PART 1 - GENERAL DESCRIPTION OF THE COMPANY'S ACTIVITIES AND IMPACT

In the space provided below, please insert a general account of the company's activities in the financial year to which the report relates, including a description of how they have benefited the community.

The Company continues to support deaf and disabled individuals into employment. We are dedicated to providing alternative provision and constantly striving to make lasting change to individuals with disabilities and their communities. We offer early intervention, improved opportunities and provide a lifeline of support for diverse residents in the local community.

The Finding My Future programme has continued to deliver across the area. Providing an opportunity for individuals with a disability and/or health condition to access activities designed to improve confidence, build aspirations, gain work related skills and receive ongoing support to move into and remain in work.

The My Way Forward programme was designed to motivate and develop individuals to grow ambition, build resilience to overcome barriers to enable individuals to move forward with their lives. Through a range of activities, we engaged individuals to allow them to recognise their personal strengths, skills and interests which helped them to navigate their supported journey to employment.

Our specialist Mentors have continued to provide tailored in work support to individuals with disabilities so they can build their work experience and transition into paid work. During this year we have increased our engagement with employers within the local area and have developed regular work placement opportunities. We have supported employers to become disability friendly and provided training and advice to enable them to provide employment opportunities for people with disabilities and then validated them to the Disability Confident Scheme. We have also supported National Organisations and Businesses to become registered with the Disability Confident Scheme and validated them to the appropriate levels.

We have developed our health and wellbeing support within the local community, by offering wellbeing walks, cycling sessions, bowling, conservation projects, gardening projects, community football, healthy eating sessions and positive mental wellbeing support. We identified that following on from Government lockdown restrictions our members mental health and confidence in attending activities had been impacted. We encouraged individuals to re-engage through an increase in outdoor activities and encouraged them to choose a healthier lifestyle.

Access Ability is continuing to develop its team of staff and volunteers who have lived experience of disability which supports the organisations disability led focus.
