DIRECTORS' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2021

The directors present the annual report and financial statements of the company for the year ended 31 December 2021.

The Directors' Report has been prepared in accordance with the special provisions in Section 415A of the Companies Act 2006 in regards to small companies. The directors have taken advantage of the small companies exemption provided by Section 414b of the Companies Act 2006 not to provide a Strategic Report.

PRINCIPAL ACTIVITY AND FUTURE DEVELOPMENTS

The principal activity of the company is and will continue to be that of a holding company. The directors anticipate that this company will continue to exist into the foreseeable future and will not change its status. The results for the year are set out in the statement of comprehensive income on page 7.

GOING CONCERN

Tiger Acquisitions (Jersey) Limited, a fellow Group company with access to funding available within the same Group, has provided confirmation that it will provide the necessary support to the Company to enable it to continue trading for at least 12 months after the date of approval of these financial statements. Accordingly, the financial statements have been prepared on a going concern basis under the historical cost convention and in accordance with appropriate accounting standards.

DIRECTORS AND DIRECTORS' INTERESTS

The following directors held office during the year and up to the date of signing the accounts:

J D Emslie
D P O'Brien
S Smith

QUALIFYING THIRD PARTY INDEMNITY PROVISIONS

Liability insurance for the directors was maintained by Tiger Acquisitions (Jersey) Ltd.

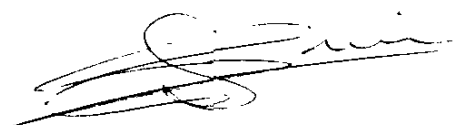

FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

Exposure to currency and liquidity risk arises in the normal course of the company's business. Treasury operations are conducted within a framework of policies and guidelines authorised by the Board of the ultimate parent company and are subject to internal control procedures. The objective of the framework is to provide flexibility whilst minimising risk and prohibiting speculative transactions or positions to be taken.

The company's principal financial instruments comprise amounts owed to the parent undertaking and fellow subsidiaries and cash. The main purpose of these financial instruments is to raise finance for the company's operations.

The company is exposed to movements in foreign exchange rates against United States Dollar for intercompany transactions. The principal exposure is to sterling exchange rates which forms the basis of pricing for these transactions.

Approved by the board of directors and signed on its behalf by:

S Smith
Company Secretary
29th September 2022

DIRECTORS' RESPONSIBILITIES STATEMENT

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

1. PRINCIPAL ACCOUNTING POLICIES

Basis of accounting

PNO Exhibition Investment (Dubai) Limited is a private company limited by shares, incorporated in the United Kingdom and registered in England and Wales under the Companies Act 2006. The address of the registered office is given on the officers and advisors page and the nature of the group's operations and its principal activities are set out in the Directors' Report on page 4.

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102 (FRS 102) issued by the Financial Reporting Council and the requirements of the Companies Act 2006. Both the functional and presentational currency of the company is in United States Dollars ("USD \$").

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the company's accounting policies.

As the company is a wholly owned subsidiary of Tiger Acquisitions Holding Limited, the company meets the definition of a qualifying entity under FRS 102 and has therefore taken advantage of the exemptions contained in FRS 102. Therefore, the requirement to disclose a reconciliation of the number of shares outstanding at the beginning and end of the period, the requirement to prepare a cash flow statement, the requirement to disclose the remuneration of key management personnel, and financial instrument disclosures have not been presented on the grounds that the company's accounts are consolidated in the accounts of Tiger Acquisitions Holding Limited, which are publicly available. The company has not disclosed transactions with entities which are wholly owned by the group.

The company is exempt by virtue of Section 400 of the Companies Act 2006 from the requirements to prepare group financial statements on the grounds that it is a wholly owned subsidiary of Tiger Acquisitions Holding Limited, a company registered in England and Wales. These financial statements present information about the company as an individual undertaking and not about its group.

Going concern

Tiger Acquisitions (Jersey) Limited, a fellow Group company with access to funding available within the same Group, has provided confirmation that it will provide the necessary support to the Company to enable it to continue trading for at least 12 months after the date of approval of these financial statements. Accordingly, the financial statements have been prepared on a going concern basis under the historical cost convention and in accordance with appropriate accounting standards.

Investments

Investments in joint ventures are measured at cost less any impairment losses recognised.

Impairment of investments

Fixed asset investments are assessed at each reporting date to determine whether there is any indication that the investment is impaired. Where there is indication that an investment may be impaired, the carrying value of the investment is tested for impairment. An impairment loss is recognised whenever the carrying amount of an investment exceeds its recoverable amount. Impairment losses are recognised in the income statement.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)

Impairment of investments (continued)

The recoverable amount is the greater of the net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the investment.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the investment's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

Cash at bank and in hand

Cash comprises of cash balances held at the bank.

Taxation

The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except that a charge attributable to an item of income or expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, except:

- the recognition of deferred tax assets is limited to the extent that the directors consider that it is more likely than not that these will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the period in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Foreign currencies

Transactions in foreign currencies are translated into United States Dollars at the rates prevailing at the dates of the transactions. Assets and liabilities denominated in foreign currencies are translated into United States Dollars at the rate of exchange ruling at the date of the balance sheet. All foreign exchange gains and losses are presented in profit or loss within 'other operating income or expense'.

Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting. Dividends on shares recognised as liabilities are recognised as expenses and classified within interest payable.

Financial assets

Financial assets, other than investments and derivatives, are initially measured at transaction price (including transaction costs) and subsequently held at cost, less any impairment.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)

1. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial liabilities

Financial liabilities and equity are classified according to the substance of the financial instrument's contractual obligations, rather than the financial instrument's legal form. Financial liabilities, excluding convertible debt and derivatives, are initially measured at transaction price (including transaction costs) and subsequently held at amortised cost.

Reserves

The Company's reserves are as follows:

- Called up share capital reserve represents the nominal value of the shares issued.
- Profit and loss account represents cumulative profits or losses, net of dividends paid and other adjustments.

2. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Company's accounting policies, which are described in note 1, the directors are required to make judgements (other than those involving estimations) that have a significant impact on the amounts recognised and to make estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical accounting judgements in applying the Company's accounting policies

The Directors do not consider that there to be any critical accounting judgements within the financial statements that will have a material impact on the reported numbers.

Key source of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

Impairment of investments

- Determine whether there are indicators of impairment of the group's investments. Factors taken into consideration in reaching such a decision include the economic viability and expected future financial performance of the investee company.
