NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD 28 JUNE 2021 TO 30 JUNE 2022

1. **STATUTORY INFORMATION**

DSGA Properties Ltd is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. **ACCOUNTING POLICIES**

BASIS OF PREPARING THE FINANCIAL STATEMENTS

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

TURNOVER

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

INVESTMENT PROPERTY

Investment properties are carried at fair value. Revaluation surpluses are recognised in the income statement. Deferred Taxation is provided on these gains at the rate expected to apply when the property is sold. No depreciation is provided in respect of investment properties.

The Companies Act 2006 requires all properties to be depreciated. However, this requirement conflicts with the generally accepted accounting principle set out in FRS 102 (Section 1A). The director considers that, because these properties are not held for consumption but for their investment potential, to depreciate them would not give a true and fair view and that it is necessary to adopt FRS 102 (Section 1A) in order to give a true and fair view. If this departure from the Act had not been made, the loss for the financial year would have been increased by the amount of depreciation.

TAXATION

Taxation for the period comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

DEFERRED TAX

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.
