1 Accounting Policies

Basis of measurement and preparation of accounts

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

The turnover shown in the profit and loss account represents revenue recognised by the company in respect of goods and services during the period, exclusive of VAT and trade discounts. The figures used are estimates due to computer problems in record keeping

Intangible assets amortisation policy

Intangible fixed assets (including purchased goodwill and patents) are amortised at rates calculated to write off the assets on a straight basis over their estimated useful economic lives, not to exceed twenty years. Impairment of intangible assets is only reviewed where circumstances indicate that the carrying of an asset may not be fully recoverable.
