- **B** Additional Information in relation to Joint Liquidators' Fees, Expenses & the use of Subcontractors

1 Introduction

- 1.1 I, Steven Edward Butt, together with my partner James Douglas Ernle Money, of Rollings Butt LLP, 6 Snow Hill, London, EC1A 2AY, United Kingdom, was appointed as Joint Liquidator of BWH Remainco Ltd (formerly Bowers & Wilkins Holding Ltd) ("the Company") on 29 October 2020. This report covers the period since my last progress report from 29 October 2021 to 28 October 2022 ("the Period") and should be read in conjunction with the previous Joint Liquidators' Annual Progress Report, dated 22 December 2021 ("the Previous Report").
- 1.2 The Company was incorporated to be an intermediary holding company and did not trade. Its registered number is 10153033 and its registered office was B&W Group Ltd, Dale Road, Worthing, BN11 2BH. On appointment this was changed to 6, Snow Hill, London, EC1A 2AY.
- 1.3 Information about the way that we will use and store personal data on insolvency appointments can be found at www.rollingsbutt.com/legal. If you are unable to download this, please contact us and a hard copy will be provided to you.

2 Receipts and Payments

2.1 At Appendix A, we have provided an account of our Receipts and Payments for the Period combined with a cumulative account since our appointment and a comparison to the director's Statement of Affairs value.

3 Work undertaken by the Joint Liquidators

- 3.1 This section of the report provides creditors with an overview of the work undertaken in the Period, together with information on the overall outcome of the liquidation.
- 3.2 Since the Previous Report, you will note that there was one outstanding matter in relation to sundry administrative tasks. I can confirm that all of these matters have been dealt with and have been concluded.

Administration (including statutory compliance & reporting)

- 3.3 Office holders must comply with certain statutory obligations under the Insolvency Act 1986 and other related legislation. Details about the work we have done in this area are provided in the Previous Report.
- 3.4 Where the costs of statutory compliance work or reporting to creditors exceeded the initial estimate, it will usually be because the duration of the case has taken longer than anticipated, possibly due to protracted asset realisations, which have in turn placed a further statutory reporting requirement on the Liquidators.
- 3.5 This work has not necessarily brought any financial benefit to creditors but is work required on every case by statute.

Realisation of Assets

- As disclosed in the SIP6 dated 26 October 2020 and the Previous Report, the Company's principal activity was that of a holding company and was the 100% shareholder of BWA Remainco Ltd (Formerly B&W Acquisition Ltd) ("BWA"), who had held investments in B&W Group Limited ("B&W").
- 3.7 The shares of B&W were sold prior to out appointment, resulting in there being no assets of the Company at the date of Liquidation. Kroll Trustee Services Limited (formerly known as Lucid Trustee Services Limited), as security Agent, hold security providing fixed and floating

charges over the Company's assets on behalf of the providers of the Payment in Kind (PIK) Debt Facility.

- The assets covered by a fixed charge security is £Nil. The amount due to the fixed charge holder is £22,101,278.69. The shortfall under the fixed charge security is the whole amount of the indebtedness due to the secured creditor, being £22,101,278.69. Therefore, there have been no asset realisations in this regard.
- 3.9 It is not anticipated that the work the Liquidators have carried out to investigate the Company's assets will provide a financial benefit to creditors. This is because there were no assets owned by the Company in accordance with the Company's Statement of Affairs that could be realised for the benefit of creditors. However, this work was necessary to explore the nature of any assets the Company may have.

Creditors (claims and distributions)

- 3.10 Liquidators are not only required to deal with correspondence and claims from unsecured creditors (which may include retention of title claims), but also those of any secured and preferential creditors of the Company. This may involve separate reporting to any secured creditor and dealing with distributions from asset realisations caught under their security, most typically a debenture.
- 3.11 Work undertaken by the Liquidators in dealing with a company's creditors may only therefore bring a financial benefit to certain classes of creditors such as a secured creditor or the preferential creditors, however the Liquidators are required by statute to undertake this work. Similarly, if a distribution is to be paid to any class of creditor, work will be required to agree those claims and process the dividend payments to each relevant class of creditor. The more creditors a company has, the more time and cost will be involved by the Liquidators in dealing with those claims.
- 3.12 More information on the outcome for all classes of creditor in this case can be found in section 4 below.

Investigations

- 3.13 You may recall from the Previous Report, that some of the work the Liquidator is required to undertake is to comply with legislation such as the Company Directors' Disqualification Act 1986 (CDDA 1986) and Statement of Insolvency Practice 2 Investigations by Office Holders in Administration and Insolvent Liquidations and may not necessarily bring any financial benefit to creditors, unless these investigations reveal potential asset recoveries that the Liquidators can pursue for the benefit of creditors.
- 3.14 The report on the conduct of the Directors of the Company to the Department for Business, Energy & Industrial Strategy under the CDDA 1986 was submitted during the first year of the liquidation and is confidential.
- 3.15 Since the Previous Report no further asset realisations have come to light that may be pursued for the benefit of creditors and there are no other issues requiring further report.

4 Outcome for Creditors

Secured Creditors

Kroll Trustees Services Limited holds a debenture incorporating such fixed and floating charge over the whole of the Company's assets in their capacity as a security trustee. At the date of the liquidation the indebtedness to the secured creditor was estimated at £22,101,278.69. Given that all assets covered by this security were dealt with prior to liquidation, no steps have been taken to agree the total balance due.

Unsecured Creditors

- 4.2 The Company's Statement of Affairs indicated there was one provision for a non-preferential unsecured creditor whose debt totalled £100. I have not received any claims from secured creditors
- 4.3 As referred to in paragraph 4.1, the Company granted a debenture incorporating fixed and floating charges to Kroll Trustee Services Limited. However, as referred to in paragraph 3.9, the Company does not hold any assets. Accordingly, there is no requirement to create a fund out of the Company's net floating charge property for unsecured creditors (known as the "Prescribed Part"), which applies to charges created after 15 September 2003.

5 Joint Liquidators' Remuneration & Expenses

- 5.1 The Liquidators agreed with the secured creditors, acting by way of the security trustee, that a set amount of £16,000 plus VAT would be paid to cover the pre- and post-liquidation costs and expenses. This was received prior to the Company being placed into liquidation. The liquidators have liaised separately with the secured creditor in this regard and will do so further advance of closure.
- 5.2 Included in the above set amount is the Liquidators' direct costs relating to statutory bonding, company searches and statutory advertising. Given that the Company has no assets and provision has been made for direct costs to be paid outside of the liquidation, it is not anticipated that any such costs will be paid by the Company during the liquidation.
- 5.3 Attached as Appendix B is additional information in relation to the Liquidators' fees and expenses, including where relevant, information on the use of subcontractors and professional advisers. Given the above detail in relation to how the Liquidators' remuneration and expenses have been discharged, no further information in relation to the value of time or expenses incurred by the Liquidators which will not be borne by the insolvent estate, will be provided.
- 5.4 A copy of 'A Creditors' Guide to Liquidators' Fees' is available on request or can be downloaded from https://www.r3.org.uk/technical-library/england-wales/technical-guidance/fees.

6 Creditors' rights

- 6.1 Within 21 days of the receipt of this report, a secured creditor, or an unsecured creditor (with the concurrence of at least 5% in value of the unsecured creditors) may request in writing that the Liquidators provide further information about his remuneration or expenses which have been itemised in this progress report.
- 6.2 Any secured creditor, or an unsecured creditor (with the concurrence of at least 10% in value of the unsecured creditors) may within 8 weeks of receipt of this progress report make an application to court on the grounds that, in all the circumstances, the basis fixed for the Liquidators' remuneration is inappropriate and/or the remuneration charged or the expenses incurred by the Liquidators, as set out in this progress report, are excessive.

7 Conclusion

7.1 I am required to provide a further report on the progress of the liquidation within two months of the next anniversary of the liquidation, unless I have concluded matters prior to this, in which case I will write to all creditors with my final account. As referred to above, the liquidation is now complete in all practical senses.

Yours faithfully For BWH Remainco Ltd

Steve Butt Joint Lightdator

Staff Allocation and the use of Subcontractors and Professional Advisors

The general approach to resourcing our assignments is to allocate staff with the skills and experience to meet the specific requirements of the case.

The constitution of the case team will usually consist of a Partner, a Manager, and an Administrator or Assistant. The exact constitution of the case team will depend on the anticipated size and complexity of the assignment and the experience requirements of the assignment.

We have not utilised the services of any subcontractors or professional advisors in this case.
