In the space provided below, please insert a general account of the company's activities in the financial year to which the report relates, including a description of how they have benefited the community.

GWD Web Solutions CIC is a web development and training organisation set up to help young people not in employment, education or training and other not-for-profit organisations learn the skills to develop websites for themselves and their communities. PART 2 – CONSULTATION WITH STAKEHOLDERS – Please indicate who the company's stakeholders are; how the stakeholders have been consulted, and what action, if any, has the company taken in response to feedback from its consultations? If there has been no consultation, this should be made clear.

Our main stakeholders are the young people we train, either online across the UK or in classroom-based environments in Nottinghamshire. We also work closely with other not-for-profits and local community groups in and around Nottinghamshire.

We have consulted with our 'online' community and a number of local community groups. Each group has significantly impacted our projects' direction, ensuring we only develop new projects against actual needs. Our annual consultation with our online community enables us to set objectives and targets for the year ahead. This online questionnaire asks our beneficiaries to offer feedback on the services they accessed and what they would like going forward.

We got feedback from 98 of our stakeholders in early 2022; this set our focus on areas that our stakeholders showed the most interest in, namely the provision of online-based webinars for more advanced WordPress subjects, such as SEO, eCommerce and eLearning.
