1 Accounting Policies

Basis of measurement and preparation of accounts

The financial statements have been prepared on a going concern basis. The company has net current liabilities in the current and previous financial year. The company is reliant on the continued financial support of the bank by way of loans and overdraft. The director is of the opinion that the relevant support will be maintained over the next financial year and that going concern is the appropriate basis of preparation to use. No adjustments have been made that may have been found necessary if any other basis of preparation had been used.

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)
