The directors are satisfied that the company is entitled to exemption from the requirement to obtain an audit under section 477 of the Companies Act 2006.

Members have not required the company to obtain an audit in accordance with section 476 of the Act.

The directors acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of accounts.

The accounts have been prepared in accordance with the provisions in Part 15 of the Companies Act 2006 applicable to companies subject to the small companies regime.

R A Sabin
Director

Approved by the board on 12 July 2017

BIOTECHTURE LIMITED
Notes to the Abbreviated Accounts
for the year ended 31 October 2016

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Turnover

Turnover represents the fair value of services provided under contracts with customers to the extent that there is a right to consideration. It is measured at the fair value of the consideration due. Where a service is incomplete at the year end, turnover represents the value of the service provided to that date based on an appropriate proportion of the total expected consideration at completion.

Invoices are not raised until a contract is complete so the value of incomplete services is included as amounts recoverable on contracts in the balance sheet. Invoiced amounts are included in trade debtors. Customers pay a proportion in advance for goods or services, and these payments are recorded as deferred income.

Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Plant and machinery	25%-33% reducing balance
---------------------	--------------------------

Stocks

Stock comprises raw materials and is valued at the lower of cost and net realisable value. Provision is made for slow moving, obsolete or damaged stock where the net realisable value is less than cost.

Deferred taxation

Full provision is made for deferred taxation resulting from timing differences between the recognition of gains and losses in the accounts and their recognition for tax purposes. Deferred taxation is calculated on an un-discounted basis at the tax rates which are expected to apply in the periods when the timing differences will reverse.

Foreign currencies

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date. All differences are taken to the profit and loss account.
