TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) FOR THE YEAR ENDED 31 MARCH 2019

The trustees present their report and financial statements for the year ended 31 March 2019.

The accounts have been prepared in accordance with the accounting policies set out in note 1 to the accounts and comply with the charity's Memorandum of Association, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (as amended for accounting periods commencing from 1 January 2016).

Objectives and activities

Preston Bethany Care operates Bethany House. Bethany House is a comprehensively equipped residential care home for the elderly, managed by Preston Bethany Care. It is the objective of Bethany House to provide care to all residents to a standard of excellence which embraces fundamental principles of Good Care Practice, and that this may be witnessed and evaluated through the practice, conduct and control of quality care in the home.

Bethany House is a Christian Home that upholds the principles outlined in the Statement of Faith of the Evangelical Alliance. Respect and assistance are given to enable each resident to follow their faith in the home and to encourage participation in the local church of their particular denomination.

PBC's objective is that residents shall live in a clean, comfortable and safe environment, and be treated with respect and sensitivity to their individual needs and abilities. Staff will be responsive to the individual needs of residents and will provide the appropriate degree of care to assure the highest possible quality of life within the home.

To meet these client needs the care service within the home is designed to achieve the following objectives:

To deliver a service of the highest quality that will improve and sustain the resident's overall quality of life. In this respect the care service is designed to meet the present and future requirements of the appropriate inspectorates, in a people-oriented fashion.

To ensure that the care service is delivered flexibly, attentively and in a non-discriminatory fashion while respecting each resident's right to independence, privacy, dignity, fulfilment, and the rights to make informed choices and to take risks.

To ensure that each resident's needs and values are respected in matters of religion, culture, race or ethnic origin, sexuality and sexual orientation, political affiliation, marital status, parenthood and disabilities or impairments.

To ensure that the care service in whole is delivered in accordance with agreed Contracts for Care and the individual personal care plan.

To manage and implement a formal programme of staff planning, selection, recruitment, training and personal development to enable resident's care needs to be met. The directors continually aim to provide PBC staff with competitive salaries, suitably planned and managed rotas within a pleasant working environment.

To manage the care service efficiently and effectively to make best use of resources and to maximise value for money for the residents.

To ensure that all residents receive written information on the home's procedure for handling complaints, comments and compliments, and how to use it.

PRESTON BETHANY CARE

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2019

Fundamental Ethos of PBC

It is a fundamental ethos that those residents who live in Bethany House should be able to do so in accordance with the home's Statement of Values set out below.

CORE VALUES OF CARE		
PRIVACY	DIGNITY	RIGHTS
INDEPENDENCE	CHOICE	FULFILMENT
SECURITY	RESPECT	EQUALITY

Bethany House aims to provide its residents with a secure, relaxed, and homely environment in which their care, well-being and comfort is of prime importance.

Carers will strive to preserve and maintain the dignity, individuality and privacy of all residents within a warm and caring atmosphere, and in so doing will be sensitive to the residents' ever changing needs. Such needs may be medical / therapeutic (for physical and mental welfare), cultural, psychological, spiritual, emotional and social, and residents are encouraged to participate in the development of their individualised care plans in which the involvement of family and friends may be appropriate and is greatly valued.

This will be achieved through programmes of activities designed to encourage mental alertness, self-esteem, and social interaction with other residents and with recognition of the core values of care, which are fundamental to the philosophy of Bethany House.

All care staff within the home will be appropriately qualified to deliver the highest standards of care. A continuous staff-training programme is implemented to ensure that these high standards are maintained in line with the latest initiatives and developments in care practices as may be laid down in appropriate legislation.

On Going Annual objectives (over and above the specific annual objectives)

Ensure that PBC maintains its dedication to the provision of the finest care for its residents. This will be achieved through the integration of efficient administrative practices with first class standards of care in accordance with the requirements for registration with the Care Quality Commission and appropriate supplementary regulations.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

Public Benefit

The charity trustees have complied with their duty to have regard to the guidance on public benefit as published by the Charity Commission in exercising their powers or duties.

It should also be pointed out that the costs of building Bethany House were largely met by gifts received by Preston Bethany Trust (so incurring no repayment or interest costs), and since that time Bethany House has been managed by trustees on a voluntary basis. This means that all residents receive a significant benefit because the costs of running Bethany House are effectively subsidised by the very fact that it has always been owned and managed by a charitable organisation. Of course the level of this effective subsidy is not measurable.

PRESTON BETHANY CARE

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2019

Bethany House has no set proportion of the number of publicly funded residents compared to the number of privately funded residents, in accordance with the current objectives of Preston Bethany Care to provide accommodation "according to their means" and it has always been our policy to accept entrants whose relatives cannot afford our small "Top up" fees. Because the top up fees contribute a small proportion of the total income, the trustees have not found it necessary to set aside funds to "subsidise" residents whose relatives are unable or unwilling to pay the top up fees. Thus the ability to pay is not a consideration of acceptance of new residents into Bethany House.

Operational Performance of Bethany House

Bethany House has the capacity to care for 26 residents and during the year under review PBC have maintained a high level of occupancy. There is a constant stream of visitors and officials visiting the home, bringing with them much variety. The home is managed by a general manager together with newly appointed care managers and administrative support.

Developments

Year on year, financial stability has enabled PBC to continually upgrade the existing accommodation and to generally improve the environment of the Bethany House.

Achievements and performance

PBC achieved its 2018/19 objectives of:

Pastoral Care for residents, staff and the community has been developed by a pastoral team visiting Bethany House on a weekly basis, and having involvement in the Ascension Centre activities.

The trustees continue to visit various Churches and have appointed new trustees.

The physical environment of Bethany House has been improved and maintained.

The objectives were achieved by maintaining the high level of occupancy, thus maintaining the income stream.

Financial review

The accompanying accounts show net income for the year of £79,546. This surplus has been achieved through the high occupancy levels maintained during the year.

The attached accounts show the current state of the finances which the trustees consider to be sound. The trustees are satisfied that the assets of the charity are available and adequate to fulfil the obligations of the Charity. They are also satisfied that the accounts comply with current statutory requirements and with the Trust Deed.

Reserves policy

In accordance with guidelines issued by the Charity Commission the level of reserves is considered and reviewed at regular intervals by the trustees. The trustees have adopted a policy whereby the unrestricted funds not committed or invested in tangible fixed assets held by the charity, should be broadly equivalent to six months of expenditure, which for the current year would equate to £335,217. The free reserves are £784,204 (note 14).

The need to obtain reasonable levels of reserves is considered important in the opinion of the board, not only in case of a significant drop in funding but also for potential future plans for the next phase of the charity's development. Furthermore, there are anticipated increases in labour costs as a result of Pensions Auto Enrolment and other suggested government changes. Overall, the combined effects of these changes are estimated to be around 7-8% of current wages costs in the accounts.

PRESTON BETHANY CARE

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2019

Under the Trust Deed, the charity has the power to invest any surplus liquid funds as the trustees see fit. The charity has had a policy of keeping such funds in short and medium term deposits which allows the charity to access some of the funds rapidly.

Risk Review

The trustees have conducted a review of the major risks to which the charity is exposed. Specific risks, and the appropriate systems and procedures to mitigate these risks, are as follows:-

Closure of the home due to fire or other damage - the insurance policy covers loss of income due to foreseeable risks.

Closure of the home by external bodies - the home is currently registered with the Care Quality Commission which is reviewed annually.

The last CQC inspection took place in October 2019. The home was awarded the rating of "GOOD" in all 5 key lines of enquiry, resulting in an overall rating of "GOOD".

The home is contracted with Lancashire County Council to provide residential care for elderly residents. The home renewed the Investors in People Standard for a further three years in March 2017. It also achieved ISO 9001 certification in January 2017. This certification lasts for three years. These items identify some measure of the quality of the home.

Loss of computer held data - computer data is backed up constantly using the Carbonite online backup service. This encrypted cloud storage allows password protected access to files from any browser, enabling them to be recovered.

Loss of income due to falling occupancy - the trust monitors occupancy levels (generally in excess of 95%) in planning budgets, staffing levels and future developments. Everyone strives to ensure that the best care possible is delivered.

Objectives for 2019/20:

To fulfil the aims and objectives in the statement of purpose and to consolidate on developments in the preceding year and to maintain business stability.

Continue to Strengthen the board of directors of the charity to establish a team of individuals who will consolidate our current position and develop vision and strategy.

To continue to raise the profile of the charity in the Christian community and develop links with local churches.

Continue the improvements to the physical environment of Bethany House.

To strengthen the Christian profile of the organisation and further develop pastoral care and seek to increase the team.

On 1st April 2011 the assets and responsibility for management of Bethany House was transferred from Preston Bethany Trust to Preston Bethany Care, and subsequently Preston Bethany Trust was removed from the Charity Commission register of charities.

Organisational Structure and Management

The Trustees of the Company (6-9 trustees) act as the management committee of Bethany House. They meet at least four times per year and at each meeting receive reports from the Manager, Treasurer (financial report) and Home Inspection report. Any other managerial and planning issues are also dealt with. The Manager's report and Treasurer's report are circulated prior to the meeting. The Manager is also invited to attend these meetings on a non-voting basis.

The day to day affairs of Bethany House are dealt with by the Manager, with input from the Chairman, or Treasurer as appropriate. Staff are appointed by the Manager, with input by Trustees where appropriate, and are employed to cater for the material needs of the residents. A large number of volunteers from many churches in and around Preston assist in catering for the spiritual needs of the residents.

Staff training carries a high priority, and all staff are encouraged to take NVQ courses at an appropriate level. Protocols are in place dealing with protection of vulnerable adults, handling of complaints by residents or their representatives, staff discipline, financial controls within the home, Health and Safety issues etc. Many of these are requirements of registration with the appropriate external bodies. All staff are subjected to a DBS check before commencing employment.

The trustees' report was approved by the Board of Trustees.

1 Accounting policies

Charity information

Preston Bethany Care is a private company limited by guarantee incorporated in England and Wales. The registered office is Bethany House, Gamull Lane, Preston, Lancashire, PR2 6TQ.

1.1 Accounting convention

The accounts have been prepared in accordance with the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (as amended for accounting periods commencing from 1 January 2016).

The charity is a Public Benefit Entity as defined by FRS 102.

The accounts are prepared in Sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.2 Going concern

At the time of approving the financial statements, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Charitable funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of their charitable objectives unless the funds have been designated for other purposes.

Designated funds comprise funds which have been set aside at the discretion of the trustees for specific purposes. The purposes and uses of the designated funds are set out in the notes to the financial statements.

Restricted funds are subject to specific conditions by donors as to how they may be used. At present there are no restricted funds.

1.4 Income

Incoming resources from charitable activities comprise resident fees accounted for in the period to which the service is provided. Fees paid for care after 31 March 2019 are carried forward as deferred income.

Voluntary income received by way of donations is included in incoming resources on a receivable basis.

Legacies are recognised on receipt or otherwise if the charity has been notified of an impending distribution, the amount is known, and receipt is expected. If the amount is not known, the legacy is treated as a contingent asset.

Grants receivable are recognised on a performance basis when all conditions have been fulfilled.

Investment income in the form of bank interest is credited when receivable.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED 31 MARCH 2019

1 Accounting policies

(Continued)

1.5 Expenditure

Expenditure is accounted for on an accruals basis, inclusive of VAT which cannot be recovered.

The expenditure on charitable activities includes the costs of running the home, support and governance costs which have been allocated to the only charitable activity which is the provision of care to residents of Bethany House.

Governance costs comprise all costs including the public accountability of the charity and its compliance with regulation and good practice. These costs include costs related to independent examination and legal fees together with trustee insurance.

1.6 Intangible fixed assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Trade marks	10% Straight line
-------------	-------------------

1.7 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

The trustees do not apply a minimum value on items that will be recognised as fixed assets. The trustees review the fixed assets and the general decor of the home on a quarterly basis and implement a policy of repairs or replacement as necessary in the best interests of the charity.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Leasehold land and buildings	Over the life of the lease
Plant and equipment	15% Straight Line
Fixtures and fittings	20% Reducing Balance
Computers	33.3% Straight Line
Furniture and equipment	20% Reducing Balance

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in net income/(expenditure) for the year.

1.8 Impairment of fixed assets

At each reporting end date, the charity reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

1.9 Cash at bank

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less.
