WTTV Limited

Strategic Report for the Year Ended 31 December 2018

The directors present their strategic report for the year ended 31 December 2018.

In preparing this strategic report, the directors have complied with Section 414C of the Companies Act 2006.

Principal activity

The principal activity of the company is television and other entertainment media production.

Results

The results of the company show a pre-tax loss of £2,884,000 (2017: £3,220,000) for the year and turnover of £2,534,000 (2017: £1,157,000).

The loss for the year, after taxation, amounted to £2,884,000 (2017: £3,220,000).

The company has net liabilities of £7,026,000 (2017: net liabilities of £3,935,000). The company has £46,758,000 of net liabilities due to (2017: £5,277,000) fellow group companies.

Enhanced business review

Turnover has increased in 2018 compared with 2017, due to an increase in development funding. The loss has remained consistent with 2017, as the company continues to have no production income and invests in titles which remain in production.

The company has £46 million of work in progress, of which £42 million relates to Tales of the City which is expected to be delivered in 2019.

The company's key financial and other performance indicators during the year were as follows:

	Unit	2018	2017
Operating margin	%	(99)	(258)
Gross margin	%	12	18

The operating margin is the ratio of operating profit before exceptional items to sales expressed as a percentage.

The gross margin is the ratio of total turnover less cost of goods sold, divided by total turnover, expressed as a percentage.

WTTV Limited

Strategic Report for the Year Ended 31 December 2018

Principal risks and uncertainties

The management of the business and the execution of the company's strategy are subject to the risks affecting the group companies which it provides services to. These are the competitive pressures within the entertainment industry, a challenging macroeconomic environment, rapid technological change and increased risk of piracy.

Market Risks

The company operates in an intensely competitive, consumer-driven and rapidly changing environment and competes with a growing number of companies that provide a broad range of communications products and services and entertainment, news and information products and services to consumers. Technological changes are further intensifying and complicating the competitive landscape for the company by challenging existing business models and affecting consumer behaviour.

Financial Risks

The company is fully supported within the group, which manages a mixture of debt and equity funding in order to minimise risk exposure and enable optimal business performance. Consequently, the company does not hold external debt and is resilient to risks arising from movements in interest rates. The group's activities expose it primarily to the financial risks of changes in foreign currency exchange rates. The company enters into derivative financial instruments, from time to time, in order to mitigate the risks of changes in foreign currency exchange rates.

Policies have been implemented with the company to minimise liquidity risk, through maintenance of an internal reporting structure based on cash targets. Additionally, appropriate credit checks are carried out for all potential customers before contracts are entered into, with status monitoring taking place throughout.

Future developments

The directors expect no significant changes to the future activities of the business. No external factors are expected to impact the entity.

The following director was appointed after the year end:

J L Wachtel (appointed 8 January 2019)

Directors' indemnities

The company has made no qualifying third party indemnity provisions for the benefit of its directors which were made during the year and remain in force at the date of this report.

Going concern

The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis in preparing the annual financial statements.

Further details regarding the adoption of the going concern basis can be found in the accounting policies in note 2 to the financial statements.

Disclosure of information to the auditors

Each of the persons who is a director at the date of approval of this report confirms that:

- so far as they are aware, there is no relevant audit information of which the company's auditor is unaware; and
- they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of Section 418 of the Companies Act 2006.

Statement of Directors' Responsibilities

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 102 the Financial Reporting standard applicable in the UK and Republic of Ireland. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

WTTV Limited

Independent Auditor's Report to the Members of WTTV Limited

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of WTTV Limited (the 'company'):

- give a true and fair view of the state of the company's affairs as at 31 December 2018 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the profit and loss account;
- the statement of other comprehensive income;
- the balance sheet;
- the statement of changes in equity; and
- the related notes 1 to 18.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We are required by ISAs (UK) to report in respect of the following matters where:

- the directors' use of the going concern basis of accounting in preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

We have nothing to report in respect of these matters.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

WTTV Limited

Independent Auditor's Report to the Members of WTTV Limited

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in respect of these matters.

Responsibilities of directors

As explained more fully in the Statement of Directors' Responsibilities, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and Directors' Report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the Strategic Report or the Directors' Report.

WTTV Limited

Independent Auditor's Report to the Members of WTTV Limited

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

WTTV Limited

Notes to the Financial Statements for the Year Ended 31 December 2018

1 General information

The Company's principal activity is in television and other entertainment media production. The entity is a private company limited by shares, incorporated in United Kingdom and domiciled in England & Wales.

The address of its registered office is 1 Central St Giles, St Giles High Street, London WC2H 8NU.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements were prepared in accordance with Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' issued by the Financial Reporting Council.

Basis of preparation

These financial statements have been prepared using the historical cost convention except that as disclosed in the accounting policies certain items are shown at fair value.

The functional currency of WTTV Limited is pounds sterling because that is the currency of the primary economic environment in which the company operates.

Summary of disclosure exemptions

The company has taken advantage of the exemptions provided by FRS 102 Section 1 in relation to financial instruments, presentation of a cash flow statement, and remuneration of key management personnel.

Exemption from preparing group accounts

The financial statements contain information about WTTV Limited as an individual company and do not contain consolidated financial information as the parent of a group.

The company has taken advantage of the exemption provided by FRS 102 Section 9.3 and has not prepared group accounts. It is also exempt under section 401 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included by full consolidation in the consolidated financial statements of its parent, NBCUniversal Media LLC, a company incorporated in USA.

WTTV Limited

Notes to the Financial Statements for the Year Ended 31 December 2018

Going concern

The financial statements have been prepared on a going concern basis, notwithstanding net liabilities of £7,026,000 (2017: £3,935,000). The directors have reviewed the current financial performance and position of WTTV Limited, including the arrangements with group undertakings. The company has received a letter of support from NBCUniversal Media, LLC.

On the basis of their assessment of the company's current financial performance and position, the directors have no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of the company to continue as a going concern. The directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future and hence continue to adopt the going concern basis of accounting in preparing the financial statements.

Judgements

In preparing these financial statements, the directors have made the following judgements:

Management makes an estimate of the recoverable value of its trade debtors. When assessing impairment of debtors, management considers the credit-worthiness of the borrower, the existing and future trading cashflows, the economic environment in which the business operates and historical repayment experience. Refer to note 12 for the carrying amount of debtors.

Determining whether there are indicators of impairment of the company's WIP in development and investments. Factors taken into consideration in reaching such a decision include the economic viability and expected future financial performance of the asset.

Key sources of estimation uncertainty

Estimates are used in determining the ultimate revenue on secondary sales of titles which impacts the level of amortisation on Television costs. The carrying amount of work in progress is £45,609,000 (2017: £3,610,000).

Turnover

Turnover comprises production fees and amounts receivable for the exploitation of rights, net of VAT.

Production revenues are recognised when a programme is delivered to the broadcaster, on an episodic basis where applicable. Revenues received for funded development costs are included within turnover.

Broadcast distribution revenues are recognised when all contractual obligations have been fulfilled. Video distribution revenues generated by affiliated companies are recognised as sold net of provisions for returns.

Non-refundable advances under third-party distribution and licensing arrangements are recognised once a contract is in place and the contractual obligations have been fulfilled.

Royalties are recognised on a declared basis and only accrued where sufficient evidence of amounts due can be obtained or calculated as at the year-end reporting date.

WTTV Limited

Notes to the Financial Statements for the Year Ended 31 December 2018

Foreign currency transactions and balances

Transactions in foreign currencies are initially recorded at the functional currency rate prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated into the respective functional currency of the entity at the rates prevailing on the reporting period date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the initial transaction dates.

The results of overseas operations are translated at the average rates of exchange during the period and their balance sheets at the rates ruling at the balance sheet date. Exchange differences arising on translation of the opening assets and results of overseas operations are reporting in other comprehensive income and accumulated in equity.

Non-monetary items measured in terms of historical cost in a foreign currency are not retranslated.

Tax

The tax expense for the period comprises current tax. Tax is recognised in the profit or loss account, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

Current tax assets and liabilities are offset only when there is a legally enforceable right to set off the amounts and the company intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

Current tax assets and liabilities are offset only when there is a legally enforceable right to set off the amounts and the company intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Investments

Investments in equity shares which are not publicly traded and where fair value cannot be measured reliably are measured at cost less impairment.

Dividends on equity shares are recognised in income when receivable.

Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. A provision for the impairment of trade debtors is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the receivables.

Trade debtors are derecognised when the contractual rights to the cash flows from the trade debtor expire or are settled

WTTV Limited

Notes to the Financial Statements for the Year Ended 31 December 2018

Work in progress

Work in progress is a reflection of the costs directly incurred in programme creation, which are held on the balance sheet until successful delivery of a project.

The company uses a long term accounting contract method for work in progress with respect to its programme creation. This basis considers all expected revenue streams, costs of production, distribution and exploitation in order to estimate a profit margin for the project. Revenue is recognised proportionally in line with the anticipated margin. The assumptions on which the original model was based are reviewed periodically through management's review of impairment..

Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the company does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities. Trade creditors are recognised at the transaction price. Trade creditors are derecognised only when the obligation specified in the contract has been discharged, cancelled or expires.

Borrowings

Borrowings are initially measured at transaction price (including transaction costs) and subsequently measured at amortised cost. Borrowings are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

Interest expense is recognised on the basis of the effective interest method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

Defined contribution pension obligation

A defined contribution plan is a pension plan under which fixed contributions are paid into a pension fund and the company has no legal or constructive obligation to pay further contributions even if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

Contributions to defined contribution plans are recognised as employee benefit expense when they are due. If contribution payments exceed the contribution due for service, the excess is recognised as a prepayment.
