### CONDUCT OF THE ADMINISTRATION

#### Implementation of the Joint Administrators' proposals

The Joint Administrators' Proposals were to pursue statutory purpose (b), achieving a better financial outcome for the Company's creditors as a whole than would be likely if the Company were to be wound up (without first being in Administration).

It was not possible to achieve statutory purpose (a) because the Company did not have the funds to enable continued trade and funding was not available for other options, therefore statutory purpose (b) was pursued. By entering an Administration process, which provided a moratorium from creditor pressure, the Company was able to effectively market the business and assets of the Company for sale, consider offers and expressions of interest and conclude the sale upon appointment of Joint Administrators by a pre-pack sale. Full details of the sale and the circumstances leading up to the appointment of the Joint Administrators were provided in the Joint Administrators' Proposals and SIP 16 Statement dated 30 September 2021.

The Joint Administrators believe that this objective has been achieved as the pre-pack sale resulted in a better outcome than would have been achieved if the Company has been wound up, enabling a dividend to be made to the secured creditor, and the Prescribed Part to be set aside for unsecured creditors.

#### Realisation of assets

There were no asset realisations during the period of the report

#### Investigations

All investigative matters have previously been reported.

#### Statutory and case management matters

The following work does not usually result in a financial return to creditors but is required by legislation, best practice and to ensure that the case is managed efficiently and effectively. Work done in the period included:

- ongoing case planning and strategy;
- maintaining and updating computerised case management records;
- maintenance of cashiering records and preparation of receipts and payments accounts;

- · general taxation matters, including seeking tax clearance from HMRC;
- preparing, reviewing and issuing a final progress report to creditors and other parties; and
- general administrative matters in relation to closing the case.

The time costs incurred to date in dealing with these matters is set out in the attached analysis of time costs.

#### Receipts and payments

A summary of receipts and payments is attached, together with a trading account. Receipts and payments are shown net of VAT, with any amount due to or from HM Revenue and Customs shown separately.

## **OUTSTANDING MATTERS**

#### **Extension of the Administration**

The Administration was previously extended on 2 September 2022 to 23 September 2023 by the creditors. The Joint Administrators do not consider that a further extension to the period of the Administration will be required.

#### End of the Administration

The Joint Administrators will bring the Administration to a close by Dissolution.

#### Discharge from liability

The Joint Administrators were granted their discharge from liability by the creditors.

## CREDITORS' CLAIMS AND DIVIDEND PROSPECTS

#### Dividend prospects and payment

	Owed	Paid to date	Date paid
	(£'000)	(£'000)	
Secured creditor – Faro Capital Ltd	27,357	17,700	24 September 2021
Preferential creditors – employees	N/A	N/A	N/A
Preferential creditors – HMRC	7	7	21 April 2023
Unsecured creditors	9,159	As below	As below
Estimated Net Property	65	As below	As below
Estimated 'Prescribed Part' available for unsecured creditors	16	16	14 July 2023

#### Prescribed Part

The 'Prescribed Part' is a statutory amount set aside for unsecured creditors from funds ('Net Property') available to a Qualifying Floating Charge Holder ('QFCH'). The Prescribed Part is calculated on a sliding scale up to a maximum of £800,000 depending on when the floating charge was created and whether or not it is a first ranking floating charge.

The amounts available and paid to unsecured creditors under the Net Property and Prescribed Part, if any, are detailed above.

#### Agreement of claims

Creditors' claims are usually only agreed if there is a likelihood of a dividend being made to that particular class of creditor.

As set out above, a dividend was paid to preferential and unsecured creditors via the Prescribed Part. Consequently, during the Administration work was undertaken adjudicating and agreeing the preferential and unsecured creditor claims.

Details of the time spent in relation to this work are set out in the attached time analysis.

#### Dividend payments

Dividends have been paid in accordance with the table above, including amounts paid to the secured creditor(s) in accordance with their charges. No further dividend will be paid in the Administration because the funds realised have already been distributed, used or allocated, for paying the costs and expenses of the Administration.

#### Creditor communication

The following work was done in the period to comply with legislation, best practice and to ensure creditors were kept informed. It was also necessary to enable a dividend to be paid.

- Preparation and issue of a final progress report to various parties, including creditors;
- Maintenance of schedules of preferential and unsecured creditors' claims;
- Dealing with correspondence and telephone calls; and
- Consideration of creditors' claims; acceptance or rejection of claims and complying with the
  legislative obligations in relation to adjudication of creditors' claims generally for voting and
  dividend purposes.

Creditors only derive an indirect financial return from this work on cases where a dividend has been, or will be, paid.

The time incurred in dealing with these matters during the period is set out in the attached post appointment analysis of time costs.

## JOINT ADMINISTRATORS' FEES, COSTS AND EXPENSES

#### Guide to Administrators' fees and expenses

A guide to Administrator's fees, which provides information for creditors in relation to the fees and expenses of an Administrator, can be accessed at <a href="https://rsmuk.ips-docs.com">https://rsmuk.ips-docs.com</a> under 'general information for creditors'. A hard copy can be requested from this office by telephone, email or in writing. All fees, costs and expenses are subject to VAT.

#### Relevant Approving Body

The secured and preferential creditors were the Relevant Approving Body responsible for approving the Joint Administrators' post appointment fee basis and, where applicable, 'Category 2' expenses and any outstanding pre-Administration costs.

#### Post-appointment fees, costs and expenses

#### Basis of fees

The Relevant Approving Body approved the Joint Administrators' fees on a time cost basis limited to the sum of £95,296 plus VAT in accordance with the fee estimate(s) provided to creditors on 20 October 2022. The Joint Administrators were therefore entitled to a total fee of £95,296 plus VAT. Amounts paid are set out in the attached receipts and payments account.

#### Costs to closure

The Joint Administrators anticipate that additional costs to closure of £1,000 will be incurred in discharging the Joint Administrators' statutory duties and general case administration. These costs are included in the Joint Administrators' final reciepts and payments account.

#### Remuneration charged and paid

Legislation requires that 'remuneration charged' is reported. Remuneration is charged when the work to which it relates is done. It does not mean the Joint Administrators' fees have been paid. Amounts paid are shown in the attached receipts and payments account.

During the period, the fees charged by the Joint Administrators, on the basis set out above totalled £12,639. An analysis of time incurred in the period is attached. Time costs incurred since appointment total £102,409. Please note that where fees are based on time costs, remuneration charged was limited to the amount approved.

#### Expenses and professional costs

The total costs and expenses estimated to be incurred by the Joint Administrators are set out below together with details of those incurred in the period. Amounts incurred in the period may

include estimates where actual invoices have not been received. Amounts paid to date are shown in the attached receipts and payments account. The quantum of costs and expenses is in line with the estimates previously provided to creditors.
