# 1 Executive summary

- This progress report covers the period from 7 June 2019 to 6 December 2019.
- This administration relates to a special situation pensions case. The Pensions Regulator ("tPR") appointed Dalriada Trustees Limited ("Dalriada") as independent trustees to Pennines RBS and Mendip RBS, (together the "Schemes") in 2012. Dalriada obtained a Freezing Injunction over the assets of the companies involved including the Company and other related entities. The Company's director, with the consent of the floating charge holder, agreed to put the Company into administration following a Settlement Agreement being reached between Dalriada and the various companies/parties involved.
- The director of the Company resolved on 7 June 2017 to appoint Tony Friar and Blair Nimmo as Joint Administrators.
- The notice of appointment was lodged at High Court Birmingham District Registry on 7 June 2017 and we were duly appointed.
- I replaced Tony Friar, who retired from KPMG LLP, as Joint Administrator of the Company with effect from 19 October 2018.
- We delivered our statement of proposals (the "Proposals") to all known creditors on 1 August 2017. They were deemed approved without modification on 14 August 2017.
- The Company's main asset is a Loan Book comprising 363 unsecured loans, with aggregate capital of £6.4 million outstanding. There are significant issues inherent within the loan book which we are seeking to resolve. To date, it has not been possible to engage a duly authorised loan servicing company willing to take control of the Loan Book and pursue outstanding balances. Other options are now being considered (Section 2.1 Strategy and progress of the administration to date).
- The outcome for the Company's secured creditor will be largely dependent on the level of realisations achieved from the Company's Loan Book (Section 3 Dividend prospects).
- The Company has no employees or preferential creditors (Section 3 Dividend prospects).
- There may be a distribution to unsecured creditors by way of the Prescribed Part but the level of dividend is largely dependent upon the level of realisations achieved from the Company's Loan Book (Section 3 - Dividend prospects).
- On 23 May 2019, the High Court of Justice in Birmingham granted a 12-month extension to the period of the administration to 6 June 2020. We intend to apply to Court for a further extension, for a period of 12 months to 6 June 2021. Any creditor wishing to object to this should lodge their objection in writing by 17 February 2020 (Section 5.2 Extension of administration).
- Please note: you should read this progress report in conjunction with our previous progress reports and proposals issued to the Company's creditors which can be found at http://www.insolvency-kpmg.co.uk/case+KPMG+HH608A0602.html. Unless stated otherwise, all amounts in this progress report and appendices are stated net of VAT.

LAULL

# 2 Progress to date

This section updates you on our strategy for the administration and on our progress to date. It follows the information provided in our previous progress report.

#### 2.1 Strategy and progress to date

#### Strategy

The Company's main asset is a Loan Book comprising 363 unsecured, interest only loans to individuals. As at the date of administration the outstanding capital balance was £6,357,225. In addition, there were interest arrears of £937,614 (across 341 loans).

There are significant issues inherent in the Company's loan book which potentially impact upon the ability to collect out these balances. To date, it has not been possible to engage a duly authorised loan servicing company willing to take control of the Loan Book and pursue outstanding balances. We are now considering other options.

#### 2.2 Asset realisations

Realisations during the period are set out in the attached receipts and payments account (Appendix 2).

Summaries of the most significant realisations during the period are provided below.

#### Loan Book

During the period, loan interest payments totalling £2,443.03 have been received taking the total payments received to 6 December 2019 to £12,203.64.

#### Cash at bank

As at the date of administration the Company held £547,945.98 in an account with Lloyds Bank. These funds were transferred to the Administrators' bank account.

Bank interest of £136.94 has been received during the period (£630.51 since the date of administration).

#### **Debtors**

The Director's Statement of Affairs showed four small debtor balances totalling £24,740. Two of the debtors, totalling £10,130, have been recovered in full. We will pursue recovery of the other two balances whilst it is economical to do so.

#### 2.3 Costs

Payments made in this period are set out in the attached receipts and payments account (Appendix 2).

#### 2.4 Schedule of expenses

We have detailed the costs incurred during the period, whether paid or unpaid, in the schedule of expenses attached (Appendix 3).

### 3 Dividend prospects

#### 3.1 Secured creditors

The Company's only secured creditor is Hedge Capital Investments Limited – in liquidation ("HCIL"), which was due £7,643,000 plus accrued interest of £1,880,420 at the date of the administration appointment. The HCIL loan bears interest at 4.5% per annum and interest continues to accrue.

The Company has granted a Debenture containing a Floating Charge in favour of HCIL. The Debenture is dated 20 October 2011 and was registered on 28 October 2011.

The recovery for HCIL under its security will depend on the level of realisations from the Company's Loan Book and other assets.

#### 3.2 Preferential creditors

We are not aware of any preferential claims against the Company.

#### 3.3 Unsecured creditors

The Director's Statement of Affairs showed four unsecured creditors with outstanding balances totalling £157,403. In addition, we understand that under the terms of the Freezing Injunction the Schemes will rank as an unsecured creditor. We expect to receive a claim of approximately £18,086,000 on a joint and several liability basis between Hedge Capital Investment Group Limited – in liquidation, HCIL and the Company.

As the security in favour of HCIL was granted after 15 September 2003, section 176A of the Insolvency Act 1986 will apply and, depending upon the level of net floating charge asset realisations, there will be a Prescribed Part of the Company's net property available for unsecured creditors.

Based on current estimates, it is highly unlikely that there will be a dividend to unsecured creditors other than by way of the Prescribed Part.

The timing and quantum of any Prescribed Part dividend will depend wholly on the level of realisations from the Company's Loan Book and other assets.

# 4 Joint Administrators' remuneration and disbursements

The basis of the Joint Administrators' remuneration has been agreed with Dalriada, on behalf of the Schemes, who has the main economic interest in the outcome of the administration. Dalriada is (a) the majority unsecured creditor of the Company; and (b) the majority unsecured creditor in the administration of HCIL, which is the only secured creditor of the Company. Accordingly, approval of our time costs will be sought from Dalriada in due course.

#### Time costs

From 7 June 2019 to 6 December 2019, we have incurred time costs of £17,379. These represent 40 hours at an average rate of £434.48 per hour.

#### Remuneration

During the period, we have not drawn any remuneration.

#### Disbursements

During the period, we have not incurred any disbursements.

#### Additional information

We have attached (Appendix 4) an analysis of the time spent and the charge-out rates for each grade of staff for the period from 7 June 2019 to 6 December 2019. We have also attached our charging and disbursements policy.

# 5 Future strategy

#### 5.1 Future conduct of the administration

We will continue to manage the affairs, the business and the property of the Company in order to achieve the purpose of the administration. This will include but not be limited to liaising with Dalriada to agree and then subsequently implement the strategy for realising value from the Loan Book.

#### 5.2 Extension of the administration

On 23 May 2019, the High Court of Justice in Birmingham granted a 12 month extension to the period of the administration to 6 June 2020.

The Joint Administrators will be seeking to apply to Court for a further twelve month extension to 6 June 2021. Any creditor wishing to object to this should write to the Joint Administrators by no later than 17 February 2020.

The following matters are still to be finalised in the administration:

- Realise value from the Company's loan book and other debtor balances
- Settle all outstanding legal fees, agents fees and other liabilities relating to the administration of the Company
- As appropriate, make floating charge distributions to HCIL (under the terms of its Debenture) and, potentially, distributions to unsecured creditors (via the Prescribed Part)
- Attend to creditor correspondence

- Seek agreement to and draw the Joint Administrators' time costs and remuneration
- Attend to all statutory matters as and when they fall due.

#### 5.3 Future reporting

We will provide a further progress report within one month of 6 June 2020 or earlier if the administration has been completed prior to that time.

#### Appendix 4 Joint Administrators' charging and disbursements policy

Joint Administrators' charging policy

The time charged to the administration is by reference to the time properly given by us and our staff in attending to matters arising in the administration. This includes work undertaken in respect of tax, VAT, employee, pensions and health and safety advice from KPMG inhouse specialists.

Our policy is to delegate tasks in the administration to appropriate members of staff considering their level of experience and requisite specialist knowledge, supervised accordingly, so as to maximise the cost effectiveness of the work performed. Matters of particular complexity or significance requiring more exceptional responsibility are dealt with by senior staff or us.

A copy of "A Creditors' Guide to Joint Administrators Fees" from Statement of Insolvency Practice 9 ('SIP 9') produced by the Association of Business Recovery Professionals is available at:

https://www.r3.org.uk/what-we-do/publications/professional/fees/administrators-fees

If you are unable to access this guide and would like a copy, please contact Lianne Fraser on 0131 527 6620.

#### Hourly rates

Set out below are the relevant hourly charge-out rates for the grades of our staff actually or likely to be involved on this administration. Time is charged by reference to actual work carried out on the administration; using a minimum time unit of six minutes.

All staff who have worked on the administration, including cashiers and secretarial staff, have charged time directly to the administration and are included in the analysis of time spent. The cost of staff employed in central administration functions is not charged directly to the administration but is reflected in the general level of charge-out rates.

Table of charge-out rates

Charge-out rates (£) for: Hedge Capital Limited – in administration	
Grade	From 01 Jan 2019 £/hr
Partner	655
Director	590
Senior Manager	535
Manager	445
Senior Administrator	310
Administrator	225
Support	140

The charge-out rates used by us might periodically rise (for example to cover annual inflationary cost increases) over the period of the administration. In our next statutory report, we will inform creditors of any material amendments to these rates.

Policy for the recovery of disbursements

Where funds permit the officeholders will seek to recover both Category 1 and Category 2 disbursements from the estate. For the avoidance of doubt, such expenses are defined within SIP 9 as follows:

Category 1 disbursements: These are costs where there is specific expenditure directly referable to both the appointment in question and a payment to an independent third party. These may include, for example, advertising, room hire, storage, postage, telephone charges, travel expenses, and equivalent costs reimbursed to the officeholder or his or her staff.

Category 2 disbursements: These are costs that are directly referable to the appointment in question but not to a payment to an independent third party. They may include shared or allocated costs that can be allocated to the appointment on a proper and reasonable basis, for example, business mileage.

Category 2 disbursements charged by KPMG Restructuring include mileage. This is calculated as follows:

Mileage claims fall into three categories:

- Use of privately-owned vehicle or car cash alternative 45p per mile.
- Use of company car 60p per mile.
- Use of partner's car 60p per mile.

For all of the above car types, when carrying KPMG passengers an additional 5p per mile per passenger will also be charged where appropriate.

We have not incurred any disbursements during the period.

We have the authority to pay Category 1 disbursements without the need for any prior approval from the creditors of the Company.

The Category 2 disbursements have not been approved.
