# Notes to the Financial Statements for the Year Ended 30 June 2020

### 1. STATUTORY INFORMATION

Alignandpull Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

### 2. ACCOUNTING POLICIES

#### Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

#### **Turnover**

Turnover represents the value of services, excluding value added tax, provided under contracts to the extent that there is a right to consideration and is recorded at the value of the consideration due.

Where a contract has only been partially completed at the balance sheet date turnover represents the value of the service provided to date based on a proportion of the total expected consideration at completion. Where payments are received from customers in advance of services provided, the amounts are recorded as deferred income and included as part of the creditors due within one year.

### Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life. Fixtures and fittings - 25% on cost

#### Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

### Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

### 3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 2 (2019 - 2).
