## BEGBIES TRAYNOR CHARGING POLICY

#### INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of a solvent estate and seeks member approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to members regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance<sup>1</sup> requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where member approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm and also where payments are to be made to outside parties in which the office holder or his firm or any associate has an interest. Best practice guidance<sup>2</sup> requires that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated.

#### OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF SOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

## EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF SOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories:

- Category 1 disbursements (approval not required) specific expenditure that is directly related to the case usually referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 disbursements (approval required) items of incidental expenditure directly incurred on the case which include an element of shared or allocated cost and which are based on a reasonable method of calculation.
- (A) The following items of expenditure are charged to the case (subject to approval):
- Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £100 (London £150) per meeting;
- Car mileage is charged at the rate of 45 pence per mile;
- Storage of books and records (when not chargeable as a Category 1 disbursement) is charged on the
  basis that the number of standard archive boxes held in storage for a particular case bears to the total of all
  archive boxes for all cases in respect of the period for which the storage charge relates;
- (B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 disbursement:
