Notes to the Financial Statements for the Year Ended 31 March 2023

1. STATUTORY INFORMATION

David Barker Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (\pounds) .

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Revenue

Revenue is measured at fair value and represents revenues receivable under contracts net of value added tax. Where contractual obligations have been partially performed at the balance sheet date, revenue is recognised to the extent that the company has obtained the right to consideration through its performance.

Goodwill

Goodwill recognised at acquisition in 2013 is measured at cost less accumulated amortisation and accumulated impairment losses. Goodwill is amortised on a straight-line basis over its useful life, which is estimated to be ten years.

Tangible fixed assets

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over their estimated useful lives as follows:

Plant and machinery - 20% on reducing balance

On disposal, the difference between the net disposal proceeds and the carrying amount of the item sold is recognised in the income statement.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.
