#### 1. Introduction

The Joint Liquidators were appointed on the Appointment Date following the passing of a written resolution by the Company's sole shareholder confirming that the Company be placed into Liquidation and that the Joint Liquidators be appointed.

The appointment of the Joint Liquidators was later ratified by the creditors of the Company 15 July 2020.

This Progress Report provides an update on the Liquidation of the Company for the Reporting Period.

The Joint Liquidators have also explained their future strategy for the Liquidation and how likely it is that they will be able to pay each class of creditor.

You will find other important information in this Progress Report such as the costs the Joint Liquidators have incurred.

A glossary of the abbreviations and definitions used throughout this document is attached at Appendix 6.

Please also note that an important legal notice about this Progress Report to Creditors is attached at Appendix 7.

#### 2. Creditor Summary

This Progress Report covers the Reporting Period.

#### Progress to Date

- The Company's sole asset per the SOA was the Development.
- Third party funding in respect of the Development was provided by KSEYE which was secured by way of a first ranking charge over the Development. Prior to the Appointment Date, KSEYE appointed Receivers who subsequently completed a sale of the Development on 24 July 2020 for £1.4m.
- The completion statement confirmed that there was no surplus available to the Liquidation estate.
  The reasons for this primarily being the costs of the receivership process, including the costs of
  agents instructed by the Receiver and the delays in the sale of the Property resulted in additional
  interest being applied to KSEYE's indebtedness
- A sum of £431 was being held in a client account with LA Law that belonged to the Company which has been returned to the Liquidation estate in the Reporting Period.

#### Outcome for Creditors

- The sum due to KSEYE at the time of the sale, as noted in Section 3, was significantly higher than the amount noted in the SOA given the rate of interest and default fees applied.
- KSEYE were repaid in full from the proceeds of the sale of the Development.
- There is not expected to be any distributions to Oak or BBPIc (the other secured creditors).
- There will be insufficient realisations to enable a dividend to any other class of creditor.

Please note, this Progress Report provides creditors with an account of the progress of the Liquidation of the Company in the period. Unless otherwise stated, all amounts in this Progress Report and appendices are stated net of VAT.

#### 3. Progress of the Administration

This section provides an update on the Joint Liquidators' strategy for the Liquidation and progress to date.

#### 3.1 Strategy and Progress to Date

- As noted in the SOA and Directors' Report, the Company's sole asset related to its interest in the Development which it purchased for £1.325m in October 2017 using funds advanced to it by BBPIc.
- The Development was intended to be a mixed-use development scheme comprising of a ground floor commercial unit and 34 apartments. However, as at the Appointment Date, no development works had been progressed.
- Third party lending to fund the build costs of the Development was provided by KSEYE in August 2019 which was secured by way of a first ranking charge over the Development and KSEYE had appointed a Receiver over the Development prior to the Appointment Date.
- As detailed in the Directors' Report, an offer had been received for the Development and contracts have been exchanged at £1.75m with the sale expected to complete by the end of July 2020.
- It was considered possible that there may be a recovery available to the Liquidation estate following the sale of the Development and settling the outstanding debts owed to KSEYE and BBPIc.
- The Joint Liquidators have therefore been monitoring the progress of the sale during the Reporting Period and have been making enquiries to determine the likelihood of any return to the Liquidation estate.
- Further information in this regard can be found in Section 3.2 below.

#### 3.2 Asset Realisations

Realisations during the Reporting Period are set out in the Receipts and Payments account at Appendix 2.

Further information in relation to the Company's assets and the steps taken by the Joint Liquidators during the Reporting Period to realise these assets are provided below:

#### 3.2.1 Freehold / Leasehold Property

- As noted above, the Company's sole asset per the SOA was the Development.
- During the Reporting Period, the Joint Liquidators have engaged with the Receiver appointed by KSEYE to understand the progress with the sale and the likelihood of any surplus to the Liquidation estate.
- The Receiver has confirmed that the sale of the Property completed on 24 July 2020 for £1.4m.
- The final sale price is considerably lower than the previous offer of £1.75m, despite the purchaser
  having previously exchanged contracts at this sum, as reported in the Directors' Report.
  Accordingly, the Joint Liquidators challenged the Receiver to confirm why this revised offer was
  accepted and to evidence that this was the best price achievable for the Development.
- The Receiver confirmed that the Purchaser had advised that it was unable to raise the required funds in order to complete the transaction at £1.75m and, therefore, had submitted a revised offer.

- The Receiver further confirmed that, in the circumstances and based upon the information available at the time of the sale, they consider that the sale price was the best obtainable. The following comments were made to explain their rationale for this:
  - Advice and formal valuations received from instructed agents confirmed that the property had a value of between £600k - £1.35m and, therefore, they noted that the revised offer of £1.4m was still strong.
  - The COVID-19 pandemic restrictions had been introduced by the UK Government and so the Receiver concluded that running a marketing campaign would likely be very difficult and uncertain in outcome, noting that they would also have either lost the interest from the current interested party who had submitted their revised offer at £1.4m or prompted further price reductions. It was also noted that any such marketing campaign would have likely taken longer than usual, incurring additional professional costs and interest on the loan, thus reducing the prospect of any surplus to the Company;
  - The interested party had contracted into a significant non-refundable deposit as part of their variation of the contact to reduce the purchase price. Together with a secured overage arrangement to protect the position if the purchaser sold the Property on within 12 months for an amount in excess of the contract price, the Receiver's considered that sufficient safeguards were in place to conclude the transaction at this amount. For the avoidance of doubt, the Joint Liquidators are not aware of any onward sale of the Development from publicly available records but are following up with the Receiver to confirm.
- Despite the reduction in sale price, the Joint Liquidators still considered that there may be a
  prospect of recovery for the Liquidation estate and so requested a copy of the completion
  statement from the sale from the Receiver to confirm the position.
- The completion statement confirmed that there was no surplus available to the Liquidation estate.
   The reasons for this primarily being:
  - The costs of the receivership process, including the costs of agents instructed by the Receiver, and solicitors appointed by KSEYE were higher than the Joint Liquidators had anticipated, totalling £215,005; and
  - The delays in the sale of the Property resulted in additional interest being applied to KSEYE's indebtedness which eroded any surplus. It is noted that due to the nature of the loan with KSEYE, being that of development finance, the default interest rate was very high. As noted in the Director's Report, KSEYE's indebtedness totalled £897,250 as at June 2020 but this excluded all interest and default fees that they were entitled to claim under the facility.
- The Joint Liquidators therefore considered if the above were reasonable or if any challenge could result in a return for the estate. Having sought advice in relation to the costs of the receivership process, it was advised that while these costs were high, they would be difficult to challenge and the costs of doing so would be substantial and therefore it may not be cost-beneficial.
- The Joint Liquidators also reviewed the terms of the loan to confirm that KSEYE were entitled to apply the rates of interest charged and this review confirmed that they were in accordance with the terms entered into by the Company.
- The Joint Liquidators were aware that the Directors had entered into a Deed of Surplus in relation
  to the sums due to KSEYE. The terms of this deed ensured that any surplus from the sale of the
  Development could be used to discharge any shortfall to KSEYE in relation to Blackmore SPV 13
  Ltd.

- Despite it being confirmed that there was no surplus from the sale of the Development, the Joint Liquidators sought to ensure that the sums due to KSEYE from Blackmore SPV 13 Ltd hadn't been included in the monies paid to KSEYE from the sale of the Development. The Joint Liquidators' enquiries in this regard confirmed that this was not the case.
- Therefore, despite various avenues being considered, it has been concluded that there is unlikely to be a prospect of a surplus being received in relation to the sale of the Development.
- The Joint Liquidators are currently requesting copies of all VAT invoices in relation to the sale and receivership process given that the Company is VAT registered and so will be entitled to recover the VAT on these invoices from HMRC. Based on the confirmed costs to date, the Joint Liquidators anticipate that this could be between £14k and 29k.
- An update will be provided in the Joint Liquidators' next report to creditors.

#### 3.2.2 Other Assets

- A sum of £431 was being held in a client account with LA Law that belonged to the Company which has been returned to the Liquidation estate in the Reporting Period.
- The Company does not have any other assets that the Joint Liquidators are aware of.

#### 3.2.3 Investigations

- The Joint Liquidators have reviewed the affairs of the Company to find out if there were any actions which could be taken against third parties to increase recoveries for creditors.
- The work undertaken by the Joint Liquidators has included a full review of the Company's banking transactions since incorporation (as within three years prior to the Appointment Date), a forensic review of the Company's accounting records and a review into any material contracts entered into by the Company and its Directors in the period leading to the Liquidation appointment, including a review of the sale of the Development, the process for which had commenced prior to the Liquidators' appointment.
- The Joint Liquidators have a statutory obligation to file a report with BEIS concerning the conduct of all directors of the Company that served in the three years prior to the Appointment Date. The Joint Liquidators have filed their confidential report with BEIS regarding the conduct of the Directors of the Company.
- Whilst the Joint Liquidators did raise concern with the Deed of Surplus and the intention of the
  Directors when entering into this, the agreement did not actually come into effect given the lack of
  surplus from the sale of the Development and so there would be no financial benefit to the
  Liquidation estate in challenging this.
- Certain other transactions have been identified which the Joint Liquidators have been reviewing and these are being considered as part of the wider investigation of BBPIc. The Joint Liquidators are not currently unable to disclose any further details in this regard.

#### 3.3 Costs

Payments made in the Reporting Period are set out in the attached Receipts and Payments Account at Appendix 2.

It should be noted that all fixed charged asset realisations and costs relate to the Property and were dealt with via the Receiver.

#### 3.4 Fees and Expenses

The Joint Liquidators have detailed the costs incurred during the period, whether paid or unpaid, in the schedule of expenses attached at Appendix 3.

Summaries of the most significant expenses which have been incurred in the period but have not been paid are provided below:

Significant Expenses Incurred but not Paid				
Joint <b>Liquidators'</b> Time Costs	£60,035	Total time costs incurred in the Reporting Period is £60,035 (see Appendix 3).		
Legal Fees	£3,228	Gunnercooke has incurred legal fees of £3,228 in assisting the Joint Liquidators and reviewing the documentation relating to the Deed of Surplus and sale of the Development.		

#### 4. Outcome for Creditors

#### 4.1 Secured Creditors

#### <u>Oak</u>

Oak, as security trustee, holds fixed and floating charges over BBPIc's assets and those of the SPVs on behalf of the bondholders. The charge over the Company was created on 26 September 2017 and registered at Companies House on 3 October 2017.

As at the Appointment Date, the amount owed to BBPlc by the Company was approximately £815,810 which the charge held by Oak covers.

This security ranks behind that of KSEYE (below) and, given that there has been no surplus from the sale of the Development, there will not be a distribution to Oak.

#### **KSEYE**

As above, third party lending to fund the development costs of the Development was provided by KSEYE which was secured by way of a first ranking charge over the property. The security granted also includes a floating charge over the other assets of the Company.

The charge over the Company was created on 2 August 2019 and registered at Companies House on 15 August 2019.

Per the SOA, KSEYE were owed £897,250 at June 2020 (excluding the costs of the appointed Receiver).

As above, the completion statement confirmed that the sum due to KSEYE at the time of the sale was significantly higher than the amount noted in the SOA given the rate of interest and default fees being applied.

KSEYE were repaid in full from the proceeds of the sale of the Development.

#### **BBPlc**

As a step to further protect the interest of Bondholders, the Company registered a legal charge in favour of BBPIc. This was created on 24 June 2020 and registered at Companies House on 30 June 2020.

This security ranks behind that of Oak and KSEYE and there will be no distribution to BBPlc.

#### 4.2 Preferential Creditors

The Company did not have any employees and so no preferential claims are anticipated and none have been received to date.

#### 4.3 Prescribed Part

The Company granted security to Oak which was registered on 3 October 2017 and contains floating charges. Therefore, the prescribed part provisions will apply.

However, based on current information, there will insufficient net property to enable a dividend to non-preferential unsecured creditors via the Prescribed Part or otherwise.

#### 4.4 Non-Preferential Unsecured Creditors

According to the Directors' Statement of Affairs, non-preferential unsecured creditors total £268,532 and claims received to date total £599,711, which includes an unsecured element of BBPIc's claim following the valuation of its security.

It is anticipated that there will be insufficient realisations to enable a distribution to the non-preferential unsecured creditors of the Company.

An update will be provided in the Joint Liquidators' next progress report.

#### 5. Other Matters

#### 5.1 Creditors' Committee

A Creditors' Committee has not been established in the Liquidation.

#### 5.2 Joint Liquidators' Receipts and Payments Account

A detailed receipts and payments account for the Reporting Period is shown in Appendix 2, the contents of which are self-explanatory.

#### 5.3 Statement of Creditors' rights

Further information regarding the remuneration and expenses of the Joint Liquidators, including creditors' rights to challenge such costs is provided at Appendix 5, Statement of Creditors' Rights.

#### 6. Fees, Expenses and Pre-Liquidation Costs

#### 6.1 Fees and Expenses

#### 6.1.1 Time Costs

- Time has been charged in six minute units. Details of the time charged for the Reporting Period are attached at Appendix 3.
- Time costs incurred in the Reporting Period total £60,035 which represents 170 hours at an average hourly rate of £354.
- In accordance with SIP 9, the Joint Administrators have provided further narrative detail of the time costs incurred at Appendix 4.

#### 6.1.2 Fees

- The Joint Liquidators have not drawn any remuneration and are not currently asking creditors for approval to draw fees given the lack of funds in the Liquidation estate. Should this position change, the Joint Liquidators may approach the body of creditors for approval of their fees.
- It is anticipated that a further £10,000 of time costs will be incurred in concluding the Liquidation.

#### 6.1.3 Expenses

- Expenses are any payments from the Liquidation estate which are neither the Liquidators' remuneration nor a distribution to a creditor or member. Expenses also include disbursements. Disbursements are payments which are first met by the Liquidator and then reimbursed to the Liquidator from the Liquidation estate.
- Expenses are divided into those that do not need approval before they are charged to the Liquidation estate (Category 1) and those that do (Category 2).
- Category 1 Expenses are payments to persons providing the service to which the expense relates who are not an associate of the Liquidator.
- Category 2 Expenses are payments to associates or which have an element of shared costs and require approval from creditors in the same manner as the Liquidators' remuneration, whether paid directly from the estate or as a disbursement.
- Appendix 3 details the expenses incurred and paid for the Reporting Period.
- In the Reporting Period, Category 1 Expenses of £1,292 were incurred, of which have none have been paid. No Category 2 Expenses were incurred.

#### 6.1.5 Additional Information

- Also attached at Appendix 4 is a narrative summary of the work carried out to assist creditors in understanding the progress of the Liquidation, the associated costs and expenses of the related activities and the financial benefit to creditors.
- Details of how to obtain further information relating to the fees and expenses of the Joint Liquidators is set out in Appendix 5.

#### 6.2 Pre-Liquidation Costs

Pre-Liquidation remuneration, fixed at £5,000 plus VAT, was approved prior to the Liquidation by the board.

However, there have been insufficient asset realisations in the Liquidation estate to enable the Joint Liquidators to draw these.

#### 7. Future Strategy

#### 7.1 Future Conduct of the Liquidation

The Joint Liquidators will continue to manage the affairs, the business and the property of the Company. This will include but not be limited to:

- > Obtaining all VAT invoices in relation to the sale of the Development and ensuring that any VAT to be reclaimed from HMRC is received;
- Monitoring the ongoing investigation works in the Administration of BBPIc and seeking advice as to whether this impacts the requirement to keep the Liquidation of the Company open; and
- If it is confirmed that the Liquidation is not required to be kept open, the Joint Liquidators will arrange for final costs to be discharged to the extent possible and close the Liquidation.

#### 7.2 Future Reporting

The Joint Liquidators will provide a further progress report within two months of 1 July 2022, or earlier if the Liquidation has been completed prior to that time.

The Joint Liquidators anticipate that the next report will be the final report.

If you require further information or assistance, please do not hesitate to contact Joss Mitchison.

Yours faithfully For an on behalf of Blackmore SPV 14 Ltd

- The Joint Liquidators' choice of professional advisors is based on their perception of the experience and ability of the respective firms / individuals to perform their work, the complexity and nature of the assignment and the basis of their fee. All expenses listed above are Catagory I Expenses unless denoted otherwise.

  It is usually more cost effective to employ an external agent to print and mail circulars to crecitors and members, as required by statute.

  The mail references on ensures that are your received by the Company is forwarded on to the Joint Liquidators so ensure all matters are dealt with.

  The Joint Liquidators instructed Gumenoelle Lip to provide legal advice relating to the appointment of Liquidators and assisting the review of the Receiver's actions in the sale of the Development.

  Category 1 Expenses are payment for insolvency practitioners to have a bond on each case to which they are appointed. The cost is based on the value of the assets.

  Statutory adventising of the Notice of Appointment in the London Cazette is required under insolvency practitioners instructed JLT to provide sufficient insurance cover over the Company's assets.

  Category 2 Expenses are costs that are directly referable to the Liquidators third party.

The above costs exclude VAT.
