## REPORT OF THE DIRECTOR FOR THE YEAR ENDED 31 JULY 2017

The director presents his report with the financial statements of the company for the year ended 31 July 2017.

## PRINCIPAL ACTIVITY

The principal activity of the company in the year under review was that of the provision of immigration advice and representation to individuals and organisations.

## REVIEW OF BUSINESS

Sales turnover in the year to 31 July 2017 was £2.3m compared with £1.6m for the previous year. This growth in revenue continues a year on year trend, reflecting the continued demand for the company's services in the aftermath of the Brexit vote in June 2016. The increased demand in turn has led to an increase in the number of both caseworkers and support staff (49 employees in July 2017 compared to 37 employees in July 2016).

A significant development in the year is the acquisition of a building in Oldham to house the head office of the business. Work was carried out on the building during the accounting year. This, as well as costs attributed to the growth of the company, increased expenditure in the accounts and hence a reduction in the profits of the business for the year.

The company moved into its new head office building in September 2017 and now has the space for further expansion of services and staff to enable the company to achieve its growth objectives. The company has also completely redesigned its website to enable it to offer potential clients a user-friendly introduction to the company and its services and early indications are that the website is now having more visitors.

Additionally, the company has been successful in its bid for the renewal of its legal aid contract with the Legal Aid Board commencing in September 2018. IAS has been awarded new contracts in Newcastle, Bristol and Derby and additional contracts in detention work. This is a significant increase in the company's potential workload and will have an impact on the structure of the business in the coming years. All these factors contribute to a very positive future for IAS.
