## **Directors' responsibilities statement**

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

As discussed in the Directors' Report the directors have continued to adopt the going concern basis in preparing the financial statements.

#### **Cash flow statement**

The company has taken advantage of the exemption in FRS 1 (Revised) from the requirement to produce a cash flow statement on the grounds that it is a wholly owned subsidiary of CDK UK Limited. #### **Taxation**

Current tax is provided at amounts expected to be paid or recovered using tax rates and laws that have been enacted or substantially enacted by the balance sheet date.

Deferred taxation is provided in full on timing differences that result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in financial statements. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.

#### **Subsidiary undertakings and non-UK consolidation**

The financial statements contain information about Covidien Healthcare Holding UK Limited as an individual company and do not contain consolidated financial information as the parent of a group. Covidien Healthcare Holding UK Limited is exempt under section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included in the consolidated financial statements of its ultimate parent and controlling party, Covidien Plc, a company incorporated in Ireland.
