Appendix 2

Assets Realisation and Progression

1. Background

The Official Receiver ('OR') was appointed liquidator of the Company on 30 May 2018.

Blair C Nimmo and David J Standish were subsequently appointed as Joint Liquidators on 7 January 2019, replacing the OR.

Please note that the contact details for your primary case contacts may have changed. Please check the insolvency portal at https://www.ia-insolv.com/case+INTERPATH+UJ204F4150.html for the latest contact details.

2. Asset realised to date

As outlined previously, we have received the credit balance held in the OR's liquidation bank account. At the date of appointment, the balance of the OR's account was £20,760.79.

From the date of our appointment, we have repatriated funds from the Company's pre-appointment bank account, totalling £111,943.81. This relates to loan repayments made by the Company's debtors, in relation to unsecured and secured loan agreements.

During the period, there have been no asset realisations, other than Bank interest of £1,789.

3. Progress report on the realisation of the remaining assets

3.1 Joint Liquidators' Loan Book strategy and legal advice

The Company's loan book comprises various secured and unsecured loans to individuals. TLT Solicitors ('TLT') were appointed by the OR to review and provide advice in respect of these loans.

TLT were retained by the Joint Liquidators to assist with their investigations into the loan book and subsequent options and / or strategy to realise the loan book.

The Joint Liquidators liaised closely with TLT and consulted with the Financial Conduct Authority ('FCA') in respect of various issues inherent with the Company's loan books (which are detailed in our previous progress report) and a strategy for pursuing the remaining balances was agreed.

3.1.1 Secured Loan Book

The secured loan book comprises 9 loans originally provided by Firmus Secured Loans Limited ('Firmus'), secured against individual borrowers' own residential properties. These loans were transferred to the Company by Firmus in 2015.

The securities associated with these loans, however, were not assigned in favour of the Company at the time the corresponding loans were transferred. Consequently, the securities remained registered with the Land Registry in favour of Firmus, rather than the Company. As a result, neither the Company nor Joint Liquidators were able to discharge or otherwise deal with these securities. Matters were further complicated by the fact that Firmus was dissolved on 14 June 2018, following a liquidation process.

We have had extensive consultation with TLT and the FCA to understand the best course of action to rectify the Company's title over the security attached to i) properties in England & Wales; and ii) properties in Scotland.

As previously reported, following preparatory work and a detailed application to the Land Registry, we have been successful in achieving a transfer of the security instruments securing loans made in England & Wales. We have therefore written to individual borrowers situated in England & Wales with a view to agreeing the settlement of loan balances (and discharge of associated security).

It was established that our only possible course of action in respect of properties in Scotland is via an application to the Court to obtain a Court order for the Joint Liquidators to manage the securities. However, the outstanding balance of debt due under each of the Scottish loans is not of sufficient value to justify the Joint Liquidators making such an application.

We have therefore reached out to the individual borrowers situated in Scotland to advise that we consider there to be no further sums due and that we are unfortunately not in a position to deal with the discharge of their security.

3.1.2 Unsecured Loan Book

Following legal advice, it was not deemed appropriate or economical to continue pursuing the unsecured loan book and all remaining amounts have been written off.

3.2 Cash at Bank

In relation to any post appointment borrower repayments, we will continue to arrange periodic transfers of any credits into the Company's pre-appointment bank account to the liquidation bank account.

Analysis of Liquidators' time costs

The Joint Liquidators' remuneration was fixed by reference to the time properly spent attending to matters arising in the liquidation, subject to our fee estimate of £175,033.

As detailed in Appendix 2, the work undertaken during the recent accounting period of the liquidation has focused on investigating / progressing matters with the loan books and attending to the statutory matters arising in the liquidation.

I consider the basis of my remuneration and the estimate to be appropriate at this time. Our time costs to date exceed the approved fee estimate. However, the Joint Liquidators do not consider it necessary to update the fee estimate, as the time costs to be recovered shall not exceed those outlined in the fee estimate.

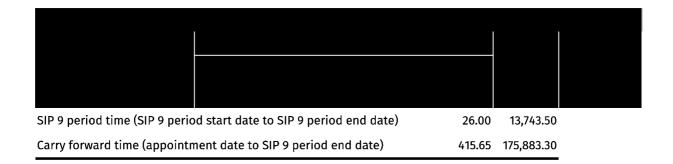

For reference, please find below a copy of the fee estimate provided to creditors ahead of the decision which approved it on on 7 March 2019.
