Our Aims and objectives

Our charity's purposes as set out in the objects contained in the company's memorandum of association are to:

- 1) to advance education;
- 2) to advance health;
- 3) to relieve unemployment;
- 4) to relieve poverty;
- 5) to promote for the benefit of the public the provision of facilities for recreation or other leisure time occupation of individuals who have need of such facilities by reason of their youth, age, infirmity or disablement, financial hardship or social and economic circumstances or for the public at large in the interests of social welfare and with the object of improving the condition of life of the said inhabitants;
- 6) the promotion of community participation in healthy recreation in particular by the provision of facilities for the playing of sports and related activities;
- 7) to promote social inclusion for the public benefit by preventing people from becoming socially excluded, relieving the needs of those people who are socially excluded and assisting them to integrate into society.

"Socially excluded" means being excluded from society, or parts of society, as a result of one of more of the following factors: unemployment; financial hardship; youth or old age; ill health (physical or mental); substance abuse or dependency including alcohol and drugs; discrimination on the grounds of sex, race, disability, ethnic origin, religion, belief, creed, sexual orientation or gender re-assignment; poor educational or skills attainment; relationship and family breakdown; poor housing (that is housing that does not meet basic habitable standards); crime (either as a victim of crime or as an offender rehabilitating into society).

History and activity

The charity was set up in 2014 and remained inactive until April 2016 when funds were transferred from City College Peterborough "Activities and Amenities" account, an historic account built up from non-funded College activities.

In August 2015 City College Peterborough took over the management of the Peterborough Day Opportunities Service providing day and employment support to adults under 65 with a disability. Part of the development plan for Day Opportunities is to grow exiting and new supported micro enterprises into self-sustaining social enterprises which will be managed through the charity. People supported in Day Opportunities, their parents, carers and staff had, prior to becoming part of City College Peterborough, raised funds at Kingfisher Centre, one of the day centres, to purchase specialized equipment for people with multiple and complex needs. These funds have been transferred into the charity and are treated as restricted funds.

September 2016 saw the continuance of regular social dining events through the charity as part of its commUNITY Meet & Eat initiative. Any funds raised by and expended on Meet & Eat are treated as restricted funds.

Since November 2017, the commUNITY Meet and Eat initiative has been put on hold. From this point forward there has been no transactional activity in the Charity.

The charity does not currently have any employees in its service.

1. Accounting Policies

The principal accounting policies are summarised below. The accounting policies have been applied consistently throughout the year and in the preceding year.

(a) Basis of accounting

The financial statements have been prepared in accordance with the Companies Act 2006, and the Statement of Recommended Practice (SORP) FRS102 Update Bulletin 1 published in July 2014.

(b) Fund accounting

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity.

Designated funds are unrestricted funds allocated by the Board of Directors for specific purposes.

Restricted funds are subjected to restrictions on their expenditure imposed by the donor or through the terms of an appeal.

(c) Incoming resources

All incoming resources are included in the statement of financial activities when the charity has received and is entitled to receive economic benefit where the amount can be quantified with reasonable and reliable accuracy, there is an obligation to the charity and there is the expectation of transfer of economic benefit to the charity as a result of the obligation. The following policies are applied to particular categories of income:

Voluntary income is received by way of grants, donations and gifts and is included in full in the Statement of Financial Activities when receivable. Grants, where entitlement is not conditional on the delivery of a specific performance by the charity, are recognised when the charity becomes unconditionally entitled to the grant.

Donated services and facilities are included at the value to the charity where this can be quantified. The value of services provided by volunteers has not been included in these accounts.

Incoming resources from grants, where related to performance and specific deliverables, are accounted for as the charity earns the right to consideration by its performance.

(d) Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates:
