DAUSON ENVIRONMENTAL GROUP LIMITED

STRATEGIC REPORT

Year ended 30 June 2019

The directors present their report and the audited consolidated financial statements for the year ended 30 June 2019

Business Review

The directors consider that the results for the year and the financial position at the end of the year satisfactory. The directors were also pleased to see that Atlantic Recycling continued to sustain profitability after a very difficult 5-year trading period with significant interruptions. Normal trading performances by Neal Soil Suppliers Ltd, Cardiff Demolition. Co. Ltd and excellent start for Newco Neal Remediation Ltd has been experienced for the period.

All group companies apart from Bluefield Land Ltd, traded profitably for the period under review. During the year under review, the group have continued to overcome further challenges faced during the year in a highly-regulated environment that various group companies continue to deal with in a market driven by evolving legislation together with financial and regulatory constraints.

This financial period under review has been influenced by the following significant factors:

Capital expenditure has continued at both the Atlantic Recycling and Neal Soil sites increasing production facilities and safe storage areas for processed and unprocessed waste together, with increased fire protection on the Atlantic site. Additional costs incurred with increasing levels of site security both in Neal Soils and Atlantic Recycling.

The group's strength continues to be its ability to manage these challenges. Its market share continues to increase as new customer relationships are developed and gained. The development and use of leading-edge technology by the group enables it to maximise on diverting waste from Landfill to recycling/recovery of reusable recycled products.

This multi-disciplined group continues to balance revenue between construction related, haulage & soil/aggregate supply and waste management. This flexibility continues to support the group through its continued evolving and development, mitigating trading risks and potential losses.

The groups unique and much sort after location of its 130-acre Ecopark gives it a competitive edge, within 2 miles of the city centre. Its easy access to the South Wales motorway network makes it very accessible and is a factor that contributes to its success. The group employ c200 employees and a significant resource continues to be directed towards, training, personal development and succession planning.

2018/19 continued to be a challenging period for the group balanced between regulatory compliance activity and continued investments in infrastructure and plant.

The group achieved a post-tax profit of £2,717,250 (Profit £1,613,626) attributable to the members of the parent company for the year:

- **Neal Soil Suppliers Ltd** ("Neal Soil") Revenues were again more than budget for the period. The directors consider the operations of Neal Soil Suppliers Ltd "Neal Soil" and its wholly owned subsidiary Neal Aggregate Suppliers Ltd "NAS" as one trading operation. Neal Soil pay the overheads excluding interest for NAS. On a combined basis they had total revenues of £13.8m for the period under review.

Neal Soils produced a pre-tax profit of £628,549 (2018 - £219,608) for the year. The overheads continue to include some additional costs in respect of Neal Aggregate Suppliers Ltd overheads.

- **Atlantic Recycling Ltd** ("Atlantic"). Having maintained profitable trading since its many disruptions in the past 5 years. Following historic trading losses, the turnaround in Atlantic's financial performance has been sustained. The current period under review revealed a pre-tax profit of £833,654 (2018 - £280,262).

DAUSON ENVIRONMENTAL GROUP LIMITED

STRATEGIC REPORT

Year ended 30 June 2019

- **Cardiff Demolition Co. Ltd** continues to trade profitably in a highly competitive market. It continues to maintain a competitive position in its market place. Pre-tax profits increased to £1,055,511 (2018 - £739,998) for the year, this pre-tax profit is considered satisfactory for a healthy contracting company.
- **Neal Aggregate Suppliers Ltd** ("Neal Agg") during its trading year achieved a pre-tax profit of £10,962 (2018 - £180,061). Revenues were down at £312,304 (2018 - £747,170) mainly due to reduced recovery of ferrous and nonferrous metals. The washplant has worked to full capacity mainly processing sand and aggregate for Neal soils. Planned installation of a second plant has been delayed until 2020 whilst a full assessment of the market is undertaken post Brexit. The revenue from sand and aggregate produced by the plant is recognised in the Neal Soils accounts where much of its overheads are also covered and absorbed.
- **Neal Remediation Ltd** ("Neal Rem") was a start-up company during the period of review. Its main operations were as an enabling and groundworks provider for development sites and during its first year of trading gained several contracts with major housebuilders. In its first year it achieved a pre tax profit of £1,239,729 on revenues of £2,735,463. Neal Rem utilises the services of the Group and will be starting the development of Bluefield sites in 2020.
- **Bluefield Land Ltd** ("Bluefield") reported no income for the period. A third site was acquired during the review period and following receipt of planning permission, development of social housing will start on 2 of the Bluefield sites in 2020. Bluefield's pre-tax loss for the period was £137,691 (2018 profit - £574,804).

Mission Statement

"Dauson Group and its affiliates mission, is to increase profitability through innovation in managing environments, which will contribute towards minimising landfill, help to reduce carbon emissions and making the difference to our environment for all our futures".

Key Non-Financial Performance Indicators

1. The group continues to need significant capital expenditure for both infrastructure and plant and machinery at the Ecopark. All its retained earnings are re-invested in the business, so the group has been able to continue to finance necessary infrastructure costs from its cash flow together with support from its stakeholders. Plant and machinery have been financed with asset finance over relatively short periods compared with the plants normal working life, freeing up available financing opportunities for replacement and additional plant.
2. The Ecopark operates in a SSSI area and continues to work with the regulator (the NRW) to maintain the Ecopark in a state of high compliance with its permits. The Group continues to carry out significant measures to prevent any pollution or harm to human life or the environment because of its operations on the Ecopark.
3. The group continues to improve its processing operations and is aiming to attain its previous recycling of waste targets by achieving 100% diversion of waste from landfill.
4. It is important for the group to continue investing in research and development of new technologies which enables the group to discover treatment of new types of waste streams each year. Major investment in infrastructure will continue in the future.
5. The strategic objective continues to be importing higher value waste streams, but less volume which is still important to the group. Together with identifying alternative uses for waste and bio-products.
6. The operation of the washplant continues to produce sand and aggregate to satisfy industry protocols with demand out stripping supply.

DAUSON ENVIRONMENTAL GROUP LIMITED

STRATEGIC REPORT

Year ended 30 June 2019

The Group are involved in three main sector operating activities:

<u>Construction/Development Related</u>	– Bluefield Land Ltd Cardiff Demolition Co. Ltd Neal Remediation Ltd
<u>Haulage, Soil and Aggregate Recycling Supply</u>	– Neal Soil Suppliers Ltd, Neal Aggregate Suppliers Ltd and
<u>Waste Management</u>	- Atlantic Recycling Ltd

Critical Issues facing the Group

To ensure that we continue to fulfil our duty of care towards the environment and comply with the various environmental and quality performance standards issued by government and regulatory bodies.

Continue to develop innovative methods to face the challenges that the Dauson Group will encounter in a complex and changing market and operating environment, whilst continuing to build its reputation by demonstrating the groups' environmental awareness and responsibility.

The generation of a series of environmentally beneficial and innovative production processes in soil processing and recycling commercial waste materials are the main innovators. Significant long-term contracts with blue-chip customers continue to underpin future investments at the Ecopark.

The problems associated with the UK's changing weather conditions, the economic climate post Brexit and ongoing cash management.

The core key areas remain unchanged which will support the group to achieve future success.

- Improved infrastructure
- Acquiring up to date technology
- Securing adequate long-term investment and funding.

The group continues to recognise like most businesses that the risk of staying the same is greater than the risk of changing in this fast-developing sector and current economic environment.

Internal Analysis

The Dauson Group is strong in proven resources, well located with a wealth of experience and a serious contender to maximise the growth opportunity presents in the waste recycling market within South East Wales and construction related industries. The management team is young and experienced, they will continue to be strengthened and supported by market sector specialist/professionals.

External Analysis

Over the past decade, the volume of waste handled by waste treatment and disposal companies has steadily declined, driven by government policies designed to minimise waste and encourage recycling. Government policies have forced significant changes in the industry. There has been a large shift from the disposal of waste to the treatment of waste. The treatment of waste generates much higher revenue than disposal.

DAUSON ENVIRONMENTAL GROUP LIMITED

STRATEGIC REPORT

Year ended 30 June 2019

The Welsh Government has reported a recycling rate of 62.8% across Wales for 2018/19. This is a slight reduction from 2017/18 and still on course to achieving the 2025 target of 70%. Wales continues to lead the way in the UK and is well on the way to achieving zero waste to landfill and is the second-best recycling nation in Europe, behind Germany who achieved 66% and the fourth best in the World. (Source Welsh Gov.)

Non-Hazardous Waste Treatment & Disposal industry is expected to handle c200 million tonnes of waste in 2019-20 in the UK. Revenue of £3 billion is expected for this period, and industry revenue is expected to grow 4.7%pa between 2018-20. There is an EU target for the UK to recover at least 70 per cent of this type of waste by 2020. (Source DEFRA)

Waste sent to landfill is decreasing in Wales year-on-year, more than halving since 2001 and is the 2nd best recycling nation in Europe. Increases in landfill tax has and shortage of space forced local authorities to consider alternative waste disposal methods, away from landfill. Rates of recycling versus landfill of waste have been rapidly increasing (Source DEFRA)

Following China's decision in 2017 to stop importing unsorted plastic and paper waste, finding a home for this type of material has become more challenging in 2019. Consequently, waste commodity prices have fallen, a trend that is only likely to continue with China taking a hard stance. The planet's growing heap of waste in general is forecast by the World Bank to grow by 70 percent in 30 years. And, the astonishing growth of plastics production—half of the 7,800 million tons ever produced has been made since 2004, with 40 percent of it disposable—is outpacing almost all other manufactured materials as well as the ability of developing nations to deal with it. In other words, waste is only going to get worse.

Despite this, the global demand for high-quality recycled materials remains crucial for our future and this is unlikely to change moving forward, given the shortage of natural resources that the world demands. But it all comes down to the quality of the material we are recovering and supplying.

Therefore, the external opportunities created for the Dauson Group to succeed continue to be mainly legislative driven and with limited threats from competition because of its location and extensive facilities at the Ecopark, are well placed to capture a larger market share providing it can maintain financial stability and continue to invest in the latest technology to ensure efficient recycling producing quality product is maintained.

Political Donations

The group made the following political donations in the year:

- Vaughan Gethin - £80,000
- Peoples Vote Wales - £20,000
- Campaigns for Wales - £20,000

DAUSON ENVIRONMENTAL GROUP LIMITED

STRATEGIC REPORT

Year ended 30 June 2019

DAUSON ENVIRONMENTAL GROUP LIMITED

DIRECTORS' REPORT

Year ended 30 June 2019

The directors present their report and the financial statements of the group for the year ended 30 June 2019.

Directors

The directors who served the company during the year were as follows:

Mr D J Neal
Mr M A Kenney

Dividends

The directors do not recommend the payment of a dividend.

Directors' responsibilities statement

The directors are responsible for preparing the strategic report, directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and the company and the profit or loss of the group for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Auditor

Each of the persons who is a director at the date of approval of this report confirms that:

- so far as they are aware, there is no relevant audit information of which the group and the company's auditor is unaware; and
- they have taken all steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the group and the company's auditor is aware of that information.

This report was approved by the board of directors on19/12/19..... and signed on behalf of the board by:

Mr D J Neal
Director

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF DAUSON ENVIRONMENTAL GROUP LIMITED

Year ended 30 June 2019

Opinion

We have audited the financial statements of Dauson Environmental Group Limited (the 'parent company') and its subsidiaries (the 'group') for the year ended 30 June 2019 which comprise the consolidated profit and loss account, consolidated balance sheet, balance sheet, consolidated statement of changes in equity, company statement of changes in equity, consolidated cash flow statement and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the group's and of the parent company's affairs as at 30 June 2019 and of the group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the group's or the parent company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF DAUSON ENVIRONMENTAL GROUP LIMITED *(continued)*

Year ended 30 June 2019

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF DAUSON ENVIRONMENTAL GROUP LIMITED *(continued)*

Year ended 30 June 2019

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs (UK), we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the group's or the parent company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the group or the parent company to cease to continue as a going concern.

**KILSBY
WILLIAMS**
Chartered Accountants

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF DAUSON
ENVIRONMENTAL GROUP LIMITED** *(continued)*

Year ended 30 June 2019

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Use of our report

This report is made solely to the company's members, as a body, in accordance with chapter 3 of part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

DAUSON ENVIRONMENTAL GROUP LIMITED

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2019

1. GENERAL INFORMATION

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is Atlantic Ecopark, Newton Road, Rumney, Cardiff, CF3 2EJ.

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

3. ACCOUNTING POLICIES

Basis of preparation

The financial statements have been prepared on the going concern basis under the historical cost convention, as modified by the revaluation of certain financial assets and liabilities.

Disclosure exemptions

The parent company satisfies the criteria of being a qualifying entity as defined in FRS 102. As such, advantage has been taken of the following reduced disclosures available under FRS 102:

- (a) Disclosures in respect of each class of share capital have not been presented.
- (b) No cash flow statement has been presented for the company.
- (c) Disclosures in respect of financial instruments have not been presented.
- (d) No disclosure has been given for the aggregate remuneration of key management personnel.

Consolidation

The financial statements consolidate the financial statements of the Group and all of its subsidiary undertakings.

The parent company has applied the exemption contained in section 408 of the Companies Act 2006 and has not included its individual statement of comprehensive income.

All subsidiary undertakings are included using the acquisition method of accounting. Under this method the group profit and loss accounts and statement of cashflows include the results and cashflows of subsidiaries from the date of acquisition and to the date of sale outside the group in the case of disposals of subsidiaries.

In the group financial statements, associates are accounted for using the equity method.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

DAUSON ENVIRONMENTAL GROUP LIMITED

NOTES TO THE FINANCIAL STATEMENTS *(continued)*

Year ended 30 June 2019

3. ACCOUNTING POLICIES *(continued)*

Judgements and key sources of estimation uncertainty *(continued)*

Key sources of estimation uncertainty

Accounting estimates and assumptions are made concerning the future and, by their nature, will rarely equal the related actual outcome. The key assumptions and other sources of estimation uncertainty that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are as follows:

Provisions

Provisions are included against bad debts. These provisions require management's best estimate of the costs that will be incurred based on contractual agreements, historical experience and current knowledge of the trading difficulties of customers.

Useful economic life of tangible fixed assets

The annual depreciation charge for tangible assets is sensitive to changes in the estimated useful economic lives and residual values of the assets. The useful economic lives and residual values are re-assessed annually. They are amended when necessary to reflect current estimates, based on technological advancement, future investments, economic utilisation and the physical condition of the assets.

Turnover

Turnover is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of discounts and Value Added Tax.

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer (usually on despatch of the goods); the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity; and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

Revenue from the rendering of services is measured by reference to the stage of completion of the service transaction at the end of the reporting period provided that the outcome can be reliably estimated. When the outcome cannot be reliably estimated, revenue is recognised only to the extent that expenses recognised are recoverable.

Exceptional items

Exceptional items are disclosed separately in the financial statements in order to provide further understanding of the financial performance of the entity. They are material items of income or expense that have been shown separately because of their nature or amount.

Taxation

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, tax is recognised in other comprehensive income or directly in equity, respectively.

Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

DAUSON ENVIRONMENTAL GROUP LIMITED

NOTES TO THE FINANCIAL STATEMENTS *(continued)*

Year ended 30 June 2019

3. ACCOUNTING POLICIES *(continued)*

Taxation *(continued)*

Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

Goodwill

Goodwill arises on business acquisitions and represents the excess of the cost of the acquisition over the company's interest in the net amount of the identifiable assets, liabilities and contingent liabilities of the acquired business.

Goodwill is measured at cost less accumulated amortisation and accumulated impairment losses. It is amortised on a straight-line basis over its useful life. Where a reliable estimate of the useful life of goodwill or intangible assets cannot be made, the life is presumed not to exceed ten years.

Amortisation

Amortisation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful life of that asset as follows:

Goodwill	- 20% straight line
----------	---------------------

If there is an indication that there has been a significant change in amortisation rate, useful life or residual value of an intangible asset, the amortisation is revised prospectively to reflect the new estimates.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other comprehensive income and accumulated in equity, except to the extent it reverses a revaluation decrease of the same asset previously recognised in profit or loss. A decrease in the carrying amount of an asset as a result of revaluation, is recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in equity in respect of that asset. Where a revaluation decrease exceeds the accumulated revaluation gains accumulated in equity in respect of that asset, the excess shall be recognised in profit or loss.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Freehold property	- 12.5% on cost
Plant & machinery	- 12.5% - 50% on cost
Fixtures & fittings	- 12.5% - 33% on cost
	- 12.5% - 50% on cost
Haulage vehicles	- 25% on cost
Other tangibles	- 12.5% - 20% on cost

DAUSON ENVIRONMENTAL GROUP LIMITED

NOTES TO THE FINANCIAL STATEMENTS *(continued)*

Year ended 30 June 2019

3. ACCOUNTING POLICIES *(continued)*

Investments

Fixed asset investments are initially recorded at cost, and subsequently stated at cost less any accumulated impairment losses.

Listed investments are measured at fair value with changes in fair value being recognised in profit or loss.

Investments in associates

Investments in associates accounted for in accordance with the fair value model are initially recorded at the transaction price. At each reporting date, the investments are measured at fair value, with changes in fair value recognised in other comprehensive income/profit or loss. Where it is impracticable to measure fair value reliably without undue cost or effort, the cost model will be adopted.

Stocks

Stocks are work in progress and valued at the lower of cost and net realisable value., after making allowance for obsolete and slow moving items.

Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads.

Finance leases and hire purchase contracts

Assets held under finance leases and hire purchase contracts are recognised in the balance sheet as assets and liabilities at the lower of the fair value of the assets and the present value of the minimum lease payments, which is determined at the inception of the lease term. Any initial direct costs of the lease are added to the amount recognised as an asset.

Lease payments are apportioned between the finance charges and reduction of the outstanding lease liability using the effective interest method. Finance charges are allocated to each period so as to produce a constant rate of interest on the remaining balance of the liability.

Construction contracts

Where the outcome of construction contracts can be reliably estimated, contract revenue and contract costs are recognised by reference to the stage of completion of the contract activity as at the period end.

Where the outcome of construction contracts cannot be estimated reliably, revenue is recognised to the extent of contract costs incurred that it is probable will be recoverable, and contract costs are recognised as an expense in the period in which they are incurred.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is expensed immediately, with a corresponding provision for an onerous contract being recognised.

Where the collectability of an amount already recognised as contract revenue is no longer probable, the uncollectible amount is expensed rather than recognised as an adjustment to the amount of contract revenue.

DAUSON ENVIRONMENTAL GROUP LIMITED

NOTES TO THE FINANCIAL STATEMENTS *(continued)*

Year ended 30 June 2019

3. ACCOUNTING POLICIES *(continued)*

Construction contracts *(continued)*

The entity uses the percentage of completion method to determine the amounts to be recognised in the period. The stage of completion is measured by reference to the contract costs incurred up to the end of the reporting period as a percentage of total estimated costs for each contract. Costs incurred for work performed to date do not include costs relating to future activity, such as for materials or prepayments.

Provisions

Provisions are recognised when the entity has an obligation at the reporting date as a result of a past event, it is probable that the entity will be required to transfer economic benefits in settlement and the amount of the obligation can be estimated reliably. Provisions are recognised as a liability in the balance sheet and the amount of the provision as an expense.

Provisions are initially measured at the best estimate of the amount required to settle the obligation at the reporting date and subsequently reviewed at each reporting date and adjusted to reflect the current best estimate of the amount that would be required to settle the obligation. Any adjustments to the amounts previously recognised are recognised in profit or loss unless the provision was originally recognised as part of the cost of an asset. When a provision is measured at the present value of the amount expected to be required to settle the obligation, the unwinding of the discount is recognised as a finance cost in profit or loss in the period it arises.

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in future payments or a cash refund.

When contributions are not expected to be settled wholly within 12 months of the end of the reporting date in which the employees render the related service, the liability is measured on a discounted present value basis. The unwinding of the discount is recognised as a finance cost in profit or loss in the period in which it arises.

4. TURNOVER

Turnover arises from:

	2019 £	2018 £
Sale of goods	3,272,484	3,532,151
Rendering of services	29,488,002	22,284,132
	<u>32,760,486</u>	<u>25,816,283</u>

The whole of the turnover is attributable to the principal activity of the group wholly undertaken in the United Kingdom.
