1. STATUTORY INFORMATION

Mr & Mrs P Hanlon Portfolio A Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

In preparing the financial statements, the directors are required to make an assessment of the ability of the company to continue as a going concern. The directors have considered all available evidence for the company which covers the 12 month period from the date of signing these financial statements. Against the backdrop of the COVID-19 Pandemic the directors have paid particular attention to likely cashflow requirements and the future availability of adequate cashflow to the company.

On the basis of this consideration, the directors are satisfied that the company has adequate resources to continue in operational existence and to meet its liabilities as they fall due for the foreseeable future. In reaching this conclusion they consider that no material uncertainty exists. As a result, the directors have concluded that it remains appropriate to adopt a going concern basis of preparation in these financial statements.

The directors have made an assessment about the company's ability to continue as a going concern and they do not consider there to be any material uncertainties. As a result they have adopted the going concern basis of accounting.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.
