Robin Hood Multi Academy Trust (A Company Limited by Guarantee)

Trustees' report for the year ended 31 August 2020

The trustees present their annual report together with the financial statements and auditor's report of the charitable company for the period 1 September 2019 to 31 August 2020. The annual report serves the purposes of both a trustees' report and a directors' report (incorporating a strategic report) under company law.

The multi academy trust operates four primary schools serving catchment areas in Hall Green, Acocks Green, Erdington and Solihull which are :

- Cedars Academy
- Robin Hood Academy
- Ulverley School
- Yenton Primary

They have a combined pupil capacity of 2010 and had a roll of 1926 in the school census in October 2020.

Structure, Governance and Management

Constitution

The Multi Academy Trust is a company limited by guarantee and an exempt charity. The charitable company's memorandum and articles of association are the primary governing documents of the multi academy trust. The Trustees of Robin Hood Multi Academy are also the directors of the charitable company for the purposes of company law. The charitable company operates as Robin Hood Multi Academy Trust.

Details of the trustees who served during the year and to the date these accounts are approved are included in the Reference and Administrative details on page 1.

Members' liability

Each member of the charitable company undertakes to contribute to the assets of the charitable company in the event of it being wound up while they are a member, or within one year after they cease to be a member, such amount as may be required, not exceeding £10, for the debts and liabilities contracted before they ceased to be a member.

Trustees' indemnities

In accordance with normal commercial practice the multi academy has purchased insurance to protect trustees and officers from claims arising from negligent acts, errors or omissions occurring whilst on multi academy business. Insurance is covered through the RPA scheme.

Method of recruitment and appointment or election of Trustees

Parent trustees are elected by the parents of registered pupils at the multi academy. A parent trustee must be a parent of a pupil at the multi academy at the time when she/he is elected.

**Robin Hood Multi Academy Trust
(A Company Limited by Guarantee)**

Method of recruitment and appointment or election of Trustees (continued)

Community trustees may be appointed by the board of trustees provided that the person who is appointed as a community trustee is:

- a person who lives or works in the community served by the multi academy; or
- a person who, in the opinion of the board of trustees, is committed to the government and success of the multi academy.

Taken from the Articles of Association

APPOINTMENT OF TRUSTEES

50. The Members may appoint by ordinary resolution up to [15] Trustees.

50A. Not used.

50B. The total number of Trustees including the Chief Executive Officer if they so choose to act as Trustee under Article 57 who are employees of the Academy Trust shall not exceed one third of the total number of Trustees.

51. Not used.

52. Not used.

PARENT TRUSTEES

53. In circumstances where the Trustees have not appointed Local Governing Bodies in respect of the Academies as envisaged in Article 100a or if no provision is made for at least 2 Parent Local Governors on each established Local Governing Body pursuant to Article 101A there shall be a minimum of two Parent Trustees and otherwise such number as the Members shall decide who shall be appointed or elected in accordance with Articles 54 - 56.

Policies and Procedures Adopted for the Induction and Training of Trustees

The board of trustees has a service level agreement with the trustee support department of School and Governor Support, Birmingham City Council to provide training, advice and support to the board of trustees.

Newly elected trustees attend induction training for new trustees, and in addition select specific training provided by trustee support in accordance with their needs.

The Board carries out a skills audit each year to ascertain if there are areas that the Board needs upskilling in.

The company secretary is the leader for professional development on the board, and he ensures that trustees are provided with opportunities to receive training in accordance with their role.

Organisational structure

The board of trustees has established committees and appoints trustees to serve on each of the committees annually. The committees for the period of the report were:

- Finance and HR committee including safeguarding and premises issues
- Standards committee (including attendance)
- Pay committee
- Audit committee

The written terms of reference of the committees include the monitoring of the preparation and management of the multi academy's budget and implementation of the multi academy's financial management policies, including risk assessment.

**Robin Hood Multi Academy Trust
(A Company Limited by Guarantee)**

Trustees' report for the year ended 31 August 2020 (continued)

The board of trustees also appoints a responsible officer and this role has been fully implemented in accordance with the multi academy trust's financial procedures.

The written terms of reference of the committees include the monitoring of the preparation and management of the multi academy's budget and implementation of the multi academy's financial management policies, including risk assessment.

The board of trustees also appoints a responsible officer and this role has been fully implemented in accordance with the multi academy trust's financial procedures.

During the Coronavirus pandemic Trustees and Board of Members meetings were moved to on an online format along with the following measures:

- A weekly update was shared with all Trustees, Members and Chairs of Governors during the first lockdown and up until July 2020 - information contained within the update consisted of attendance figures, H&S updates, safeguarding, home learning and emergency policy updates enacted to help deal with the virus.
- Staff voice and well being was reported back on a regular basis with regards to Coronavirus impact.
- Risk assessments and systems designed to safeguard against transmission and infection of Coronavirus were shared with the Board, quality assured and approved remotely.
- Impact of the Trust work and the national strategy for sharing The Learning Projects (<https://www.robinhoodmat.co.uk/learning-projects/>) was reported back on a fortnightly basis.
- A weekly MAT newsletter was shared with all Trustees and all stakeholders across the MAT.

It is important to note that during the transition from face to face Trustee meetings to online, and the development of the underpinning systems, two Trustee meetings were cancelled (April 2020 and May 2020). During these times there was regular contact with the Chair of the Trust and all Trustees received the weekly update document.

Arrangements for setting pay and remuneration of key management personnel

Appraisals ensure that staff are held to account and that successful outcomes result in a pay increase where staff members are not at the top of their grade. Head Teachers of the schools have their performance management carried out by the CEO and the CEO has his performance management carried out by an external consultant who reports back to the MAT Pay Committee. The MAT has also developed its own Executive Pay Policy that sets out the framework for annual pay determination for a variety of MAT leadership roles. The board of trustees will consider the following criteria within the setting of executive salaries:

- Academic performance
- Educational challenge
- Financial performance
- Broader factors that indicate the degree of challenge in their role
- Experience of the individual
- Cost of total remuneration package

The Trust has continued with its informal policy of not entering into any related party transactions. Therefore there were no related party transactions in 2019/20.

Objectives and activities

Objects and aims

The strategic goal of Robin Hood Multi Academy Trust is to provide a broad and balanced curriculum to all pupils in accordance with the funding agreement between the multi academy trust and the Department for Education.

Objectives, strategies and activities

The main objectives for the year are:

- To provide an enhanced Central Team support function
- To build the capacity for growth within the trust.
- To further develop the consistency of approach across the trust.
- To create a culture of innovation within all MAT schools.

The strategies adopted for achieving these objectives are:

- Revision of the MAT Growth Plan.
- The planned recruitment of a School Improvement Lead and an Estates Manager.
- Forging close links with the DFE to ensure accurate evaluation of trust capacity.
- External and peer reviews of each school (reported back to the Executive Board).
- Significant activities linked to the trust's charitable activities, and how they further its aims, have been:
 - Supporting school to school improvement through BEP
 - Continuing to play a role in the Birmingham CEO group.
 - Carrying out MAT reviews of partner trusts to share and evaluate best practice.
 - Engaged with promoting the trust nationally.
- The challenges of coronavirus on the above objectives have both hindered and increased certain opportunities. One of the challenges was maintaining relationships and strong communications with the trustees and different governing bodies. One of our strengths has been the commitment of

Robin Hood Multi Academy Trust (A Company Limited by Guarantee)

these volunteers and their willingness to be involved in school life. The approach has had to change with virtual contact only although their support is unwavering.

- **Public benefit**

- In setting our objectives and planning our activities, the board of trustees has given careful consideration to the general guidance on public benefit published by the Charity Commission on their website at www.gov.uk/running-charity/managing-charity in exercising their powers or duties.
- Robin Hood Multi Academy Trust is an equal opportunity employer, and strives to give full and fair consideration to all applicants for employment, training and promotions, irrespective of disability, gender, race, colour or sexual orientation.

- **Strategic Report**

- **Achievements and Performance**

The academic year 19/20 proved to be both one of the most challenging academic years on record due to the Covid-19 pandemic and yet one of the most rewarding for not only the Trust but for each of our schools.

How the Trust and schools adapted to Covid-19

In order to facilitate the smooth and effective running of the Trust including all schools the following systems and processes were established:

- MAT SLT meetings (which all MAT leaders and HTs attend) were moved to Zoom and occurred at least twice a week at the height of the first lockdown and in many cases more frequently dependent on need.
- The MAT purchased outdoor sanitising stations for every school to ensure the highest standards of cleanliness were maintained upon entry to all sites.
- Risk assessments were created for each school along with risk assessments for 'at risk' staff - these were quality assured and benchmarked by the Trust to ensure high expectations were in place and the risk minimised.
- A well being portal was launched for staff across the Trust.
- Surveys were issued to every family in the Trust to ascertain their level of internet and IT capability. Following this the Trust purchased 35 dongles and sim cards for families to access along with a combined total of 300 ChromeBooks which were distributed across the Trust to support and aid home learning.
- A MAT wide home learning approach was developed - this was shared nationally with Local Authorities, Trusts and schools across the country. This saw at least 300 schools make use of Robin Hood Multi Academy Trust materials.
- IRIS video technology was purchased to allow for the Trust home learning strategy to be fully implemented.
- A MAT well being approach for children was established and launched in all schools.
- The Trust (through the collaborative work of all the schools) built a new curriculum in the summer term to directly address: Covid-19, climate change and race equality.
- A recovery curriculum was developed in conjunction with all schools.
- £3000 was invested in enhanced Google support and training for all staff across the Trust.
- A new MAT Google Drive was created to support collaboration.

As a result of the pandemic there were no national tests and as such there is no assessment data to share within the report.

Development and Growth of the Trust

Summary of developments: The Trust placed a large emphasis on the development of the MAT Central Team function for the start of the academic year 20/21. As a result of this, the following key actions were taken:

- Business Managers across the Trust have been set to be centrally contracted to the MAT from September 2020.
- A School Improvement Lead was recruited for the Trust and will begin in September 2020.
- An Estates Manager with an emphasis on Health and Safety was recruited for the Trust and will begin in September 2020.
- A new HT was recruited for Cedars Academy and will begin in September 2020.

**Robin Hood Multi Academy Trust
(A Company Limited by Guarantee)**

Trustees' report for the year ended 31 August 2020 (continued)

- A new Asset Management System was implemented
- A new MAT IT and Premises helpdesk software including reporting module was implemented
- The MAT contracts register refines.
- An Online Single Central Record for schools with MAT overview was purchased.
- Finance - all schools have moved to BACS payments

Innovation Across Schools and the Trust

Summary of developments: The Trust placed a large emphasis on innovation during the national lockdown and as such focused specifically on:

- Building a home learning strategy that has a two strategic approach which leads to enhanced learning across the Trust through innovative systems and approaches which move teaching and learning forward long after the pandemic ends. You can view the approach [HERE](#).
- Video technology and systems to enhance this approach were placed at the forefront of developments.
- The MAT wide curriculum has been built and implemented.
- A flat, non-hierarchical working party was formed across the Trust which consisted of 40 staff helping to drive innovation in teaching and learning at a time of crisis in the pandemic - this group were named #C2i (Call To Innovate).

Impact:

- Consistency of approach across the Trust was enhanced.
- Collaboration across all schools within the MAT solidified and increased.
- A range of staff were identified as future leaders through the #C2i approach.
- The reputation of the Trust was enhanced and a national profile was created.
- In excess of 300 schools nationally and a range of international schools made use of phase 1 of home learning (The Learning Projects) created by the MAT.

Key Performance Indicators

As a result of the pandemic there were no national tests and as such there is no assessment data to share within the report.

Schools within the MAT currently have the following OFSTED judgements:

Cedars Academy: GOOD
Robin Hood Academy: GOOD
Ulverley School: GOOD
Yenton Primary: GOOD

Quality of teaching and learning across the Trust

Cedars Academy	94%	6%
Robin Hood Academy	90%	10%
Ulverley School	70%	30%
Yenton Primary	90%	10%

*Please note that where further development is required, extensive support packages have been implemented through a range of approaches.

Attendance data has been taken from the 1st September 2019 to the 1st March 2020 due to the pandemic and the first national lockdown. This date, as such is compared like for like with the same period the year before.

Going concern

After making appropriate enquiries, the board of trustees has a reasonable expectation that the multi academy trust has adequate resources to continue in operational existence for the foreseeable future. For this reason it continues to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the Statement of Accounting Policies.

Financial Review

The financial results of Robin Hood Multi Academy Trust are detailed in the following pages. It is considered that the finances are sound and well established. The principal financial management policies adopted are laid down by the Finance Handbook for Academies published by the ESFA and requirements as laid down by the Multi Academy's Financial Handbook.

The principal funding source is grant income from the ESFA. All expenditure of this grant income is planned to fulfil the objectives and strategies of the multi academy.

During the year ended 31 August 2020 total resources expended were £9,866,022 and the surplus of income over expenditure was £12,075,150 which included depreciation of £484,235.

**Robin Hood Multi Academy Trust
(A Company Limited by Guarantee)**

Trustees' report for the year ended 31 August 2020 (continued)

Reserves Policy

The trustees continually monitor the reserves of the charitable company. This process encompasses the nature of income and expenditure streams and the need to match commitments with income and nature of reserves.

It is the board of trustees' general policy to continue to build reserves which can be used for future educational purposes.

The multi academy had total funds at 31 August 2020 of £16,915,071 which included £687,983 restricted funds not available for general purposes of the multi academy trust, £1,950,006 of free reserves defined as unrestricted funds available for general purposes and £22,977,082 which can only be realised by the disposal of tangible fixed assets.

During the pandemic, the Trustees agreed to fund any H&S requirements that schools would need to meet the requirements of the risk assessments and ensure they are Covid secure. They also wanted every family to have the technology to meet the home learning requirements. Schools were given authorisation to use their reserves, if necessary, to purchase these and will continue to do so as required.

The balance on restricted general funds (excluding pension reserve) plus the balance on unrestricted funds was a surplus of £2,637,989.

In addition, the deficit on the restricted pension fund of £8,700,000 arises from an actuarial deficit on the local government pension scheme which will be dealt with as advised by the actuary.

Investment Policy

Any surplus funds are held in a current account.

Principal Risks and Uncertainties

The trustees have considered the major risks and uncertainties facing the charitable company which include changes in legislation and regulations and cash flow management and have put in place procedures to deal with these matters. Close scrutiny is continued to be applied to any coronavirus related expenditure.

Attention has also been focussed on non-financial risks arising from fire, health and safety. These risks are managed by ensuring accreditation is up to date, having robust policies in place, and regular awareness training for staff working in these operational areas.

Fundraising

The academy trust does not use any external fundraisers. All fundraising undertaken during the period was monitored by the Trustees. Each school has a PTA that raises funds for the schools but events were limited due to the pandemic.

Plans for Future Periods

The Trust has invested in expanding its central team from September 2020. This includes the addition of a School Improvement Lead and an Estates Manager specialising in Health and Safety. The latter brings much value and additional skill sets to the trust particularly in the current climate. The longer-term strategy for these two roles is to add capacity to the trust in order to grow further.

Innovation will continue to play a primary role in 20/21 especially with a continued focus on home learning strategies.

Auditor

Insofar as the Trustees are aware :

- there is no relevant audit information of which the charitable company's auditor is unaware; and
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

The trustees' report, incorporating a strategic report, was approved by order of the board of trustees, as the company directors, on 26 May 2021 and signed on the board's behalf by:

..... Martin Collard - Chair of Trustees

Robin Hood Multi Academy Trust (A Company Limited by Guarantee)

Governance statement for the year ended 31 August 2020

Scope of Responsibility

As trustees, we acknowledge we have overall responsibility for ensuring that Robin Hood Multi Academy Trust has an effective and appropriate system of control, financial and otherwise. However, such a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss.

As trustees, we have reviewed and taken account of the guidance in DfE's Governance Handbook and competency framework for governance.

The board of trustees has delegated the day-to-day responsibility to the Chief Executive Officer, as Accounting Officer, for ensuring financial controls conform with the requirements of both propriety and good financial management and in accordance with the requirements and responsibilities assigned to it in the funding agreement between Robin Hood Multi Academy Trust and the Secretary of State for Education. They are also responsible for reporting to the board of trustees any material weaknesses or breakdowns in internal control.

Governance

The information on governance included here supplements that described in the Trustees' Report and in the Statement of Trustees' Responsibilities. The **board of trustees** has formally met 4 times during the year with 2 of the meetings cancelled during the first lockdown period and prior to transitioning to an online protocol. Review of value for money

As accounting officer the Chief Executive Officer has responsibility for ensuring that the multi academy trust delivers good value in the use of public resources. The accounting officer understands that value for money refers to the educational and wider societal outcomes achieved in return for the taxpayer resources received.

The accounting officer considers how the academy trust's use of its resources has provided good value for money during each academic year, and reports to the board of trustees where value for money can be improved, including the use of benchmarking data where appropriate. The accounting officer for the Multi Academy Trust has delivered improved value for money during the year by :

- Procuring chromebooks centrally for all schools to enable home learning for all pupils
- Additional H&S resources required for pandemic procured centrally
- Centralised Business Managers and not replaced vacancies to ensure a more efficient approach

The Purpose of the System of Internal Control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives. It can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of the multi academy trust's policies, aims

Robin Hood Multi Academy Trust
(A Company Limited by Guarantee)

Governance statement for the year ended 31 August 2020 (continued)

and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place in Robin Hood Multi Academy for the year 1 September 2019 to 31 August 2020 and up to the date of approval of the annual report and financial statements.

Capacity to handle risk

The board of trustees has reviewed the key risks to which the multi academy trust is exposed together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The board of trustees is of the view that there is a formal on-going process for identifying, evaluating and managing the multi academy trust's significant risks that has been in place for the year 1 September 2019 to 31 August 2020 and up to the date of approval of the annual report and financial statements. This process is regularly reviewed by the board of trustees.

The Risk and Control Framework

The multi academy trust's system of internal financial control is based on a framework of regular management information and administrative procedures including the segregation of duties and a system of delegation and accountability. In particular, it includes:

- comprehensive budgeting and monitoring systems with an annual budget and periodic financial reports which are reviewed and agreed by the board of trustees;
- regular reviews by the finance and general purposes committee of reports which indicate financial performance against the forecasts and of major purchase plans, capital works and expenditure programmes;
- setting targets to measure financial and other performance;
- clearly defined purchasing (asset purchase or capital investment) guidelines;
- identification and management of risks.

The board of trustees has considered the need for a specific internal audit function and has decided not to appoint an internal auditor. However, the trustees have appointed:

- drb Schools and Academies, an external financial management company, to carry out a programme of internal checks

Their role includes giving advice on financial matters and performing a range of checks on the multi academy trust's financial systems. In particular the checks carried out in the current period included:

- testing of payroll systems
- testing of purchase systems
- testing of control accounts / bank reconciliations
- review of contracts
- review of I&E
- capital grant expenditure

On a termly basis, the Internal Control reports are presented to the board of trustees, through the finance and general purposes committee on the operation of the systems of control and on the discharge of the board of trustees' financial responsibilities and an annual summary report is presented to the committee outlining the areas reviewed, key findings, recommendations and conclusions to help the committee consider actions and assess year on year progress.

The schedule of work was unable to be carried out in the Summer Term due to coronavirus restrictions and so the annual report is compiled using data from the Autumn and Spring reports.

Review of Effectiveness

As accounting officer, Steve Taylor (chief executive officer) has responsibility for reviewing the effectiveness of the system of internal control. During the year in question the review has been informed by:

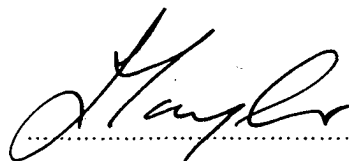

- the work of the internal reviewer
- the work of the external auditor;
- the financial management and governance self-assessment process of the school resource management self-assessment tool;
- the work of the executive managers within the multi academy trust who have responsibility for the development and maintenance of the internal control framework.

The accounting officer has been advised of the implications of the result of their review of the system of internal control by the finance committee and a plan to address weaknesses and ensure continuous improvement of the system is in place.

**Statement of regularity, propriety and compliance
for the year ended 31 August 2020**

As accounting officer of Robin Hood Multi Academy Trust I have considered my responsibility to notify the multi academy trust board of trustees and the Education and Skills Funding Agency (ESFA) of material irregularity, impropriety and non-compliance with terms and conditions of all funding received by the multi academy trust, under the funding agreement in place between the multi academy trust and the Secretary of State for Education. As part of my consideration I have had due regard to the requirements of the Academies Financial Handbook 2019.

I confirm that I and the multi academy trust board of trustees are able to identify any material irregular or improper use of funds by the multi academy trust, or material non-compliance with the terms and conditions of funding under the multi academy trust's funding agreement and the Academies Financial Handbook 2019.

I confirm that no instances of material irregularity, impropriety or funding non-compliance have been discovered to date. If any instances are identified after the date of this statement, these will be notified to the board of trustees and ESFA.

**Statement of Trustees' Responsibilities
for the year ended 31 August 2020**

The trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for preparing the Trustees' Report and the financial statements in accordance with the Academies Accounts Direction published by the Education and Skills Funding Agency, United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the trustees to prepare financial statements for each financial year. Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and application of resources, including its income and expenditure for that period. In preparing these financial statements, the trustees are required to:

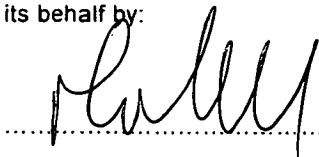

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP 2019 and the Academies Accounts Direction 2019 to 2020;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees are responsible for ensuring that in its conduct and operation the charitable company applies financial and other controls which conform with the requirements both of propriety and of good financial management. They are also responsible for ensuring grants received from the ESFA/DfE have been applied for the purposes intended.

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

**Independent Auditor's Report on the Financial Statements to the Members of
Robin Hood Multi Academy Trust**

Opinion

We have audited the financial statements of Robin Hood Multi Academy (the 'Multi Academy trust') for the year ended 31 August 2020 which comprise the Statement of Financial Activities, the Balance Sheet, the Statement of Cash Flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", the Charities SORP 2019 and the Academies Accounts Direction 2019 to 2020 issued by the Education & Skills Funding Agency.

In our opinion the financial statements :

- give a true and fair view of the state of the multi academy trust's affairs as at 31 August 2020, and of its incoming resources and application of resources, including its income and expenditure, for the period then ended
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice
- have been prepared in accordance with the requirements of the Companies Act 2006, the Charities SORP 2019 and the Academies Accounts Direction 2019 to 2020 issued by the Education & Skills Funding Agency

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Multi Academy trust in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Multi Academy trust's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the trustees' annual report, other than the financial statements and our auditor's report thereon. Other information includes the trustees' report (incorporating the strategic report and the directors' report), the governance statement, and the Accounting Officer's statement. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the trustees' report (incorporating the strategic report and the directors' report) for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of our knowledge and understanding of the Multi Academy trust and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report and the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Independent Auditor's Report on the Financial Statements to the Members of Robin Hood Multi Academy Trust
(continued)

Responsibilities for the financial statements

As explained more fully in the trustees' responsibilities statement (set out on page 16), the trustees (who are also the directors of the Multi Academy trust for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the Multi Academy trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the Multi Academy trust or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs (UK), we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Multi Academy trust's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the trustees
- Conclude on the appropriateness of the trustees' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Multi Academy trust's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Multi Academy trust to cease to continue as a going concern.

**Independent Auditor's Report on the Financial Statements to the Members of Robin Hood Multi Academy Trust
(continued)**

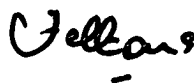

Auditor's responsibilities for the audit of the financial statements (continued)

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Use of our report

This report is made solely to the Multi Academy trust's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Multi Academy trust's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Multi Academy trust and the Multi Academy trust's members as a body, for our audit work, for this report, or for the opinions we have formed.

Independent Reporting Accountant's Assurance Report on Regularity to Robin Hood Multi Academy Trust and the Education and Skills Funding Agency

In accordance with the terms of our engagement letter dated 10 July 2014 and further to the requirements of the Education and Skills Funding Agency (ESFA) as included in the Academies Accounts Direction 2019 to 2020, we have carried out an engagement to obtain limited assurance about whether the expenditure disbursed and income received by Robin Hood Multi Academy Trust during the year 1 September 2019 to 31 August 2020 have been applied to the purposes identified by Parliament and the financial transactions conform to the authorities which govern them.

This report is made solely to Robin Hood Multi Academy Trust and ESFA in accordance with the terms of our engagement letter. Our work has been undertaken so that we might state to Robin Hood Multi Academy Trust and ESFA those matters we are required to state in a report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Robin Hood Multi Academy Trust and ESFA, for our work, for this report, or for the conclusion we have formed.

Respective responsibilities of Robin Hood Multi Academy Trust's accounting officer and the reporting accountant

The accounting officer is responsible, under the requirements of Robin Hood Multi Academy Trust's funding agreement with the Secretary of State for Education dated 30 September 2018 and the Academies Financial Handbook, extant from 1 September 2019, for ensuring that expenditure disbursed and income received is applied for the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Our responsibilities for this engagement are established in the United Kingdom by our profession's ethical guidance and are to obtain limited assurance and report in accordance with our engagement letter and the requirements of the Academies Accounts Direction 2019 to 2020. We report to you whether anything has come to our attention in carrying out our work which suggests that in all material respects, expenditure disbursed and income received during the year 1 September 2019 to 31 August 2020 have not been applied to purposes intended by Parliament or that the financial transactions do not conform to the authorities which govern them.

Approach

We conducted our engagement in accordance with the Academies Accounts Direction 2019 to 2020 issued by ESFA. We performed a limited assurance engagement as defined in our engagement letter.

The objective of a limited assurance engagement is to perform such procedures as to obtain information and explanations in order to provide us with sufficient appropriate evidence to express a negative conclusion on regularity.

A limited assurance engagement is more limited in scope than a reasonable assurance engagement and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in a reasonable assurance engagement. Accordingly, we do not express a positive opinion.

Our engagement includes examination, on a test basis, of evidence relevant to the regularity and propriety of the Multi Academy Trust's income and expenditure.

The work undertaken to draw our conclusion includes :

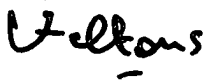

- Consideration of the applicable legislation and the multi academy trust's funding agreement
- Review and evaluation of the multi academy trust's system of internal controls
- Examination and assessment of the Accounting Officer's statement on Regularity, Propriety and Compliance
- Examination, on a test basis, of third party evidence supporting income and expenditure
- Review of exceptional and unusual items

Independent Reporting Accountant's Assurance Report on Regularity to Robin Hood Multi Academy Trust and the Education and Skills Funding Agency (continued)

Conclusion

In the course of our work, nothing has come to our attention which suggests that in all material respects the expenditure disbursed and income received during the year 1 September 2019 to 31 August 2020 has not been applied to purposes intended by Parliament and the financial transactions do not conform to the authorities which govern them.

Notes to the financial statements for the year ended 31 August 2020

1. Accounting policies

A summary of the principal accounting policies adopted (which have been applied consistently, except where noted), judgements and key sources of estimation uncertainty, is set out below.

Basis of preparation

The financial statements of the multi academy trust, which is a public benefit entity under FRS 102, have been prepared under the historical cost convention in accordance with the Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102), the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)), the Academies Accounts Direction 2019 to 2020 issued by ESFA, the Charities Act 2011 and the Companies Act 2006.

Robin Hood Multi Academy Trust meets the definition of a public benefit entity under FRS 102.

Going concern

The trustees assess whether the use of going concern is appropriate i.e. whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the company to continue as a going concern. The trustees make this assessment in respect of a year of at least one year from the date of authorisation for issue of the financial statements and have concluded that the multi academy trust has adequate resources to continue in operational existence for the foreseeable future and there are no material uncertainties about the multi academy trust's ability to continue as a going concern, thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

Income

All incoming resources are recognised when the multi academy trust has entitlement to the funds, the receipt is probable and the amount can be measured reliably.

- **Grants**

Grants are included in the Statement of Financial Activities on a receivable basis. The balance of income received for specific purposes but not expended during the year is shown in the relevant funds on the balance sheet. Where income is received in advance of meeting any performance-related conditions there is not unconditional entitlement to the income and its recognition is deferred and included in creditors as deferred income until the performance-related conditions are met. Where entitlement occurs before income is received, the income is accrued.

General Annual Grant is recognised in full in the Statement of Financial Activities in the year for which it is receivable and any abatement in respect of the year is deducted from income and recognised as a liability.

Capital grants are recognised in full when there is an unconditional entitlement to the grant. Unspent amounts of capital grants are reflected in the balance sheet in the restricted fixed asset fund. Capital grants are recognised when there is entitlement and are not deferred over the life of the asset on which they are expended.

- **Donations**

Donations are recognised on a receivable basis (where there are no performance-related conditions) where the receipt is probable and the amount can be reliably measured.

Robin Hood Multi Academy Trust
(A Company Limited by Guarantee)

Notes to the financial statements for the year ended 31 August 2020 (continued)

1. Accounting policies (continued)

Income (continued)

- **Other income**

Other income, including the hire of facilities, is recognised in the year it is receivable and to the extent the multi academy trust has provided the goods or services.

- **Donated goods, facilities and services**

Goods donated for resale are included at fair value, being the expected proceeds from sale less the expected costs of sale. Upon sale the fair value of the goods is charged against, and the proceeds are recognised as, 'Income from other trading activities'.

Where the donated good is a fixed asset it is measured at fair value, unless it is impractical to measure this reliably, in which case the cost of the item to the donor should be used. The gain is recognised as income from donations and a corresponding amount is included in the appropriate fixed asset category and depreciated over the useful economic life in accordance with the multi academy trust's accounting policies.

Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

- **Expenditure on raising funds**

This includes all expenditure incurred by the multi academy trust to raise funds for its charitable purposes and includes costs of all fundraising activities events and non-charitable trading.

- **Charitable activities**

These are costs incurred on the multi academy trust's educational operations, including support costs and costs relating to the governance of the multi academy trust apportioned to charitable activities.

All resources expended are inclusive of irrecoverable VAT.

Tangible fixed assets

Assets costing £3,000 or more are capitalised as tangible fixed assets and are carried at cost, net of depreciation and any provision for impairment.

Robin Hood Multi Academy Trust
(A Company Limited by Guarantee)

Notes to the financial statements for the year ended 31 August 2020 (continued)

1. Accounting policies (continued)

Tangible fixed assets (continued)

Where tangible fixed assets have been acquired with the aid of specific grants, either from the government or from the private sector, they are included in the Balance Sheet at cost and depreciated over their expected useful economic life. Where there are specific conditions attached to the funding requiring the continued use of the asset, the related grants are credited to a restricted fixed asset fund in the Statement of Financial Activities and carried forward in the Balance Sheet. Depreciation on the relevant assets is charged directly to the restricted fixed asset fund in the Statement of Financial Activities. Where tangible fixed assets have been acquired with unrestricted funds, depreciation on such assets is charged to the unrestricted fund.

Depreciation is provided on all tangible fixed assets other than freehold land and assets under construction, at rates calculated to write off the cost of each asset over its expected useful life as follows:

Long leasehold buildings	- straight line over 50 years
Fittings and equipment	- 25% reducing balance
Computer hardware	- 20% straight line

Assets in the course of construction are included at cost. Depreciation on these assets is not charged until they are brought into use and reclassified to freehold or leasehold land and buildings.

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying value of any fixed asset may not be recoverable. Shortfalls between the carrying value of fixed assets and their recoverable amounts are recognised as impairments. Impairment losses are recognised in the Statement of Financial Activities.

Liabilities

Liabilities are recognised when there is an obligation at the balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Liabilities are recognised at the amount that the academy trust anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide.

Financial instruments

The academy trust only holds basic financial instruments as defined by FRS 102. The financial assets and financial liabilities of the academy trust and their measurement basis are as follows :

Financial assets - trade and other debtors are basic financial instruments and are debt instruments measured at amortised cost. Prepayments are not financial instruments.

Cash at bank is classified as a basic financial instrument and is measured at face value.

Financial liabilities - trade creditors, accruals and other creditors are financial instruments and are measured at amortised cost. Taxation and social security are not included in the financial instruments disclosure definition. Deferred income is not deemed to be a financial liability, as the cash settlement has already taken place and there is an obligation to deliver services rather than cash or another financial instrument.

Leased assets

Rentals under operating leases are charged on a straight line basis over the lease term.

Robin Hood Multi Academy Trust
(A Company Limited by Guarantee)

Notes to the financial statements for the year ended 31 August 2020 (continued)

1. Accounting policies (continued)

Taxation

The multi academy trust is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes.

Accordingly, the multi academy trust is potentially exempt from taxation in respect of income or capital gains received within categories covered by part 11, chapter 3 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

Pension benefits

Retirement benefits to employees of the multi academy trust are provided by the Teachers' Pension Scheme ('TPS') and the Local Government Pension Scheme ('LGPS'). These are defined benefit schemes.

The TPS is an unfunded scheme and contributions are calculated so as to spread the cost of pensions over employees' working lives with the academy trust in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. The contributions are determined by the Government Actuary on the basis of quadrennial valuations using a prospective unit credit method. TPS is an unfunded multi-employer scheme with no underlying assets to assign between employers. Consequently, the TPS is treated as a defined contribution scheme for accounting purposes and the contributions recognised in the period to which they relate.

The LGPS is a funded multi-employer scheme and the assets are held separately from those of the multi academy trust in separate trustee administered funds. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit credit method and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent term and currency to the liabilities. The actuarial valuations are obtained at least triennially and are updated at each balance sheet date. The amounts charged to net income/(expenditure) are the current service costs and the costs of scheme introductions, benefit changes, settlements and curtailments. They are included as part of staff costs as incurred. Net interest on the net defined benefit liability/asset is also recognised in the Statement of Financial Activities and comprises the interest cost on the defined benefit obligation and interest income on the scheme assets, calculated by multiplying the fair value of the scheme assets at the beginning of the year by the rate used to discount the benefit obligations. The difference between the interest income on the scheme assets and the actual return on the scheme assets is recognised in other recognised gains and losses.

Actuarial gains and losses are recognised immediately in other recognised gains and losses.

1. Accounting policies (continued)

Fund accounting

Unrestricted income funds represent those resources which may be used towards meeting any of the charitable objects of the multi academy trust at the discretion of the trustees.

Restricted fixed asset funds are resources which are to be applied to specific capital purposes imposed by funders where the asset acquired or created is held for a specific purpose.

Restricted general funds comprise all other restricted funds received with restrictions imposed by the funder/donor and include grants from the Education and Skills Funding Agency or Department for Education.

Critical accounting estimates and areas of judgement

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The multi academy trust makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

The present value of the Local Government Pension Scheme defined benefit liability depends on a number of factors that are determined on an actuarial basis using a variety of assumptions. The assumptions used in determining the net cost (income) for pensions include the discount rate. Any changes in these assumptions, which are disclosed in note 23, will impact the carrying amount of the pension liability. Furthermore a roll forward approach which projects results from the latest full actuarial valuation performed at 31 March 2016 has been used by the actuary in valuing the pensions liability at 31 August 2020. Any differences between the figures derived from the roll forward approach and a full actuarial valuation would impact on the carrying amount of the pension liability.

22. Members' liability

Each member of the charitable company undertakes to contribute to the assets of the company in the event of it being wound up while he/she is a member, or within one year after he/she ceases to be a member, such amount as may be required, not exceeding £10 for the debts and liabilities contracted before he/she ceases to be a member.

23. Pension and similar obligations

The multi academy trust's employees belong to two principal pension schemes: the Teachers' Pension Scheme England and Wales (TPS) for academic and related staff; and the Local Government Pension Scheme (LGPS) for non-teaching staff, which is managed by West Midland Pension Fund. Both are multi-employer defined-benefit schemes.

The latest actuarial valuation of the TPS related to the year ended 31 March 2016 and of the LGPS 31 March

Contributions amounting to £139,224 (2019 : £38,621) were payable to the schemes at 31 August 2020 and are included within creditors.

Teachers' Pension Scheme

Introduction

The Teachers' Pension Scheme (TPS) is a statutory, contributory, defined benefit scheme, governed by the Teachers' Pension Scheme Regulations 2014. Membership is automatic for teachers in academies. All teachers have the option to opt-out of the TPS following enrolment.

The TPS is an unfunded scheme to which both the member and employer makes contributions, as a percentage of salary - these contributions are credited to the Exchequer. Retirement and other pension benefits are paid by public funds provided by Parliament.

Valuation of the Teachers' Pension Scheme

The Government Actuary, using normal actuarial principles, conducts a formal actuarial review of the TPS in accordance with the Public Service Pensions (Valuations and Employer Cost Cap) Directions 2014 published by HM Treasury every four years. The aim of the review is to specify the level of future contributions. Actuarial scheme valuations are dependent on assumptions about the value of future costs, design of benefits and many other factors. The latest actuarial valuation of the TPS was carried out as at 31 March 2016. The valuation report was published by the Department for Education on 5 March 2019. The key elements of the valuation and subsequent consultation are :

- employer contribution rates set at 23.68% of pensionable pay (including a 0.08% employer administration
- total scheme liabilities (pensions currently in payment and the estimated cost of future benefits) for service to the effective date of £218,100 million, and notional assets (estimated future contributions together with the notional investments held at the valuation date) of £196,100 million giving a notional past service deficit of £22,000 million
- the SCAPE rate, set by HMT, is used to determine the notional investment return. The current SCAPE rate is 2.4% above the rate of CPI, assumed real rate of return is 2.4% in excess of prices and 2% in excess of earnings. The rate of real earnings growth is assumed to be 2.2%. The assumed nominal rate of return including earnings growth is 4.45%.

23. Pension and similar obligations (continued)

Valuation of the Teachers' Pension Scheme (continued)

The next valuation is due to be implemented from 1 April 2023.

The employer's pension costs paid to TPS in the year amounted to £705,356 (2019 : £303,927).

A copy of the valuation report and supporting documentation is on the Teachers' Pensions website.

Under the definitions set out in FRS 102, the TPS is an unfunded multi-employer pension scheme. The academy trust has accounted for its contributions to the scheme as if it were a defined contribution scheme. The academy trust has set out above the information available on the scheme.

Local Government Pension Scheme

The LGPS is a funded defined benefit pension scheme, with the assets held in separate trustee-administered funds. The total contribution made for the year ended 31 August 2020 was £597,000 (2019 : £300,000), of which employer's contributions totalled £496,000 (2019 : £239,000) and employees' contributions totalled £101,000. (2019 : £61,000). The agreed contribution rates for future years are 20.3% for employers and between 5.5% and 9.9% for employees.

Parliament has agreed, at the request of the Secretary of State for Education, to a guarantee that, in the event of academy closure, outstanding Local Government Pension Scheme liabilities would be met by the Department for Education. The guarantee came into force on 18 July 2013.

The trustees have agreed that the trust will make additional contributions in addition to normal funding levels over the next 26 years.

24. Related party transactions

Owing to the nature of the academy trust and the composition of the board of trustees being drawn from local public and private sector organisations, transactions may take place with organisations in which the trustees have an interest. All transactions involving such organisations are conducted in accordance with the requirements of the Handbook, including notifying the ESFA of all transactions made on or after 1 April 2019 and obtaining their approval where required, and with the academy trust's financial regulations and normal procurement procedures relating to connected and related party transactions.

No related party transactions took place in the year of account other than certain trustees' remuneration and expenses already disclosed in note 10.

25. New academies acquired by the trust during the year

On 1 September 2019 Yenton Primary School converted to multi academy trust status under the Academies Act 2010 and all the operations and assets and liabilities were transferred to Robin Hood Multi Academy Trust from Birmingham City Council for £nil consideration.

The transfer has been accounted for as a combination that is in substance a gift. The assets and liabilities transferred were valued at their fair value and recognised in the balance sheet under the appropriate headings with a corresponding net amount recognised as a net gain in the Statement of Financial Activities as transfer from local authority on conversion.
