Notes to the Financial Statements **for the Year Ended 31 December 2022**

1. STATUTORY INFORMATION

MSBW Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets.

Critical accounting judgements and key sources of estimation uncertainty

The estimates and underlying assumptions are reviewed on a regular and ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both the current and future period.

There are no critical estimates.

Turnover

Turnover relates to investment income generated from the company's principal activity of making investments. Income is recognised when the company has the right to receive the income.

Investments in subsidiaries

Investments in subsidiary undertakings are recognised at cost.

Investment property

Investment property is shown at most recent valuation. Any aggregate surplus or deficit arising from changes in fair value is recognised in profit or loss.

Financial instruments

Basic financial instruments are recognised at amortised cost using the effective interest method, except for investments in non-convertible preference and non-puttable preference and ordinary shares, which are measured at fair value, with changes recognised in profit or loss. Derivative financial instruments are initially recorded at cost and thereafter at fair value, with changes recognised in profit and loss.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

2. ACCOUNTING POLICIES - continued

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Investments

Investments are initially recognised at cost. With the exception of investments which qualify as basic financial instruments which are accounted for in accordance with the accounting policy for financial instruments, investments are revalued at the balance sheet date to fair value with a gain or loss arising being reported through the income statement.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was NIL (2021 - NIL).
