**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 SEPTEMBER 2021**

1. GENERAL INFORMATION

Cambridge Scientific Innovations Limited is a private company limited by shares and incorporated in England and Wales. The Company's registered office is Salisbury House, Station Road, Cambridge, CB1 2LA.

The Company's functional and presentational currency is GBP.

2. ACCOUNTING POLICIES

2.1 BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The following principal accounting policies have been applied:

2.2 GOING CONCERN

The directors consider that the cash held at the date of approving these financial statements is sufficient to cover the limited cost commitments expected for the foreseeable future. Therefore, the directors have a reasonable expectation that the company will continue to have adequate resources to continue in operational existence for the foreseeable future, they continue to adopt the going concern basis in the financial statements.

2.3 GOVERNMENT GRANTS

Grants are accounted under the accruals model as permitted by FRS 102. Grants relating to expenditure on tangible fixed assets are credited to profit or loss at the same rate as the depreciation on the assets to which the grant relates. The deferred element of grants is included in creditors as deferred income.

Grants of a revenue nature are recognised in the Profit and Loss Account in the same period as the related expenditure.

2.4 VALUATION OF INVESTMENTS

Investments in subsidiaries are measured at cost less accumulated impairment.

2.5 DEBTORS

Short term debtors are measured at transaction price, less any impairment.

2.6 CASH AND CASH EQUIVALENTS

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 SEPTEMBER 2021

2. ACCOUNTING POLICIES (CONTINUED)

2.7 CREDITORS

Short-term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.8 FINANCIAL INSTRUMENTS

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangement entered into. A financial liability exists where there is a contractual obligation to deliver cash or another financial asset to another entity, or to exchange financial assets or financial liabilities under potentially unfavourable conditions. Shares containing such obligations are classified as financial liabilities. Finance costs and gains or losses relating to financial liabilities are included in the profit or loss account. The carrying amount of the liability is increased by the finance cost and reduced by payments made in respect of that liability. Dividends and distributions relating to equity instruments are debited directly to reserves.

2.9 FINANCE COSTS

Finance costs are charged to profit or loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

2.10 DIVIDENDS

Dividends on shares recognised as liabilities are recognised as expenses and classified within interest payable.

3. EMPLOYEES

The Company has no employees other than the directors. One director received remuneration during the year, consistent with the prior year, this was fully recharged to other group companies.
