PROGRESS DURING THE PERIOD

Receipts and Payments

Attached at Appendix 1 is our abstract of receipts and payments for the period from 25 October 2018 to 24 October 2019.

What work has been done in the period of this report, why was that work necessary and what has been the financial benefit (if any) to creditors?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website - http://www.begbies-traynorgroup.com/work-details Under the following headings we have explained the specific work that has been undertaken on this case. Not every piece of work has been described, but we have sought to give a proportionate overview which provides sufficient detail to allow creditors to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to creditors.

The costs incurred in relation to each heading are set out in the Time Costs Analysis which is attached at Appendix 2. There is an analysis for the period of the report and also an analysis of time spent on the case since the date of our appointment. The details below relate to the work undertaken in the period of the report only. Our previous reports contain details of the work undertaken since our appointment.

General case administration and planning

During the period covered by this report, we have reviewed the case to ensure our case strategy remains appropriate and to ensure the ongoing matters are being progressed in an effective manner.

In addition, we have ensured documentation produced by us and received from third parties has been appropriately maintained, to ensure that all decisions taken which may have a material effect on the Liquidation have been adequately recorded.

Compliance with the Insolvency Act, Rules and best practice

During the period covered by this report, our previous report dated 19 December 2018 has been prepared and circulated to creditors. A copy has also been filed with the Registrar of Companies.

We have also regularly monitored realisations into the Liquidation to ensure the statutory bordereau is appropriately maintained to protect the interests of members and creditors.

In the period covered by our previous report, Rob Sadler was replaced by Julian Pitts as Liquidator by an Order of the Court effective 9 May 2018. As such, we have advertised the change in Liquidator and obtained a bond for Julian Pitts.

Realisation of Assets and Investigations

Creditors may recall from our previous reports that we were taking steps to further understand a number of transactions which, prima facie, appeared to be subject to the Antecedent Transaction provisions of the Act. Our actions in this respect remain ongoing.

We can confirm that during the period covered by this report we successfully traced the director at the relevant time to progress our enquiries into these matters. We continue to progress matters with support of our solicitors, Womble Bond Dickinson, although are presently unable to provide any further information in this respect as to do so may harm any potential realisations for the benefit of creditors.

Dealing with all creditors' claims (including employees), correspondence and distributions

During the period covered by this report we have continued to deal with creditor queries on request.

Other matters which includes seeking decisions from creditors (via Deemed Consent Procedure and/or Decision Procedures, tax, litigation, pensions and travel

We have also continued to deal with the Company's tax affairs and have submitted the relevant returns to HM Revenue & Customs.

ESTIMATED OUTCOME FOR CREDITORS

Details of the sums owed to each class of the Company's creditors were provided in the director's statement of affairs included within the report sent to creditors further to our appointment as Liquidators.

As noted in our previous reports, on the basis of realisations to date and estimated future realisations, the outcome for the Company's creditors remains wholly contingent on our ongoing investigations, including the validity of security granted by the Company.

6. REMUNERATION & DISBURSEMENTS

Remuneration

Our remuneration has been fixed by a resolution of creditors at a meeting on 16 January 2015 by reference to the time properly given by us (as liquidators) and the various grades of our staff calculated at the prevailing hourly charge out rates of Begbies Traynor (Central) LLP in attending to matters arising in the winding up and we are authorised to draw disbursements, including disbursements for services provided by our firm (defined as category 2 disbursements in Statement of Insolvency Practice 9) in accordance with our firm's policy, which is attached at Appendix 2 of this report.

Our time costs for the period from 25 October 2018 to 24 October 2019 amount to £4,176 which represents 20 hours at an average rate of £208 per hour.

The following further information in relation to our time costs and disbursements is set out at Appendix 2:

- □ Time Costs Analysis for the period 25 October 2018 to 24 October 2019
- Begbies Traynor (Central) LLP's charging policy

To 24 October 2019, we have drawn the total sum of £15,000 on account of our remuneration, against total time costs of £93,169 incurred since the date of our appointment.

Time Costs Analysis

The Time Costs Analysis for the period of this report attached at Appendix 2 shows the time spent by each grade of staff on the different types of work involved in the case, and gives the total costs and average hourly rate charged for each work type. An additional analysis is also attached which details the time costs for the entire period for which we have administered the Liquidation.

Please note that each analysis provides details of the work undertaken by us and our staff following our appointment only.

To 24 October 2019, we have also drawn disbursements in the sum of £614.

Category 2 Disbursements

In accordance with the resolution obtained in relation to disbursements, the following Category 2 disbursements and disbursements which should be treated as Category 2 disbursements have been charged to the case: since the date of our appointment.

LIQUIDATORS' EXPENSES

A statement of the expenses incurred during the period of this progress report is attached at Appendix 3. A cumulative statement showing the total expenses incurred since the date of our appointment also appears at Appendix 3.

8. ASSETS THAT REMAIN TO BE REALISED AND WORK THAT REMAINS TO BE DONE

What work remains to be done, why is this necessary and what financial benefit (if any) will it provide to creditors?

General case administration and planning

We will continue to review the matter regularly to ensure the case is being progressed in an efficient and effective manner. Accordingly, we will continue to update our strategy as the case progresses, which is in turn dependent on how our investigations progress.

Compliance with the Insolvency Act, Rules and best practice

As previously advised, we are required by the Act to produce annual reports to provide an update to the creditors on the progress of the Liquidation. We will continue to review our statutory bond level by monitoring

realisations and ensuring there is sufficient cover to protect the interests of the Company's members and creditors.

Investigations and Asset Realisations

As set out above, we are continuing to progress our investigations in line with our agreed strategy. As noted previously, we are continuing to assess claims against various parties and will continue to keep creditors appraised of our progress in this respect. Any future realisations are wholly contingent on the success of these investigations.

Dealing with all creditors' claims (including employees), correspondence and distributions

We will continue to deal with all queries from creditors throughout the duration of our appointment.

Should realisations prove sufficient to allow a distribution to be made to creditors, we will take steps to adjudicate on creditors' claims and will advise accordingly.

Other matters which includes seeking decisions from creditors (via Deemed Consent Procedure and/or Decision Procedure, tax, litigation, pensions and travel

We consider it may be necessary to hold further meetings with various parties, including our solicitors, to progress our investigations and asset realisations. Furthermore, we will continue to submit Tax returns throughout the period of the Liquidation.

How much will this further work cost?

In view of the nature of the ongoing investigations discussed above, it is difficult to accurately predict the costs associated with the work that remains to be done. However, we anticipate costs in the next 12 months may be in the range of £12,000 – £15,000.

Expenses

As noted above, it is difficult to predict future costs associated with this case as a result of the ongoing investigations. Creditors will be kept appraised of all costs incurred in the Liquidation on an annual basis.

We can confirm that we have discharged our duties in these respects.

Investigations carried out to date

We have undertaken an assessment of the manner in which the business was conducted prior to the Liquidation of the Company and potential recoveries for the estate in this respect. Our investigations remain on going and are set out above in further detail.

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. It also applies where payments are to be made to parties other than the firm, but in relation to which the office holder, the firm or any associate has an interest. Best practice guidance² indicates that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated.

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories:

- Category 1 disbursements (approval not required) specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 disbursements (approval required) items of expenditure that are directly related to the case which include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party.
 - (A) The following items of expenditure are charged to the case (subject to approval):
 - Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £100 (London £150) per meeting;
 - Car mileage is charged at the rate of 45 pence per mile;
 - Storage of books and records (when not chargeable as a Category 1 disbursement) is charged
 on the basis that the number of standard archive boxes held in storage for a particular case
 bears to the total of all archive boxes for all cases in respect of the period for which the storage
 charge relates

² Ibid 1

¹ Statement of Insolvency Practice 9 (SIP 9) - Remuneration of insolvency office holders in England & Wales

- (B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 disbursement:
 - · Telephone and facsimile
 - · Printing and photocopying
 - Stationery
