**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2021**

1. STATUTORY INFORMATION

The Daventry Estate Company Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets.

Significant judgements and estimates

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed within the individual accounting policies below.

Turnover

Turnover represents rental income from investment properties.

Investment property

Investment property is shown at the most recent valuation. Any aggregate surplus or deficit arising from changes in fair value is recognised in the Statement of Comprehensive Income. The fair value is stated on the basis that the properties are valued on an individual basis, rather than collectively.

Financial instruments

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand and short term deposits with an original maturity date of three months or less.

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the statement of comprehensive income under administrative expenses.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such in the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability.

Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability then this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity.

2. ACCOUNTING POLICIES - continued

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the statement of financial position date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date.

Deferred tax is recognised on fair value gains on investment properties.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Finance leases

Assets held under finance leases are capitalised in the balance sheet. The interest element of these obligations is charged to the statement of comprehensive income over the relevant period. The capital element of future payments is treated as a liability.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was NIL (2020 - NIL).

4. INVESTMENT PROPERTY

At 31 March 2020	<u>6,877,000</u>

NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 31 MARCH 2021

4. INVESTMENT PROPERTY - continued

The investment properties were valued on a fair value basis as at 31 March 2021 in August 2021 by James Ring MRICS an employee of West Northamptonshire Council..

The constitutions of both Daventry District Council and West Northamptonshire Council state that, in the absence of specific alternative objectives, any disposal shall have the objective of securing the best financial return for the council. Consequently any future disposal would be undertaken by means of individual property disposal. Therefore open market value represents fair value for the company.

If the properties were to be sold as one investment portfolio the RICS guidance note 'Valuing Residential Property purpose built for renting' would be followed. On that basis the value of the properties would be £4.27m.

The valuation this year was prepared during the Covid-19 pandemic and the surveyor has issued a caveat in that the valuations are prepared with a material uncertainty in respect of the crisis and that they should be reviewed regularly. The directors consider at the year-end date the valuations are appropriate but acknowledge that subsequently these values may have decreased and will have the properties formally valued again at 31 March 2022.

The investment properties were all held under finance leases. The fair value of these assets is as stated above.

9. DISCLOSURE UNDER SECTION 444(5B) OF THE COMPANIES ACT 2006

The Report of the Auditors was unqualified.

Robyn Favill (Senior Statutory Auditor)
 for and on behalf of DNG Dove Naish LLP, Statutory Auditor

10. RELATED PARTY DISCLOSURES

The company has taken advantage of exemption, under the terms of Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', not to disclose related party transactions with other members of the group.

11. CONTROLLING PARTY

The directors consider that The Daventry Estate Company Limited (TDECL) is a "controlled" company under the terms of the Local Government and Housing Act 1989 and the Local Authorities (Companies) Order 1995. This is because Daventry District Council (DDC) is the sole shareholder of the company. As such DDC has 100% of the voting rights at general meetings and has the sole right to appoint and remove directors.

DDC was subject to a structural change order that saw it become part of West Northamptonshire Council (WNC) from 1 April 2021. At that time WNC became the sole shareholder of the company and acquired the voting rights and right to appoint and remove directors previously held by DDC. The company remains a controlled company.

WNC can be contacted at Lodge Road, Daventry, Northamptonshire, NN11 4FP, or One Angel Square, Northampton, NN1 1ED.
