

GROUP STRATEGIC REPORT For The Year Ended 31 March 2023

FUTURE DEVELOPMENTS

Following the acquisition of land as described above, the directors remain committed to their plan to invest in a new factory. The initial stages of the development will be carried out using internally generated funds. In the meantime, the group will continue to make selected investments in production and other capacity and efficiencies to support the growth required to allow the factory development to take place.

OUTLOOK

The group entered the new financial year with a strong order book and a robust sales funnel. While there are headwinds in domestic markets, the group's export markets continue to offer opportunities for the group to consolidate the success experienced in 2022/23.

The directors have agreed not to pay any final dividend for 2022/23. The payment of dividends in 2023/24 remain under review.

ON BEHALF OF THE BOARD:

Simon Boyd - Director

30 June 2023

REPORT OF THE DIRECTORS For The Year Ended 31 March 2023

The directors present their report with the financial statements of the company and the group for the year ended 31 March 2023.

PRINCIPAL ACTIVITY

The principal activity of the group in the year under review was that of the design, manufacture and erection of high quality steel structures, including aircraft hangars and their electro-mechanical doors, warehouses, industrial buildings, grandstands, multi-storey buildings for hotels, offices and multi-storey car parks, highway bridges, sports halls, protective hangars for military aircraft, defence structures, communication towers and many other steel structures. The group also designs, manufactures and installs doors, curtain walling, windows and other glazing systems. The group has a proud history of designing and fabricating containerised structures for export markets, for which erection supervisory services are provided world-wide.

DIVIDENDS

No dividends will be distributed for the year ended 31 March 2023.

EVENTS SINCE THE END OF THE YEAR

Information relating to events since the end of the year is given in the notes to the financial statements.

DIRECTORS

The directors shown below have held office during the whole of the period from 1 April 2022 to the date of this report:

Peter Reid Timothy Reid Simon Boyd

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Group Strategic Report, the Report of the Directors and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the group and of the profit or loss of the group for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's and the group's transactions and disclose with reasonable accuracy at any time the financial position of the company and the group and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

STATEMENT AS TO DISCLOSURE OF INFORMATION TO AUDITORS

So far as the directors are aware, there is no relevant audit information (as defined by Section 418 of the Companies Act 2006) of which the group's auditors are unaware, and each director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the group's auditors are aware of that information.

AUDITORS

The auditors, Schofields, will be proposed for re-appointment at the forthcoming Annual General Meeting.

ON BEHALF OF THE BOARD:

Timothy Reid - Director

30 June 2023

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF JOHN REID AND SONS (STRUCSTEEL) HOLDINGS LIMITED

Opinion

We have audited the financial statements of John Reid and Sons (Strucsteel) Holdings Limited (the 'parent company') and its subsidiaries (the 'group') for the year ended 31 March 2023 which comprise the Consolidated Statement of Comprehensive Income, Consolidated Balance Sheet, Company Balance Sheet, Consolidated Statement of Changes in Equity, Company Statement of Changes in Equity, Consolidated Cash Flow Statement and Notes to the Consolidated Cash Flow Statement, Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the group's and of the parent company affairs as at 31 March 2023 and of the group's profit for the year then ended:
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the group's and the parent company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The directors are responsible for the other information. The other information comprises the information in the Group Strategic Report and the Report of the Directors, but does not include the financial statements and our Report of the Auditors thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Group Strategic Report and the Report of the Directors for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Group Strategic Report and the Report of the Directors have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the Group Strategic Report or the Report of the Directors.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF JOHN REID AND SONS (STRUCSTEEL) HOLDINGS LIMITED

Responsibilities of directors

As explained more fully in the Statement of Directors' Responsibilities set out on page four, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a Report of the Auditors that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

An understanding of the legal and regulatory framework the group operates in was obtained through discussions with directors and other management in addition to our general industry and sector experience. The most significant laws and regulations identified, being those that have a direct effect on material amounts and disclosures in the financial statements, are FRS 102, Companies Act 2006 and HM Revenue & Customs (HMRC) Tax Legislation.

We also considered other laws and regulations that do not have a direct effect on the financial statements but compliance with which may be fundamental to the group's ability to operate, or to avoid material penalty. These included the requirements of the various Health and Safety Regulations.

Audit procedures were performed to obtain sufficient evidence regarding compliance. These procedures include making enquiries to directors and other management in addition to the inspection of applicable regulatory and legal correspondence. Financial statement disclosures were reviewed and tested to supporting documentation.

Enquiries were also made to the directors and other management to assess the group's internal control environment and their policies and procedures on fraud risk. The group's systems and controls were documented, and audit procedures were designed to test these controls. Further, the risk of management override of controls was addressed through testing journal entries and other adjustments for appropriateness. The judgements made in making accounting estimates were assessed for any indication of potential bias, and the business rationale of significant transactions outside the normal course of the business was evaluated.

We have properly planned and performed the audit in accordance with auditing standards and all members of the engagement team have the appropriate competence and capabilities to identify or recognise non-compliance with laws and regulations. However, the inherent nature of the audit, and the limited procedures performed, means there is an unavoidable risk that some irregularities may have gone undetected. We are not responsible for preventing non-compliance and cannot be expected to detect non-compliance with all laws and regulations.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our Report of the Auditors.

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF JOHN REID AND SONS (STRUCSTEEL) HOLDINGS LIMITED

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in a Report of the Auditors and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For The Year Ended 31 March 2023

1. **STATUTORY INFORMATION**

John Reid and Sons (Strucsteel) Holdings Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the General Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Going concern

The impact of current economic conditions and other factors has been considered by the directors when assessing whether the company is a going concern. Management has taken into account all of the available information about the future of the company and its ability to meet debts and obligations as they fall due. It has been concluded that it is appropriate for the financial statements to be prepared on a going concern basis.

Basis of consolidation

The consolidated financial statements present financial information about the group as a single economic entity through combining the financial statements of the company and all of its subsidiaries as identified in note 11. Intragroup balances and transactions are eliminated in full.

Related party exemption

The company has taken advantage of exemption, under the terms of Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', not to disclose related party transactions with wholly owned subsidiaries within the group.

Transactions between group entities which have been eliminated on consolidation are not disclosed within the financial statements.

Significant judgements and estimates

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for revenue and expenses during the year. However the nature of estimation means the actual outcomes could differ from those involving estimates.

The estimation of construction contracts has had the most significant effect on amounts recognised in the financial statements. When the outcome of a construction contract can be estimated reliably, contract revenue and costs associated with the construction contract are recognised by reference to the stage of completion of the contract activity at the reporting date.

Outcomes of construction contracts are estimated using internally generated detailed costings. The stage of completion is measured using the costs incurred for work performed to date as a percentage of estimated total costs.

Turnover

Turnover is recognised when economic benefits flow to the group and the turnover can be reliably measured. Turnover is measured as the fair value of the consideration received or receivable, excluding value added tax and other sales taxes.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Freehold property - Straight line on buildings over 50 years

Plant and machinery - 10% on cost Fixtures and fittings - 10% on cost Motor vehicles - 20% on cost Computer equipment - 20% on cost

Investment property

Investment property is shown at most recent valuation. Any aggregate surplus or deficit arising from changes in fair value is recognised in profit or loss.

Page 15 continued...

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS - continued For The Year Ended 31 March 2023

2. ACCOUNTING POLICIES - continued

Stocks

Stocks are valued at the lower of cost and net realisable value, with costs comprising of direct materials.

When the outcome of a construction contract can be estimated reliably, contract revenue and costs associated with the construction contract are recognised by reference to the stage of completion of the contract activity at the reporting date. When it is probable that total contract costs will exceed total contract revenue on a construction contract, the expected loss is recognised as an expense immediately.

Recorded turnover in excess of payments on account are classified as amounts recoverable on contracts and are separately disclosed within debtors. The balance of payments on account are classified as payments on account and separately disclosed within creditors.

The stage of completion of a construction contract is measured using the costs incurred for work performed to date as a percentage of estimated total costs.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Consolidated Statement of Comprehensive Income, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to profit or loss over the relevant period. The capital element of the future payments is treated as a liability.

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits

The group operates a defined contribution pension scheme. Contributions payable to the group's pension scheme are charged to profit or loss in the period to which they relate.

Financial instruments

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the profit and loss account.

Loans and borrowings are initially recognised at the transition price including transition costs. Subsequently, they are measured at amortised cost using the effective interest method, less impairment.

Page 16 continued...

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS - continued For The Year Ended 31 March 2023

2. ACCOUNTING POLICIES - continued

Change in presentation of comparatives

Foreign exchange gains totalling £17,367, previously presented within sundry income, have been reclassified and presented as foreign exchange (gains)/losses within administrative expenses. This provides a more true and fair representation of the gain or loss.

3. TURNOVER

The turnover and profit (2022 - loss) before taxation are attributable to the one principal activity of the group.

An analysis of turnover by class of business is given below:

	2023	2022
	$\mathfrak L$	\mathfrak{L}
Steel construction	27,123,895	18,220,504
Marine division	15,250	12,781
	27,139,145	18,233,285

The directors have not disclosed information relating to the geographical split of turnover on the grounds that this would be seriously prejudicial to the interests of the group.

The amount of contract revenue recognised as turnover in the period is £27,123,895, measured in accordance with the group's accounting policy.

4. EMPLOYEES AND DIRECTORS

	2023 £	2022 £

sale of investment property	119,564	(119,564)	_	_
At 31 March 2023	6,662,838	1,428,193	(1,859,250)	6,231,781

Retained earnings represents cumulative profits and losses net of dividends and other adjustments.

The revaluation reserve records the increase in fair value of land and buildings and investment property, less deferred tax.

The merger reserve records the difference between the consideration and nominal value of shares issued during a merger and the fair value of assets transferred.

The shares held in treasury reserve records the company's own issued shares that it has repurchased but not cancelled.

21. CONTINGENT LIABILITIES

The subsidiary company (supported by the parent company) in the normal course of business, has given guarantees totalling £646,140 in respect of the company's own contracts. Where the company enters into such arrangements, it does so in order to provide assurance to the beneficiary that it will fulfil its existing contractual obligations. The issue of such guarantees does not therefore increase the company's overall exposure and the disclosure of such bonds and guarantees is given for information purposes only.
