ACOOMETI PREMIER SERVICES LIMITED

Notes to the Financial Statements for the Period Ended 31st December 2013

1. Accounting policies

Basis of measurement and preparation of accounts

The financial statements have been prepared on the going concern basis. The company is reliant for its working capital on funds provided to it by the directors, who have provided the company with an undertaking that they will, for at least 12 months from the date of approval of these financial statements, continue to make available such funds as are needed by the company and in particular will not seek repayment of the amounts currently made available. This should enable the company to continue in operational existence for the foreseeable future by meeting its liabilities as they fall due for payment. The directors acknowledge that there can be no certainty that this support will continue, albeit at the date of approval of these financial statements, they have no reason to believe that they will not do so. The financial statements do not include any adjustments that would result had the going concern basis of preparation been inappropriate.

Turnover policy

The turnover of the company for the year has been derived from its principal activity wholly undertaken in the United Kingdom

Tangible fixed assets depreciation policy

No fixed asset was recorded during the year.
