The Articles of Association for Romero Catholic Academy Trust express an alignment with the Diocese of Salford practices: 'To co-operate and work together to provide a framework for education which is in accordance with the teachings, doctrines, discipline and norms of the Catholic Church and with any guidelines and policies of the Salford Diocesan Department for Education.'

The Trust works closely with the Diocesan Education Office and all Catholic schools within the Diocese, through the Diocesan Primary Partnership and the Diocesan Secondary Heads group.

Engagement with employees (including disabled persons)

During the 2021/2022 period The Trust has engaged with its employees via CEO email communication and each academy's Headteacher. The Trust communicates key decisions and matters of importance after each Board meeting at Headteacher and School Business Manager forums, which allows for employee updates to be provided at each academy's regular leadership team meetings. Communication from employees back to the Trust has occurred via the completion of employee engagement surveys. HR arranged further meeting with a sample of employees on a one-to-one basis with a view to analysing the findings and considering key improvement initiatives. The Trust also has a social media platform which employees can access to be informed of current developments and news.

Romero Catholic Academy Trust

Director's Report for the Year Ended 31 August 2022 (continued)

The Trust has an established framework in place for consultation and discussion via a Trade Union Recognition Agreement. The Trust also pays facilities time to recognise the importance of trade unions in the employer-employee relationship. The Trust has a Wellbeing Policy and although this Policy is intended to be nothing but supportive, comments from the union representatives were sought prior to rollout. The Trust CEO, HR Manager and Union representatives consult on policy development and employee relations issues three times a year or more frequently if required.

Headteacher Performance Management is dealt with by the CEO and objectives are layered to reflect the key priorities at both Academy and Trust level. Headteachers organise the performance management arrangements for all employees within each Academy to ensure performance of employees is linked to key priorities and support the Trust's overall vision and strategic priorities.

The Trust has an Equalities Statement, accessible via the Website (Equalities-statement.pdf (romerocat.org)) which deals with its responsibilities under the Equality Act 2010 and to meet the Public Sector Equality Duty. This sets out the Trust's commitment to prohibit unfair treatment and achieve equal opportunities in the classroom, the workplace and in wider society, and to embed equality considerations in day-to-day school practice to tackle discrimination and inequality. The Trust's Equalities Statement confirms that as an employer 'the Trust must not discriminate against a potential employee in respect of whether to offer a job or the terms on which a position is offered and must not discriminate against an existing employee in respect of the benefits, facilities and services offered to employees, including training opportunities, promotion or dismissal'.

Engagement with suppliers, customers and others in a business relationship with the trust

The overall vision of the Romero Catholic Academy Trust is wider than the provision of education to our pupils. The Trust and our schools recognise that we are part of a community of stakeholders and our vision reflects this ethos:

'Our schools within the trust will work in partnership with each other to provide deep levels of support to staff and to expand the opportunities for our pupils. We work with families and parishes to promote strong, positive relationships. Every school in the Trust is on a journey of continual improvement, aspiring to be more, not have more.'

Trustees and governors have a crucial role to play in connecting their school with the wider community of business and other professional people in order to enhance the education and career aspirations of pupils. The Board encourages each secondary school to have a nominated individual who takes a strategic interest in careers education and guidance and encourages employer engagement. Additionally, each Governing Committee is requested to have a link governor with responsibility for community engagement. The role includes:

- Reviewing staff, parent and student surveys and reporting issues to governing committee/ relevant working groups.
- Monitoring school responses to issues raised in surveys
- Attending meetings of the School Council and championing its voice of the Governing Committee
- Undertaking periodic checks of website to ensure all statutory information is published on website
- Developing a good understanding of the priorities of the school community including the business community

Strategic Report

Achievements and performance

The Trust accelerated its growth this year with St Mary Magdalene's RC Primary joining the family of schools in May 2022. This will be followed by a further two primary schools in September and a high school in December. Up to three more school may join the Trust by the end of the academic year.

This year the Trust has prioritised:

Taking immediate action to identify where children have gaps in their learning and development, as result of the school closure, and planned intervention takes place to address these gaps. To achieve this schools ensured that:

- The school improvement plan clearly identifies actions, time scales and cost for intervention
- There is a clear plan and audit trail of the use of catch-up funding for governors and trust leaders to review each term
- Pupils with SEND and Disadvantaged pupils' progress is tracked and additional intervention is put in place when required
- To be able to confidently report to governors and trust leaders on the quality of teaching and learning across the school

This year the Trust's strategic aims have remained a focus, and we have sort to retain and embed progress made in previous years including:

- Develop the Trust's Vision and Values and share these with all stakeholders
- Established a central school improvement and support offer
- Strengthen the external quality assurance of school judgements
- Developing provision for a 'continuum of professional development' and wellbeing for all Trust staff
- All Trust staff and leaders prioritising increasing their understanding of how children learn and the effectiveness of their subject pedagogy
- Establish a collaborative response to priority areas for school improvement
- Standardise self-evaluation and Headteachers' report to LGBs to enable effective comparisons and quality assurance
- Extend the review of governance across the Trust and its schools
- Consolidate the Central Executive Team with additional capacity in HR, finance and governance
- Develop more robust governance at Trust level with additional committees
- Develop with the diocese a model for growth
- Improve the processes and capacity for internal audit
- Implement a robust training programme for school business managers to ensure compliance with the Academy Trust Handbook 2021 and the Trust's financial handbook
- Provide significant leadership support for maintained schools at risk within the Trust's geographical area

Achievements and Performance: Key Performance Indicators (2021-22)

Phonics screening, Key Stage 2 SATs and GCSE and vocational examinations returned in 2021 although because of the uneven impact of the pandemic, comparisons between schools nationally and locally are regarded as unreliable as therefore the results will not be published. Equally, the Department for Education and Ofsted, will not compare accountability measures from 2021/22 to previous years. Previous data would be before the schools converted to the Romero Catholic Academy Trust. The schools' previous data (2019) is available through the DfE <https://www.compare-schoolperformance.service.gov.uk/find-a-school-in-england>.

Going concern

After making appropriate enquiries, the Board of Trustees has a reasonable expectation that the academy trust has adequate resources to continue in operational existence for the foreseeable future. For this reason, it continues to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the Statement of Accounting Policies.

Promoting the success of the academy

The Board of Trustees seeks to embed a culture within the Trust of the highest standards of conduct that matches our strategic objectives and in doing so delivers benefits to all our stakeholders including our members, employees and the local communities and families that we serve.

Over the year Romero Catholic Academy Trust expended £18,671,871 (2021 restated: £17,121,162), resulting in net deficit of £892,855 (2021 restated: net deficit of £867,764) leading to reserves carried forward of £2,813,359 (2021 restated: £4,618,786). Of this £156,683 (2021 restated: £223,908) which related to restricted general funds for the academies which is being carried forward to be utilised in future years. £1,651,475 (2021: £1,239,601) of unrestricted funds are to be used within the Academies Charitable objectives. The Trust also has a restricted fixed assets fund of £1,009,201 (2021 restated: £1,063,705) which is being carried forward and will be spent in line with the Capital Grant programme and offset future depreciation charges.

During the financial year the Trust has been affected by the COVID-19 pandemic, extra funding was provided by the ESFA which was not originally budgeted for, and extra expenses were incurred, particularly in relation to supply teaching costs. All the schools within the Trust were not adversely affected from a financial perspective as a result of the COVID-19 pandemic due to the extra funding provided. However, the lasting effect of the pandemic leaves the financial position going forward with a level of uncertainty around staffing expenditure in particular, especially as there is no certainty around any further funding to assist schools with further unbudgeted costs should an academy Trust hold more than 4% of funding as reserves.

In April 2022, St Mary Magdalene's RC Primary school joined the Trust bringing the number of schools to seven. Further expansion is planned with three further primary schools and one high school in advanced stages of conversion. The addition of these schools will not only add to the capacity of the Trust to deliver school improvement, but will add financial resilience to the Trust and enable the sustained expansion of the support and offer to schools.

Romero Catholic Academy Trust

Director's Report for the Year Ended 31 August 2022 (continued)

Strategic Report

The decision of the diocese to move towards a fully academized model for its schools by 2030, allows far greater security of Trust's finances and the strategic planning of the Central Team.

During the year the Accounting Officer has been working with the Central Team, the business managers and the Trust's external auditors to implement efficient and quality financial management systems.

These systems are continuously under review and will be implemented at each school as they open.

The Trust occupies land, including buildings, which are owned by its Members, the Diocese of Salford. The Members are the providers of the schools on the same basis as when they were maintained schools. The continuing permission of the Members is pursuant to, and subject to, the Members' charitable objectives and is part of the Catholic Church's contribution since 1847 to provide state funded education in partnership with the state. Having therefore considered the basis of which the Trust is occupying the land and buildings the Trustees have concluded that the value of the Trust schools' land and buildings will not be recognised on the Trust's balance sheet.

Reserves policy

The level of reserves held in the Financial Review noted above. The level of reserves held at each school at 31st August 2022 is considered to be sufficient and in-line with the Trust Reserves Policy. The Trust needs to hold reserves to protect its activities by providing a financial comfort zone against an unpredictable environment and to make sufficient provision for future cash flow requirements and capital procurement. Further reasons are listed below:

- Contingency fund to deal with minor adjustments to operational expenditure from some budget headings;
- A planned accumulation of funds to pay for some major construction work or project;
- Expenditure held over to the following year to withstand variations in the level of funding to the Trust to balance out variations in funding levels; and
- Potential redundancy payments to staff.

In order to achieve this sustainability moving forward, the Trust has implemented within its policy that restricted reserves are only available once the Trust has met its commitments and other planned expenditure and is in accordance with the limitations outlined in the original funding.

As noted above, the restricted general reserves carried forward are a surplus of £156,683 (2021: £223,908). This is after accounting for the pension deficit reserve of £4,000 (2021: £7,146,000). Excluding the pension deficit reserve and designated funds, the total restricted and unrestricted general funds are £1,808,158 (£1,463,509) as at 31st August 2022. Reserves held in excess of the target reserves will be reviewed by the Trust on a regular basis and an appropriate range of options will be considered which might include releasing the funds into revenue budget in furtherance of the Trust's objectives, assigning funds to appropriate designated reserves as may be determined by the Trust; or investing the funds to generate further income to allow expansion of the Trust's work.

The Board of Trustees ensure that the Reserves Policy is in accordance with the requirements laid down in the Academy Trust Handbook 2021 by the ESFA. The Department for Education expects the Trust to use their allocated funding for the full benefit of current pupils. If Trusts have surplus, they must have a clear plan for how it will be used to benefit their pupils. It is the policy of the Trust to have reserves which can be used for future education purposes in line with the development plans.

Romero Catholic Academy Trust

Director's Report for the Year Ended 31 August 2022 (continued)

Strategic Report

Under accounting standard FRS102, it is necessary to charge projected deficits on the Local Government Pension Scheme, which is provided for support staff, to the restricted fund. This resulted in the pension funds showing a deficit of £4,000 at 31st August 2022. It should be noted that this does not present a liquidity problem for the Trust and that we aim to carry out a review of contributions to the pension scheme in order to see a reduction in the pension deficit in future periods.

Investment policy

All investments are agreed by the Trustees, which have regard to the Charity Commission guidance in relation to charity investment policy. The Trust does not currently hold any investments other than cash, which is held for its normal operations. The Trustees have adopted a low-risk strategy to its cash holdings. Surplus cash is held in an instant access account to ensure that there is always sufficient cash to meet short and medium-term requirements.

In the longer term, as reserves build up, the Trust will seek to maximise its return by investing surplus cash in time deposits with banks approved by the Trustees.

Principal risks and uncertainties

The principal risks and uncertainties facing the Trust are centred on changes in the level of funding from DfE/ESFA. In addition, the Academy Trust is a member of the Local Government Pension Scheme, which results in the recognition of a significant deficit on the academy trust Balance Sheet. As at 31 August 2022, the movement in actuarial assumptions and strength of the stock market has lead to the deficit significantly reducing.

An in depth risk assessment is undertaken as part of the Trust's School Improvement Framework. This work is overseen by the Trustees in line with the Trust's Risk Management Policy.

Other principal financial risks are centred on:

- Overspending of the Trust budget
- Errors in the accounts caused by inadequately skilled or experienced staff
- Cash flow shortage
- Budget risks including deficit budgets
- Reconciliations not completed on time and balances inaccurate
- Identifying related party transactions
- Failure to ensure security of the financial and other systems
- LGPS deficit

Trustees have implemented a number of controls to ensure the financial risks are able to be identified and mitigated, these include:

- Robust reviews of the budget held at Trustee level, presenting challenge and accountability to those involved in the budget setting process
- Budgets are reviewed on a half-yearly basis
- Management accounts are prepared and reviewed monthly
- Training for School Business Managers is provided by the CFO on a termly basis and further qualifications are encouraged
- Financial procedures and internal controls have been developed and challenged by internal audit
- Review of the contributions to the LGPS to be carried out to aim to reduce the pension deficit
- Cash flow forecasts form part of the monthly management accounts pack

Romero Catholic Academy Trust

Director's Report for the Year Ended 31 August 2022 (continued)

Strategic Report

- Monthly budget/management accounts schedules add clarity to the month end procedures

The Trust has fully implemented the requirements of the Safe Recruitment procedures and a number of staff have received training in this area in addition all staff have had training on Child Protection.

Fundraising

The academy trust does not use any external fundraisers. All fundraising undertaken during the year was monitored by the Trustees. The Trust has nominated a senior leader who is responsible for ensuring that charitable giving by pupils, staff and families is appropriate and only allows fundraising activities if:

- The charity is registered with the UK's Charity Commission
- The charity and the cause demonstrate no political, religious or cultural discrimination
- The Charity's values are consistent with fundamental British values of democracy, rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs
- There is no compulsion for pupils, staff and families to participate in any fundraising activities
- If the monies raised are to be split across a number of charities the basis of this split must be notified in advance and during the fundraising activity
- Pupils and staff organising fundraising are adequately inducted on the appropriate procedures
- Learning is not disrupted by fundraising
- All charitable giving is entered on to the Charitable Giving Record and is reviewed and approved by the nominated senior leader
- Evidence is sought to ensure charitable funds have been appropriately spent

Streamlined Energy and Carbon Reporting

As the trust has not consumed more than 40,000 kWh of energy in this reporting period, it qualifies as a low energy user under these regulations and is not required to report on its emissions, energy consumption or energy efficiency activities.

Plans for future periods

Headteachers are engaging with the strategic plan to ensure that it reflects schools' priorities and actions. However, the effects of the Covid-19 pandemic have resulted in emergency priorities. The focus for headteachers has been to safely reopen schools whilst offering a full broad and balanced curriculum. Within this, Headteachers are also addressing the legacy needs of pupils' mental health and wellbeing. This involves:

- Effective risk assessment is in place, regularly reviewed and implemented.

Romero Catholic Academy Trust

Director's Report for the Year Ended 31 August 2022 (continued)

Strategic Report

- The Catholic life of the school is maintained through collective acts of worship, observation of the liturgical year and charitable work.
- Pupils who are absent through Covid-19 related absence receive their education entitlement including through online learning when required.
- Child protection and safeguarding remains a priority, including the mental health and wellbeing of pupils and those pupils whose attendance has deteriorated after the pandemic
- Pastoral support for pupils is reviewed and new approaches implemented when required to address issues of mental health and behaviour issues.
- Staff wellbeing is regularly reviewed and recorded to ensure a duty of care. The Trust will act upon the outcome of the Stakeholder Engagement surveys at both a local and strategic level
- Secondary schools will ensure Year 11 pupils are carefully assessed in case centre assessed grades are required as a result of Covid-19 outbreaks

• Monitoring of curriculum to ensure broad and balanced curriculum is being consistently and effectively delivered across school.

Also, heads are focusing on the gaps in learning of pupils who have had their time in school reduced, as result of Covid-19 and particularly the disadvantaged. This involves:

- The school improvement plan clearly identifies actions, time scales and cost for intervention.
- There is a clear plan and audit trail of the use of catch-up funding for governors and trust leaders to review each term.
- Disadvantaged pupils' progress is tracked, and additional intervention is put in place when required including a monitoring of reading.
- Data is collected to monitor length and frequency of pupil absence due to COVID-19 allowing for further targeted intervention.
- Engagement and communication with parents is maintained so that they are aware of the school's intervention and can more effectively support their child's learning.
- Curriculum and assessment developed across school to ensure full coverage of skills-based curriculum, delivering effective sequences of learning and building on children's experiences, knowledge and understanding

The three key aims for the 2022-23 academic year are outlined below:

- Ensure the Trust's schools mitigate against the risks and loss of learning as a result of the Covid19 pandemic and the schools become examples of best practice in terms of remote learning and catch-up provision.

Romero Catholic Academy Trust

Director's Report for the Year Ended 31 August 2022 (continued)

Strategic Report

- Sustain improving trends in schools' provision and outcomes -all aspects of our schools' provision are at least good.
- Grow the number of schools in the Trust to enable even more effective collaboration - our aim is to increase the Trust by 3 schools in September 2023

Auditor

Insofar as the Trustees are aware:

- there is no relevant audit information of which the charitable company's auditor is unaware; and
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information. Beever and Struthers are willing to continue in office and a resolution to reappoint them will be proposed at the Annual General Meeting.

Governance Statement

Statement on governance and internal control

Scope of responsibility

As Trustees we acknowledge we have overall responsibility for ensuring that Romero Catholic Academy Trust has an effective and appropriate system of control, financial and otherwise. However, such a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss. As trustees, we have reviewed and taken account of the guidance in DfE's Governance Handbook and competency framework for governance.

The Board of Trustees has delegated the day to day responsibility to Mr D Callaghan (Accounting Officer), as Accounting Officer, for ensuring financial controls conform with the requirements of both propriety and good financial management and in accordance with the requirements and responsibilities assigned to it in the funding agreement between Romero Catholic Academy Trust and the Secretary of State for Education. They are also responsible for reporting to the Board of Trustees any material weaknesses or breakdowns in internal control.

Where Trustees have tendered apologies during the period this has been due to work commitments.

The trustees undertook self-review of their effectiveness using the framework provided by the Confederation of School Trusts under the headings of: Strategic Leadership, Accountability, People, Structures, Compliance and Self-evaluation. As a result of the self-review, the trustees have identified key areas for their development. This review involved the engagement of a DfE accredited National Leader of Governance who reviewed delegation of powers, and decision-making process within the Board. This has resulted in a review of the scheme of delegation to ensure it fits with the practices identified in the review.

Governance reviews

Review of value for money

As accounting officer, the Chief Executive has responsibility for ensuring that the Academy Trust delivers good value in the use of public resources. The Accounting Officer understands that value for money refers to the educational and wider societal outcomes achieved in return for the taxpayer resources received. The Accounting Officer must consider how the Trust's use of its resources have provided good value for money during each academic period, and reports to the Board of Trustees where value for money can be improved, including the use of benchmarking data where appropriate. The Accounting Officer for the Academy Trust has delivered improved value for money during the period by: -

- Improving educational standards

- *Refining the education model to be applied across some Trust schools aimed at maximising pupil performance*
- *Developing a Quality Assurance framework so that it is focused on areas for development.*

This is to ensure that resources are carefully targeted on addressing underperformance and maximising improvement

- *Developing high quality Continuing Professional Development (CPD) to school business managers*

- Robust governance and oversight of Multi Academy Trust finances

- *The Trust is developing clear guidance through a financial management handbook and this is increasingly embedded within the Trust's financial processes*

The Trust has implemented a programme of works for the Internal Auditor and reports will highlight the practices in place at the schools as well as risk recommendations. Any recommendations from the internal audit reports will be actioned at both the school and Trust level with a considerable amount of this work already being undertaken.

- Better Purchasing

The schools promote fair competition through quotations and tenders, in accordance with its financial regulations, to ensure that goods and services are secured in the most economic and effective way.*

This is being extended to other areas where better value can be found.*
- *Budget holders review and sign off every purchase order request and regularly challenge these for efficiency and effectiveness.*

Romero Catholic Academy Trust

Governance Statement (continued)

The purpose of the System of Internal Control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives. It can, therefore, only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of academy trust policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place at Romero Catholic Academy Trust for the period 1st September 2021 to 31st August 2022 and up to the date of approval of the annual report and financial statements. The Trust has identified a number of deficiencies during post year end. The Trust has fully re-evaluated its internal controls and processes and has invested adequate resources to facilitate the remedy of the identified deficiencies.

Capacity to Handle Risk

The Board of Trustees has reviewed the key risks to which the Academy Trust is exposed together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The board of trustees is of the view that there is a formal on-going process for identifying, evaluating and managing the academy trust's significant risks that has been in place for the period 1st September 2021 to 31st August 2022 and up to the date of approval of the annual report and financial statements. This process is regularly reviewed by the Board of Trustees.

The Risk and Control Framework

The academy trust's system of internal financial control is based on a framework of regular management information and administrative procedures including the segregation of duties and a system of delegation and accountability. In particular, it includes:

- comprehensive budgeting and monitoring system with an annual budget and periodic financial reports which are reviewed and agreed by the Board of Trustees;
- regular reviews undertaken by the resources committee of reports which indicate financial performance against the forecasts and a of major purchase plans, capital works and expenditure programmes;
- setting targets to measure financial and other performance;
- clearly defined (asset purchase or capital investment) guidelines;
- identification and management of risks;

Romero Catholic Academy Trust

Governance Statement (continued)

- delegation of authority by using the Scheme of Delegation; and
- Identification, tracking and management of risks The Board of Trustees has considered the need for a specific internal audit function and has decided to appoint Cofie Ltd as their internal auditors from 1st September 2021

The Internal Auditor's role includes giving advice on financial matters and performing a range of checks on the Academy Trust's financial systems. The role will focus upon the following areas: -

- Finance Procedures Manual
- Financial Management Reports
- Payroll
- Purchases
- Bank Reconciliation
- Capital Contracts
- Control Accounts

Reviews are underway in the 2022/23 financial year to assist in identifying other areas in which the Trust are able to implement an improved control environment.

In particular the checks carried out in the current period included:

- Review of all bank accounts and petty cash;
- Review of the current financial manual;
- Review of procurement procedures;
- Review of benchmarking and ICFP and their impact;
- Review of management accounts; review of Director meetings;
- Review of directors and related party transactions;
- Review of Schemes of Delegation and Terms of Reference;
- Review of the Trust Business Continuity Plan;
- Review of year end procedures and plans;
- Review of the purchasing systems;
- Payroll review;
- Review of income streams.

On a termly basis the reports to the Board of Trustees, through the finance, audit and resources committee on the operation of the systems of control and on the discharge of the board of trustees' financial responsibilities and annually prepares an annual summary report to the committee outlining the areas reviewed, key findings, recommendations and conclusions to help the committee consider actions and assess year on year progress.

Review of Effectiveness

As Accounting Officer, Mr D Callaghan (Accounting Officer) has responsibility for reviewing the effectiveness of the system of internal control. During the year in question the review has been informed by:

- the work of the internal Auditor;
- the work of the executive managers within the Academy Trust who have responsibility for the development and maintenance of the internal control framework
- the financial management and governance self-assessment process or the school resource management self-assessment tool;

Romero Catholic Academy Trust

Romero Catholic Academy Trust

Independent Auditor's Report on the Financial Statements to the Members of Romero Catholic Academy Trust

Opinion

We have audited the financial statements of Romero Catholic Academy Trust "the academy trust" for the year ended 31 August 2022, which comprise the Statement of Financial Activities for the year ended 31 August 2022 (including Income and Expenditure Account), Balance Sheet as at 31 August 2022, Statement of Cash Flows for the year ended 31 August 2022, and Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice) and the Academies Accounts Direction 2021 to 2022 issued by the Education and Skills Funding Agency.

In our opinion the financial statements:

- give a true and fair view of the state of the Academy's affairs as at 31 August 2022 and of its incoming resources and application of resources, including income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006 and the Academies Accounts Direction 2021 to 2022 issued by the Education and Skills Funding Agency.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the academy trust in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Academy's ability to continue as a going concern for a period of at least twelve months from when the original financial statements were authorised for issue.

Our responsibilities and the responsibilities of the Trustees with respect to going concern are described in the relevant sections of this report.

Other information

The Directors (who are also the directors of the academy trust for the purposes of company law) are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Romero Catholic Academy Trust

Independent Auditor's Report on the Financial Statements to the Members of Romero Catholic Academy Trust (continued)

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Director's Report (incorporating the Strategic Report) for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of our knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of Directors

As explained more fully in the Statement of Director's Responsibilities set out on page 29, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Academy's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Academy or to cease operations, or have no realistic alternative but to do so.

Auditor Responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Romero Catholic Academy Trust

The extent to which the audit was considered capable of detecting irregularities including fraud

Our approach to identifying and assessing the risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, was as follows:

- the engagement partner ensured that the engagement team collectively had the appropriate competence, capabilities and skills to identify or recognise non-compliance with applicable laws and regulations.
- we identified the laws and regulations applicable to the academy through discussions with directors and other management, and from our knowledge and experience of the academy sector.
- we focused on specific laws and regulations which we considered may have a direct material effect on the financial statements or the operations of the academy, including the Companies Act 2006, the Charities Act 2011, and the Academies Accounts Direction 2021 to 2022 and Academy Trust Handbook 2021, both issued by the Education and Skills Funding Agency.
- we assessed the extent of compliance with the laws and regulations identified above through making enquiries of management and inspecting legal correspondence.
- identified laws and regulations were communicated within the audit team regularly and the team remained alert to instances of non-compliance throughout the audit.

We assessed the susceptibility of the academy's financial statements to material misstatement, including obtaining an understanding of how fraud might occur, by:

- making enquiries of management as to where they considered there was susceptibility to fraud, their knowledge of actual, suspected and alleged fraud.
- considering the internal controls in place to mitigate risks of fraud and non-compliance with laws and regulations.

To address the risk of fraud through management bias and override of controls, we:

- performed analytical procedures on material balances for which robust, substantive analytical procedures have been undertaken to identify any unusual or unexpected relationships.
- tested journal entries to identify unusual transactions.
- investigated the rationale behind significant or unusual transactions.

There are inherent limitations in our audit procedures described above. The more removed that laws and regulations are from financial transactions, the less likely it is that we would become aware of non-compliance. Auditing standards also limit the audit procedures required to identify non-compliance with laws and regulations to enquiry of the directors and other management and the inspection of regulatory and legal correspondence, if any.

Material misstatements that arise due to fraud can be harder to detect than those that arise from error as they may involve deliberate concealment or collusion.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

This report is made solely to the academy trust's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the academy trust's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the academy trust and the academy trust's members as a body, for our audit work, for this report, or for the opinions we have formed.

Independent Reporting Accountant's Assurance Report on Regularity to Romero Catholic Academy Trust and the Education and Skills Funding Agency

In accordance with the terms of our engagement letter dated 4 November 2020 and further to the requirements of the Education and Skills Funding Agency (ESFA) as included in the Academies Accounts Direction 2021 to 2022, we have carried out an engagement to obtain limited assurance about whether the expenditure disbursed and income received by Romero Catholic Academy Trust during the period 1 September 2021 to 31 August 2022 have been applied to the purposes identified by Parliament and the financial transactions conform to the authorities which govern them.

This report is made solely to Romero Catholic Academy Trust and the ESFA in accordance with the terms of our engagement letter. Our work has been undertaken so that we may state to Romero Catholic Academy Trust and the ESFA those matters we are required to state in a report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Romero Catholic Academy Trust and the ESFA, for our work, for this report, or for the conclusion we have formed.

Respective responsibilities of the Governing Body's accounting officer and the reporting accountant

The Accounting Officer is responsible, under the requirements of the Board of Trustees's funding agreement with the Secretary of State for Education dated 23 October 2019 and the Academy Trust Financial Handbook extant from 1 September 2021, for ensuring that expenditure disbursed and income received is applied for the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Our responsibilities for this engagement are established in the United Kingdom by our profession's ethical guidance and are to obtain limited assurance and report in accordance with our engagement letter and the requirements of the Academies Accounts Direction 2021 to 2022. We report to you whether anything has come to our attention in carrying out our work which suggests that in all material respects, expenditure disbursed and income received during the year from 1 September 2021 to 31 August 2022 have not been applied to purposes intended by Parliament or that the financial transactions do not conform to the authorities which govern them.

Approach

We conducted our engagement in accordance with the Framework and Guide for External Auditors and Reporting Accountant of Academy Trusts issued by ESFA. We performed a limited assurance engagement as defined in our engagement letter.

The objective of a limited assurance engagement is to perform such procedures as to obtain information and explanations in order to provide us with sufficient appropriate evidence to express a negative conclusion on regularity.

A limited assurance engagement is more limited in scope than a reasonable assurance engagement and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in a reasonable assurance engagement. Accordingly, we do not express a positive opinion.

Our engagement includes examination, on a test basis, of evidence relevant to the regularity and propriety of the academy trust's income and expenditure.

The work undertaken to draw to our conclusion includes:

- Review and testing of financial systems of internal control
- Sample testing of transactions
- Discussions with management

Conclusion

In the course of our work, nothing has come to our attention which suggests that in all material respects the expenditure disbursed and income received during the year from 1 September 2021 to 31 August 2022 has not been applied to purposes intended by Parliament and the financial transactions do not conform to the authorities which govern them.

Notes to the Financial Statements for the Year Ended 31 August 2022

1 Accounting policies

A summary of the principal accounting policies adopted (which have been applied consistently, except where noted), judgements and key sources of estimation uncertainty, is set out below.

Basis of preparation

The financial statements of the academy trust, which is a public benefit entity under FRS 102, have been prepared under the historical cost convention in accordance with the Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102), the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)), the Academies Accounts Direction 2021 to 2022 issued by ESFA, the Charities Act 2011 and the Companies Act 2006.

Romero Catholic Academy Trust meets the definition of a public benefit entity under FRS 102.

Details regarding prior year restatement of the financial statement is given in Note 2.

Going concern

The directors assess whether the use of going concern is appropriate i.e. whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the company to continue as a going concern. The directors make this assessment in respect of a period of at least one year from the date of authorisation for issue of the financial statements and have concluded that the academy trust has adequate resources to continue in operational existence for the foreseeable future and there are no material uncertainties about the academy trust's ability to continue as a going concern, thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

Income

All incoming resources are recognised when the academy trust has entitlement to the funds, the receipt is probable and the amount can be measured reliably.

Grants

Grants are included in the Statement of Financial Activities on a receivable basis. The balance of income received for specific purposes but not expended during the period is shown in the relevant funds on the balance sheet. Where income is received in advance of meeting any performance-related conditions there is not unconditional entitlement to the income and its recognition is deferred and included in creditors as deferred income until the performance-related conditions are met. Where entitlement occurs before income is received, the income is accrued.

General Annual Grant is recognised in full in the Statement of Financial Activities in the year for which it is receivable and any abatement in respect of the period is deducted from income and recognised as a liability.

Capital grants are recognised in full when there is an unconditional entitlement to the grant. Unspent amounts of capital grants are reflected in the balance sheet in the restricted fixed asset fund. Capital grants are spent on capital projects in line with the terms and conditions of the grant. Capital grants are recognised when there is entitlement and are not deferred over the life of the asset on which they are expended.

1 Accounting policies (continued)

Sponsorship income

Sponsorship income provided to the academy trust which amounts to a donation is recognised in the Statement of Financial Activities in the period in which it is receivable (where there are no performance-related conditions), where the receipt is probable and it can be measured reliably.

Donations

Donations are recognised on a receivable basis (where there are no performance-related conditions) where the receipt is probable and the amount can be reliably measured.

Other income

Other income, including the hire of facilities, is recognised in the period it is receivable and to the extent the academy trust has provided the goods or services.

Transfer on conversion

Where assets and liabilities are received by the academy trust on conversion to an academy, the transferred assets are measured at fair value and recognised in the balance sheet at the point when the risks and rewards of ownership pass to the academy trust. An equal amount of income is recognised as transfer on conversion within donations and capital grant income to the net assets received.

Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

Expenditure on raising funds

This includes all expenditure incurred by the academy trust to raise funds for its charitable purposes and includes costs of all fundraising activities events and non-charitable trading.

Charitable activities

These are costs incurred on the academy trust's educational operations, including support costs and costs relating to the governance of the academy trust apportioned to charitable activities.

All resources expended are inclusive of irrecoverable VAT.

1 Accounting policies (continued)

Tangible fixed assets

Assets costing £1,000 (IT equipment £500) or more are capitalised as tangible fixed assets and are carried at cost, net of depreciation and any provision for impairment.

Where tangible fixed assets have been acquired with the aid of specific grants, either from the government or from the private sector, they are included in the Balance Sheet at cost and depreciated over their expected useful economic life. Where there are specific conditions attached to the funding requiring the continued use of the asset, the related grants are credited to a restricted fixed asset fund in the Statement of Financial Activities and carried forward in the Balance Sheet. Depreciation on the relevant assets is charged directly to the restricted fixed asset fund in the Statement of Financial Activities. Where tangible fixed assets have been acquired with unrestricted funds, depreciation on such assets is charged to the unrestricted fund.

Depreciation is provided on all tangible fixed assets other than freehold land and assets under construction, at rates calculated to write off the cost of each asset on a straight-line basis over its expected useful life.

Assets in the course of construction are included at cost. Depreciation on these assets is not charged until they are brought into use and reclassified to freehold or leasehold land and buildings.

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying value of any fixed asset may not be recoverable. Shortfalls between the carrying value of fixed assets and their recoverable amounts are recognised as impairments. Impairment losses are recognised in the Statement of Financial Activities.

Asset class	Depreciation method and rate
Leasehold Land and Buildings	125 years
Plant and Machinery	7 years
Fixtures, Fittings and Equipment	7 years
ICT Equipment	3 years
Motor Vehicles	7 years

Land and Buildings which are occupied under licence from the Diocese are not recognised as a leasehold asset in accordance with the Academy Accounts Direction 2021 to 2022.

Liabilities

Liabilities are recognised when there is an obligation at the balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Liabilities are recognised at the amount that the academy trust anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide.

Provisions

Provisions are recognised when the academy trust has an obligation at the reporting date as a result of a past event which it is probable will result in the transfer of economic benefits and the obligation can be estimated reliably.

Leased assets

Rentals under operating leases are charged on a straight-line basis over the lease term.

Romero Catholic Academy Trust

Notes to the Financial Statements for the Year Ended 31 August 2022 (continued)

1 Accounting policies (continued)

Financial Instruments

The academy trust only holds basic financial instruments as defined in FRS 102. The financial assets and financial liabilities of the academy trust and their measurement basis are as follows:

Financial assets - trade and other debtors are basic financial instruments and are debt instruments measured at amortised cost as detailed in note 14. Prepayments are not financial instruments. Amounts due to the charity's wholly owned subsidiary are held at face value less any impairment.

Cash at bank - is classified as a basic financial instrument and is measured at face value.

Financial liabilities - trade creditors, accruals and other creditors are financial instruments, and are measured at amortised cost as detailed in notes 15. Taxation and social security are not included in the financial instruments disclosure definition. Deferred income is not deemed to be a financial liability, as the cash settlement has already taken place and there is an obligation to deliver services rather than cash or another financial instrument. Amounts due to charity's wholly owned subsidiary are held at face value less any impairment.

Taxation

The academy trust is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes.

Accordingly, the academy trust is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

Pension benefits

Retirement benefits to employees of the academy trust are provided by the Teachers' Pension Scheme ('TPS') and the Local Government Pension Scheme ('LGPS'). These are defined benefit schemes. The TPS is an unfunded scheme and contributions are calculated to spread the cost of pensions over employees' working lives with the academy trust in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. The contributions are determined by the Government Actuary based on quadrennial valuations using a prospective unit credit method. TPS is an unfunded multiemployer scheme with no underlying assets to assign between employers. Consequently, the TPS is treated as a defined contribution scheme for accounting purposes and the contributions recognised in the period to which they relate.

The LGPS is a funded multi-employer scheme and the assets are held separately from those of the Academy Trust in separate trustee administered funds. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit credit method and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent term and currency to the liabilities. The actuarial valuations are obtained at least triennially and are updated at each balance sheet date. The amounts charged to operating surplus are the current service costs and the costs of scheme introductions, benefit changes, settlements and curtailments. They are included as part of staff costs as incurred. Net interest on the net defined benefit liability/asset is also recognised in the Statement of Financial Activities and comprises the interest cost on the defined benefit obligation and interest income on the scheme assets, calculated by multiplying the fair value of the scheme assets at the beginning of the period by the rate used to discount the benefit obligations. The difference between the interest income on the scheme assets and the actual return on the scheme assets is recognised in other recognised gains and losses.

Actuarial gains and losses are recognised immediately in other recognised gains and losses.

1 Accounting policies (continued)

Fund accounting

Unrestricted income funds represent those resources which may be used towards meeting any of the charitable objects of the academy trust at the discretion of the directors.

Restricted fixed asset funds are resources which are to be applied to specific capital purposes imposed by the Education and Skills Funding Agency/Department for Education/sponsor/other funders where the asset acquired or created is held for a specific purpose.

Restricted general funds comprise all other restricted funds received with restrictions imposed by the funder/donor and include grants from the Education and Skills Funding Agency/Department for Education.

Critical accounting estimates and areas of judgement

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions

The academy trust makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

The present value of the Local Government Pension Scheme defined benefit liability depends on a number of factors that are determined on an actuarial basis using a variety of assumptions. The assumptions used in determining the net cost (income) for pensions include the discount rate. Any changes in these assumptions, which are disclosed in note 25, will impact the carrying amount of the pension liability. Furthermore a roll forward approach which projects results from the latest full actuarial valuation performed at 31 March 2019 has been used by the actuary in valuing the pensions liability at 31 August 2021. Any differences between the figures derived from the roll forward approach and a full actuarial valuation would impact on the carrying amount of the pension liability.

2 Restatement of prior year

The closing reserves at 31 August 2020 have been restated to derecognise the majority of the leasehold asset previously recognised in respect of the leasehold land and buildings at Blessed Trinity RC College in Burnley. Whilst a 125 year lease exists between the Trust and Lancashire County Council it is only in respect of a small part of the site with the remaining site owned by the Diocese and occupied under licence. The accounting treatment adopted is in accordance with the Academies Accounts Direction 2021 to 2022.

The prior year numbers have been reclassified.

Teachers' Pension Scheme

The Teachers' Pension Scheme (TPS) is a statutory, contributory, defined benefit scheme, governed by the Teachers' Pension Scheme Regulations 2014. Membership is automatic for teachers in academies. All teachers have the option to opt-out of the TPS following enrolment.

The TPS is an unfunded scheme to which both member and employer makes contributions, as a percentage of salary - these contributions are credited to the Exchequer. Retirement and other pension benefits are paid by public funds provided by Parliament.

Valuation of the Teachers' Pension Scheme

The Government Actuary, using normal actuarial principles, conducts a formal actuarial review of the TPS in accordance with the Public Service Pensions (Valuations and Employer Cost Cap) Directions 2014 published by HM Treasury every 4 years. The aim of the review is to specify the level of future contributions. Actuarial scheme valuations are dependent on assumptions about the value of future costs, design of benefits and many other factors. The latest actuarial valuation of the TPS was carried out as at 31 March 2016. The valuation report was published by the Department for Education on 5 March 2019.

The key elements of the valuation and subsequent consultation are:

- employer contribution rates set at 23.68% of pensionable pay (including a 0.08% administration levy)
- total scheme liabilities (pensions currently in payment and the estimated cost of future benefits) for service to the effective date of £218,100 million, and notional assets (estimated future contributions together with the notional investments held at the valuation date) of £196,100 million giving a notional past service deficit of £22,000 million
- the SCAPE rate, set by HMT, is used to determine the notional investment return. The current SCAPE rate is 2.4% above the rate of CPI. Assumed real rate of return is 2.4% in excess of prices and 2% in excess of earnings. The rate of real earnings growth is assumed to be 2.2%. The assumed nominal rate of return including earnings growth is 4.45%.

The next valuation result is due to be implemented from 1 April 2024.

The employer's pension costs paid to TPS in the period amounted to £1,534,655 (2021: £1,552,653).

A copy of the valuation report and supporting documentation is on the Teachers' Pensions website.

Under the definitions set out in FRS 102, the TPS is an unfunded multi-employer pension scheme. The academy trust has accounted for its contributions to the scheme as if it were a defined contribution scheme. The academy trust has set out above the information available on the scheme.

Local government pension scheme

The LGPS is a funded defined-benefit scheme, with the assets held in separate trustee-administered funds. The total contribution made for the year ended 31 August 2022 was £723,000 (2021 - £671,000), of which employer's contributions totalled £536,000 (2021 - £500,000) and employees' contributions totalled £187,000 (2021 - £171,000). The agreed contribution rates for future years are per cent for employers and per cent for employees.

Parliament has agreed, at the request of the Secretary of State for Education, to a guarantee that, in the event of an academy trust closure, outstanding Local Government Pension Scheme liabilities would be met by the Department for Education. The guarantee came into force on 18 July 2013.
