REPORT OF THE TRUSTEES
for the year ended 30 APRIL 2022

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 30 April 2022. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

The charity's objectives are the following:-

1. To advance for the benefit of the public education in the arts and, in particular (but not limited to), the art of fashion design and garment making.
2. To advance in life and help young fashion designers in necessitous circumstances by the provision of studio space and education in fashion design.

Significant activities

Little Hands Design has continued supporting local schools by running courses, in particular in Salusbury Primary School, St Christopher and King Alfred Schools. These courses follow the charity's objectives by continuing to give in depth exposure to the ideas of fashion and garment making in the context of sustainability. The program which has been developed uses the United Nations Sustainable Developments Goals to help pupils engage and understand the complex issues surrounding the role of fashion within the economy and how to act, based on ideas of sustainability. Making is supported by weekly calls to action.

Little Hands Design has continued to offer weekday and Saturday courses at the London School of Mosaic (LSOM) to the wider community. The LSOM is situated within a council housing development and the trustees see this and further cooperation with LSOM where one trustee is also now a governor, to include more tenants on courses as a continuing goal. This includes supporting LSOM as they plan to become a more substantial community hub through increasing their footprint and planning for Little Hands Design to become a permanent presence.

Little Hands Design continued to offer "Green Stitch Social Club" to support those suffering from lockdown.

In July, Little Hands Design celebrated its 20th Birthday with a day of free CPD lectures particularly aimed at school teachers and a variety of creative making activities at the London School of Mosaic, as well as debuting its new book. Lectures from former teachers on cultural appropriation, from designers on integrating heritage, from its founder on integrating sustainability into the school curriculum as well as opportunities to make and learn we included.

Public benefit

The charity's trustees have acted with due regard to the public benefit requirement as set out in the Charity Commission's published guidance on the Public Benefit requirement under the Charities Act. They decided that with regard to the charity's first objective that the first actions of the charity should be to focus on sustainable fashion. To further this benefit the trustees decided that the first focus would be on approaching local state schools to offer courses on sustainable fashion in both primary and secondary schools.

Volunteers

Little Hands Design receives invaluable help from volunteers which includes:-

- 2 Duke of Edinburgh's Award students volunteering as part of the award.
- Assistance with administration and marketing.
- Assistance with social media and administration.
- Providing an online craft activity during the winter lockdown.

FINANCIAL REVIEW

Financial position

Income from course fees was £61,894 which is similar compared with 20/21 The charity made losses of £4,528 this year which is expected due to the pausing of classes in response to COVID 19.

All of this has meant that charity had a deficit net movement in funds.

The Trustees consider that the funds at 30 April 2022 are sufficient to enable the Charity to continue for the foreseeable future.

Reserves policy

The reserve policy continues to be to maintain a general reserve at level which protects Little Hands Design from short term changes to circumstances but at the same time not retaining income longer than necessary.

The Charity has the power to set aside funds for special purposes or as reserves against future expenditure.

The trustees are satisfied with the level of reserves at the reporting date.

Going concern

At the time of approving the accounts, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the trustees continue to adopt the going concern basis of accounting in preparing the accounts.

FUTURE PLANS

In March 2022 after an extensive search Little Hands Design appointed a new part time Chief Executive Officer with the remit to build on the successful but local base and look to expand the charity's reach, this to be reviewed after 3 months.

Little Hands plans to continue to run courses at LSOM and to deepen this symbiotic relationship through supporting the further development of LSOM's footprint and being a founding member of their social / community space.

NOTES TO THE FINANCIAL STATEMENTS **for the year ended 30 APRIL 2022**

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The presentational and functional currency of the financial statements is Pounds Sterling (£).

Financial reporting standard 102 - reduced disclosure exemptions

The charitable company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland':

- the requirements of Section 7 Statement of Cash Flows.

Critical accounting judgements and key sources of estimation uncertainty

In preparing these financial statements, the directors are required to make judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

There are no significant judgements or estimates used in the preparation of these accounts.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

The charity's main source of income is from running classes in the furtherance of its objectives. Income from these classes is recognised when the general recognition criteria are met. This is usually when the course fees are received by the charity.

The trustees consider that it would be impractical to calculate any deferred income for course fees received at the accounts year end for courses that had not yet been carried out. The trustees do not consider these amounts to be material.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 25% on reducing balance
Fixtures and fittings	- 25% on reducing balance
Computer equipment	- 25% on reducing balance

NOTES TO THE FINANCIAL STATEMENTS - continued

1. ACCOUNTING POLICIES - continued

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the Statement of Financial Activities on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits

The charitable company operates a defined contribution pension scheme. Contributions payable to the charitable company's pension scheme are charged to the Statement of Financial Activities in the period to which they relate.

Donated goods

Donated goods are measured at fair value (the amount for which the asset could be exchanged) unless impractical to do so.

Little Hands Design often receives gifts of fabric etc, which is used in the courses run by the charity. Due to the impracticality of calculating a fair value these donations are not valued.

The value of any voluntary help received is not included in the accounts.

Financial instruments

The company has financial assets and financial liabilities of a kind that qualify as basic financial instruments.

Debtors

Short term debtors are measured at transaction price, less any impairment.

Cash and cash equivalents

Cash and cash equivalents comprise cash balances, including bank overdrafts that are payable on demand and form an integral part of the company's cash management.

Creditors

Short term trade creditors are measured at the transaction price.

Provisions

Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.
