REPORT OF INDEPENDENT AUDITORS

The Board of Directors
International AIDS Vaccine Initiative, Inc

We have audited the accompanying consolidated statement of financial position of the International AIDS Vaccine Initiative, Inc (IAVI) as of December 31, 2011, and the related consolidated statements of activities, changes in net assets, functional expenses, and cash flows for the year then ended. These financial statements are the responsibility of IAVI's management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year summarized comparative information was derived from IAVI's 2010 consolidated financial statements and, in our report dated June 29, 2011, we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of IAVI's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IAVI's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of IAVI at December 31, 2011, and the consolidated changes in its net assets and its cash flows for the year then ended in conformity with U S generally accepted accounting principles

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole The accompanying supplementary information (consolidating statements of financial position and activities) is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole

Notes to Consolidated Financial Statements
December 31, 2011

NOTE 1 ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization

The accompanying consolidated financial statements include the accounts of International AIDS Vaccine Initiative, Inc., Stichting International AIDS Vaccine Initiative, The Netherlands (the Stichting), IAVI Holdings LLC, IAVI Lab LLC, and IAVI Historic Holdings LLC (collectively, IAVI) IAVI Holdings LLC, IAVI Lab LLC, and IAVI Historic Holdings LLC are three entities formed in 2008 (see Note 9) and had a members' deficit at December 31, 2011 of approximately \$6,000, \$4,899,000 and \$3,079,000, respectively International AIDS Vaccine Initiative, Inc. is the sole member of IAVI Holdings LLC and IAVI Historic Holdings LLC IAVI Historic Holdings LLC is the sole member of IAVI Lab LLC IAVI is a global initiative dedicated to ensuring the development of safe, effective, accessible, preventive HIV vaccines for use globally IAVI has offices in four countries around the world, including US headquarters in New York City. The Stichting is a separate foundation based in the Netherlands. All entities are under the control of one common Board of Directors. All intercompany balances and transactions were eliminated in consolidation.

IAVI focuses on four major areas of activity

- Implementing a focused and innovative research and development program that not only catalyzes action by multiple stakeholders but helps drive the field Expenditures related to these activities are classified as research and development
- 2 Securing and sustaining high-level global commitment for accelerated vaccine research and development Expenditures related to these activities are classified as vaccine advocacy and education
- 3 Promoting adoption of public policies that support rapid development and distribution of preventive vaccines Expenditures related to these activities are classified as policy/access
- 4 Engaging as partners those countries most affected by the epidemic and where the need for vaccine is the most urgent. Expenditures related to these activities are classified as promoting adoption of public policies and vaccine advocacy.

Fund Accounting and Net Asset Classifications

To ensure compliance with restrictions placed on the resources available to IAVI, its accounts are maintained in accordance with the principles of fund accounting. This procedure classifies resources for accounting and reporting into funds established according to their nature and purpose. In the accompanying consolidated financial statements, funds that have similar characteristics have been combined into two net asset categories unrestricted and temporarily restricted.

Notes to Consolidated Financial Statements
December 31, 2011

NOTE 1 ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

Unrestricted net assets are either not restricted by donors or the donor-imposed restrictions have expired As reflected in the accompanying consolidated statements of financial position, IAVI's Board of Directors has designated its unrestricted net assets for operating expenses, development commitments, and feasibility and efficacy trial commitments

Temporarily restricted net assets contain donor-imposed restrictions that permit IAVI to use or expend the assets as specified. The restrictions are satisfied either by the passage of time or by actions of IAVI

Functional Expense Allocation

The majority of expenses can generally be directly identified with the program or supporting service to which they relate and are charged accordingly. Other expenses by function have been allocated among program and supporting services classifications on bases that were determined by management.

Cash Equivalents

IAVI considers highly liquid financial instruments purchased with maturities of three months or less, other than those that are restricted as to use or held as part of long-term investments, to be cash equivalents

At December 31, 2011, cash and cash equivalents were held primarily in four financial institutions

Revenue Recognition

IAVI records as revenue the following types of contributions when they are received unconditionally at their fair value cash, promises to give, certain contributed services, and gifts of long-lived assets Conditional contributions are recognized as revenue when the conditions on which they depend have been substantially met Contributions are recorded net of estimated uncollectible amounts All grants and contributions receivable at December 31, 2011 and 2010 are receivable within the next year At December 31, 2011, grants from US government agencies, foreign government agencies, and foundations and other organizations represented approximately 47%, 48%, and 5% of grants and other receivables, respectively At December 31, 2010, grants from a US government agency, foreign government agencies, and foundations represented approximately 39%, 53%, and 8% of grants and other receivables, respectively

Notes to Consolidated Financial Statements
December 31, 2011

NOTE 1 ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

Temporarily Restricted Contributions

IAVI records contributions as temporarily restricted if they are received with donor stipulations that limit their use either through purpose or time restrictions. When donor restrictions expire, that is, when a time restriction ends or a purpose restriction is fulfilled, temporarily restricted net assets are reclassified to unrestricted net assets and reported as net assets released from restrictions IAVI's policy records temporarily restricted contributions received and expended in the same accounting period in the unrestricted net asset class.

Donated Goods and Services

In accordance with U S generally accepted accounting principles (GAAP), IAVI records in-kind contributions that meet the criteria for recognition as revenue and expense in the accompanying consolidated financial statements. Contributed fixed assets are recorded as contribution revenue at their estimated fair value on the date received and are depreciated over their estimated useful lives.

During 2011, IAVI received in-kind contributions of legal services of approximately \$147,000 In addition, IAVI received discounted airfare, website banner space, and professional services of approximately \$33,000, \$266,000, and \$134,000 during the year ended December 31, 2011, respectively During 2010, IAVI received in-kind contributions of legal services of approximately \$199,000 In addition, IAVI received discounted airfare, website banner space, and professional services of approximately \$33,000, \$157,000, and \$549,000, respectively, during the year ended December 31, 2010 In-kind contributions are reflected in grants and contributions revenue in the accompanying consolidated statements of activities and are expensed in the year received

Grant Expenses

IAVI recognizes grant award expenses when the awards are unconditionally granted During 2011 and 2010, IAVI advanced funds to certain grantees under conditional grant arrangements and the conditions were not met as of December 31, 2011 and 2010. These advances amounted to approximately \$838,000 and \$1.3 million and are included in refundable advances, security deposits, and other assets in the accompanying consolidated statements of financial position as of December 31, 2011 and 2010, respectively

Notes to Consolidated Financial Statements
December 31, 2011

NOTE 1 ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

Long-Term_Investments

Investments are stated at fair value as determined by quoted market prices or by inputs that are observable in the market Marketable securities acquired by donation are recorded at fair value on the date of receipt Realized gains and losses are computed using the specific identification method

Use of Estimates

The preparation of the financial statements in conformity with U S GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and revenue and expenses during the reporting period. Actual results could differ from those estimates

Property, Equipment, and Leasehold Improvements

Property, equipment, and leasehold improvements have been recorded at cost when purchased or, if donated, at their estimated fair value on date of receipt and are stated net of depreciation and amortization. Property and equipment are depreciated using the straight-line method over the estimated useful lives of the assets, ranging from three to five years. Leasehold improvements are amortized over the term of the related lease or the estimated useful lives of the assets, whichever is shorter.

Foreign Currency Translation and Transactions

Realized and unrealized gains and losses resulting from transactions denominated in a currency other than the functional currency are included in determining the change in net assets. The functional currency of the Stichting is a local currency other than the U.S. dollar

The foreign exchange translation adjustment is reported as a component of the applicable net asset classification and results from the translation of the Stichting's assets, liabilities, and operations into US dollars at appropriate exchange rates

Notes to Consolidated Financial Statements

NOTE 1 ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

Non-controlling Interest

The non-controlling deficit balance in IAVI Lab LLC is presented in the accompanying consolidated statements of financial position as a component of net assets. An accompanying consolidated statement of changes in net assets reports the changes in the controlling and non-controlling interests. There is no remaining non-controlling interest in IAVI Lab LLC at December 31, 2011

Summarized Financial Information for 2010

The accompanying consolidated financial statements include certain prior year summarized comparative information in total, but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. GAAP. Accordingly, such information should be read in conjunction with IAVI's financial statements for the year ended December 31, 2010, from which the summarized information was derived.

Operating Measure

In 2011, IAVI adopted an operating measure Operating revenues and expenses reflect the activities in which IAVI typically engages in order to fulfill its mission. For the year ended December 31, 2011, a reclassification of net assets discussed further in Note 5 is considered to be nonoperating.

NOTE 2 LONG-TERM INVESTMENTS

Long-term investments consisted of the following

	Decem	ber 31	l,
	2011		2010
Fixed-income securities			
U S government and agency securities	\$ 11,840,502	\$	17,025,021

Less Accumulated depreciation and						
amortization	24,896,784	19,519,772				
	\$ 22,096,307	\$ 24,918,442				

Depreciation and amortization expense was \$5,377,012 and \$5,263,123 for the years ended December 31, 2011 and 2010, respectively

Notes to Consolidated Financial Statements
December 31, 2011

NOTE 4 FAIR VALUE MEASUREMENTS

IAVI employs the methods described in Accounting Standards Codification (ASC) 820, Fair Value Measurements, to value its assets and liabilities, when applicable ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, and it establishes a framework for measuring fair value ASC 820 applies to other accounting pronouncements that require or permit fair value measurements and does not require any new fair value measurements Fair value measurements are applied based on the unit of account from the reporting entity's perspective. The unit of account determines what is being measured by reference to the level at which the asset or liability is aggregated (or disaggregated) for purposes of applying other accounting pronouncements.

ASC 820 establishes a valuation hierarchy for disclosure of the inputs to valuation used to measure fair value. The hierarchy prioritizes the inputs into three broad levels as follows.

- Level 1 Inputs are quoted prices in active markets for identical assets or liabilities
- Level 2 Inputs are quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument
- Level 3 Inputs are unobservable inputs based on IAVI's own assumptions used to measure assets and liabilities at fair value

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement

The following table provides the assets and liabilities carried at fair value measured on a recurring basis as of December 31, 2011

			Fair Value Measurements at December 31, 2011 Using						
	(1	rrying Value Fair Value at ember 31, 2011)	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)		Significant Unobservable Inputs (Level 3)

NOTE 5 NET ASSETS

The Board of Directors has designated all unrestricted net assets as an operating reserve

In 2011, the Bill and Melinda Gates Foundation repurposed the unexpended balance of the \$100 million grant agreement that IAVI entered with the Foundation in 2001

The unexpended balance at the beginning of 2011 was \$50 million and the Foundation repurposed the balance as follows

- \$10 million to support IAVI core operating expenses
- \$15 million to operating reserves
- \$25 million to various specific research activities

During 2011, \$8.3 million of the restricted fund for research activities was expended. The balance of \$16.7 million has been reclassified to temporarily restricted net assets. The \$10 million designated to support IAVI's core expenses was also expended during 2011.

Notes to Consolidated Financial Statements
December 31, 2011

NOTE 5 NET ASSETS (continued)

At December 31, 2011 and 2010, temporarily restricted net assets of \$7,655,030 and \$9,279,032, respectively, were restricted by multiple donors to fund research, development, and country commitments. These amounts and the reclassification of the Bill and Melinda Gates funds for research activities, brings the total of temporarily restricted funds for such relationships to approximately \$24,397,000 at December 31, 2011. At December 31, 2011, temporarily restricted net assets of \$2,506,685 represented funds from the Ministry of Foreign Affairs of the Netherlands to support Product Development Partnership Fund 2011's activities

The Board of Directors has discretion to review and change unrestricted net asset designations

Net assets released from restrictions in 2011 and 2010 reflect the use of funds in connection with development commitments of \$8,126,875 and \$6,822,380, respectively

NOTE 6 EMPLOYEE BENEFIT PLANS

IAVI has defined contribution retirement plans for employees under Section 403(b) of the Internal Revenue Code (the Code) The plan allows eligible employees to contribute pre-tax dollars from their salaries up to the maximum amount specified by the Code The plan requires payment of between 5% and 9% of salary per employee per year IAVI matches employee contributions up to 2% per year IAVI's contributions to retirement plans were approximately \$1,840,000 and \$1,890,000 during the years ended December 31, 2011 and 2010, respectively

During 2005, IAVI established a deferred compensation plan under Section 457(b) of the Code The plan allows certain eligible management and highly compensated employees to voluntarily defer a portion of compensation. Amounts deferred by plan participants are held by an outside trustee Such amounts are included in restricted investments and deferred compensation payable in the accompanying consolidated statements of financial position at December 31, 2011 and 2010. IAVI does not contribute to the plan

IAVI is a custodian of assets, offset by a liability relating to a deferred compensation plan for a former officer that is applicable to prior employment Restricted investments consist of amounts segregated under this plan that will be used to pay deferred compensation. Such amounts were paid out in fiscal 2012 All changes in the investment are directly attributable to the compensation payable and IAVI does not participate in any increases or decreases from activities in the investment.

Notes to Consolidated Financial Statements December 31, 2011

NOTE 7 CONTRIBUTORS

Grants and contributions for the year ended December 31, 2011 were received from the following contributors

U S Agency for International Development	\$ 23,784,705
U K Department for International Development	11,770,425
Ministry of Foreign Affairs of The Netherlands*	3,811,018
The World Bank on behalf of the Ministry of Finance, Japan*	2,621,120
National Institutes of Health	2,211,334
Bill & Melinda Gates Foundation*	3,794,868
The Starr Foundation	2,000,000
OPEC Fund for International Development	1,500,000
Irish Aid	1,414,899
Norwegian Agency for Development Cooperation	1,121,705
Danish Ministry of Foreign Affairs	962,909
Ministry of Foreign Affairs and Cooperation of Spain	894,975
New York City Economic Development Corporation	800,000
Foundation for the National Institutes of Health*	446,350
Google	266,031
Institut Mèrieux*	205,606
Dr Muhammad Mahmood	199,755
White & Case, LLP	146,899
The Hearst Foundations*	100,000
Other*	685,761
	\$ 58,738,360

^{*}Of these amounts, a total of \$6,502,872 was temporarily restricted to fund programmatic activities

Notes to Consolidated Financial Statements
December 31, 2011

NOTE 8 COMMITMENTS AND CONTINGENCIES

Conditional Contributions

At December 31, 2011, IAVI has been approved for certain conditional grants from public and private sources. In accordance with U.S. GAAP, such conditional contributions are not recognized as revenue until such time as the related conditions have been met. These contributions are intended to fund IAVI's operations for a period of between two and four years and are conditioned upon IAVI expending funds for the program purposes specified in the respective proposals submitted to the assorted grantors. In some instances, for IAVI to receive funds according with the agreements underlying these conditional contributions, IAVI must develop new programs, identify new vaccine development partners, and achieve project milestones. Programs are subject to annual review by the grantors. If IAVI is unable to expend funds in accordance with the program objectives or is unable to meet its program objectives, grantors may discontinue funding. Total conditional contributions outstanding at December 31, 2011 amounted to approximately \$67,229,000.

Operating Leases

IAVI leases its office space and certain office equipment under non-cancellable operating lease agreements

In October 2010, IAVI entered into a lease agreement for new office space in New York City. The lease term commenced in 2011 and has a 15-year term IAVI has the right to terminate the lease after 10 years for a termination fee. IAVI also has the right to renew the lease for an additional five years after the first 15 years is completed. The lease calls for escalation charges over the term.

In June 2007, IAVI entered into a lease agreement at the Brooklyn Army Terminal for laboratory and office space. This lease term commenced in January 2008 and the lease included a 10-month rent-free period and escalation charges during the lease term.

ι

Notes to Consolidated Financial Statements
December 31, 2011

NOTE 8 COMMITMENTS AND CONTINGENCIES (continued)

Operating Leases (continued)

Future minimum lease payments relating to the operating leases and minimum rental amounts to be received under a sublease are as follows

Year Ending December 31,	Minimum Payments
2012	\$ 1,946,930
2013	1,892,494
2014	1,831,336
2015	1,842,576
2016	1,760,200
Thereafter	16,435,450
	\$ 25,708,986

Aggregate minimum lease payments are being amortized on the straight-line basis over the term of the lease. The difference between rent expense so calculated and amounts paid in accordance with the terms of the lease were reflected as deferred rent payable, a liability in the accompanying consolidated statement of financial position. Rent expense was approximately \$3,661,000 and \$3,126,000 for the years ended. December 31, 2011 and 2010, respectively. Sublease income amounted to approximately \$777,000 and \$790,000 for the years ended. December 31, 2011 and 2010, respectively. The sublease was terminated effective. December 31, 2011.

Under the terms of the New York office space lease, the landlord reimbursed IAVI for certain leasehold improvement costs that amounted to \$1,085,000. The costs are included in property, equipment, and leasehold improvements, net in the accompanying consolidated statement of financial position. As of December 31, 2011, a lease incentive obligation of approximately \$1,067,000 was reflected in the accompanying consolidated statement of financial position. Such amount will be amortized as a reduction of rent expense over the term of the lease

Letter of Credit

IAVI has an outstanding standby letter of credit of \$1,000,000 serving as a security deposit under its lease for new office space in New York. The letter of credit is secured by \$1,024,720 in cash, which is presented as restricted cash in the accompanying consolidated statement of financial position as of December 31, 2011.

Notes to Consolidated Financial Statements
December 31, 2011

NOTE 8 COMMITMENTS AND CONTINGENCIES (continued)

Line of Credit

IAVI obtained a secured line of credit with a bank on February 2010 for \$25,000,000 The line of credit was secured by IAVI's investment assets for a one-year term. No loans were drawn against the line of credit during 2010. This line of credit expired in February 2011.

In March 2011, IAVI entered into a \$25,000,000 unsecured line of credit arrangement under which the bank may provide loans, at the bank's discretion. The bank is not committed to lend to IAVI under the terms of the March 2011 line of credit agreement. This line of credit expires on January 31, 2013. Borrowings against this line of credit bear interest at the Prime Rate, an Adjusted LIBOR Rate (as defined in the agreement) plus 0.85% or a fixed rate per annum equal to the Money Market Rate (as defined in the agreement). No loans were drawn against the line of credit during 2011.

NOTE 9 FINANCING

Brooklyn Army Terminal

In February 2008, IAVI entered into a financing arrangement to fund a portion of the costs of improvements to be made to IAVI's leasehold for laboratory and office space at the Brooklyn Army Terminal (see Note 8) Under this arrangement, the City of New York, through the Economic Development Corporation (EDC), provided funding of \$12 million IAVI received funding of approximately \$3 3 million through a new markets tax credits program. In conjunction with, and as required under these financing arrangements, IAVI formed three subsidiary entities. IAVI Holdings LLC and IAVI Lab LLC, formed in February 2008 as required under the new markets tax credit program, and IAVI Historic Holdings LLC, formed in October 2008 as required under the historic tax credits program.

Economic Development Corporation

The grant from the EDC is recorded as deferred revenue in IAVI's financial statements and is being recognized as straight-line over the life of the 15-year lease period. In both 2011 and 2010, \$800,000 in revenue was recognized from the EDC

Notes to Consolidated Financial Statements
December 31, 2011

NOTE 9 FINANCING (continued)

New Markets Tax Credits Program

Under the new markets tax credits program, IAVI has received \$3.3 million in new funds (\$26 million in 2009 and \$07 million in 2008) to support the construction of the lab These funds are being made available through a series of loans and capital contributions made through IAVI's subsidiaries and unrelated financing entities established for this purpose At December 31, 2011 and 2010, IAVI Holdings LLC had an outstanding loan receivable of \$12,878,129 from the new markets tax credit leveraged investment structure earning interest at a rate of 4 2665% per year Of that amount, interest at a rate of 0 50% per year is payable quarterly and the remaining interest on the loan accrues and is deferred until April 5, 2015, the maturity date All principal is due on the maturity date. This investment structure uses these funds to invest in community development entities, which then utilize the funds to loan IAVI Lab LLC funds for payment of construction costs As of December 31, 2011 and 2010, IAVI Lab LLC had outstanding loans payable of \$17,149,899 accruing interest at a rate of 1 23% per year Interest is payable quarterly Principal on the outstanding loans payable is due on April 1, 2015, the maturity date of the loans Initially, approximately \$922,000 of the borrowed funds was reserved for debt service on the loan payable The balance of the reserved funds remaining at December 31, 2011 of approximately \$451,000 was included in restricted cash in the accompanying consolidated statement of financial position

Revenue recognition of the new markets tax credits funds is being made over the life of the seven-year compliance period of this arrangement and is in the form of interest income on the loan receivable and interest expense on the loans payable In 2011 and 2010, IAVI recorded interest income of approximately \$625,000 and \$603,000, respectively, and interest expense of approximately \$214,000 and \$213,000, respectively, on this arrangement

In 2015, the bank that owns the investment structure may put its interest in the investment structure to IAVI for a put price of \$1,000. If the bank does not exercise its put right, IAVI may call the bank's interest in the investment structure for a call price equal to the fair value of the interest. Exercise of the put or the call would provide IAVI Holdings LLC with ownership of the investment structure and the ability to forgive the loan receivable from the investment structure and the loans payable to the community development entities (which are majority-owned by the investment structure) IAVI Holdings LLC may also direct the investment structure to assign IAVI Lab LLC's loans payable to the community development entities to IAVI Holdings LLC to extinguish the loan receivable from the investment structure. The principal and remaining accrued interest on the loan receivable and loans payable under the new markets tax credits program are expected to be extinguished through these transactions prior to the loans' maturity dates.

Notes to Consolidated Financial Statements
December 31, 2011

NOTE 9 FINANCING (continued)

New Markets Tax Credits Program (continued)

Accordingly, IAVI does not expect to be required to repay the loans payable at maturity or to receive cash to collect the loan receivable at maturity IAVI has determined that the fair values of the put and call rights were nominal at December 31, 2011 and 2010

Historic Tax Credits Program

In October 2008, IAVI entered into another financing arrangement under the historic tax credits program. Under this arrangement, IAVI granted 100% of its interest in IAVI Lab LLC to IAVI Historic Holdings LLC. The Banc of America Historic New Ventures LLC (Banc of America), through an entity named NYSC Master Tenant LLC (the Master Tenant), could have contributed an aggregate amount of approximately \$5.5 million to IAVI Lab LLC in exchange for a 20% interest in IAVI Lab LLC. Capital contributions of \$10,000 were contributed by the Master Tenant.

To qualify for the historic tax credits program, IAVI extended the term of its lease agreement for the Brooklyn Army Terminal (see Note 8) space to 55 years. The landlord (the EDC) was able to convert the lease back to the original 15-year lease term if the historic tax credits program is not completed. Rent expense and EDC grant revenue recognition, as well as the lease commitments disclosed in Note 8, are based on a 15-year lease term. Also in connection with the historic tax credits program, IAVI Lab LLC subleased the Brooklyn Army Terminal space to the Master Tenant, which, in turn, subleased it back to IAVI

In May 2011, the Master Tenant exercised an election to require the redemption of its interest in IAVI Lab LLC and decided to not move forward with the historic tax credits transaction. In connection with the redemption, the parties entered into the Omnibus Termination Agreement effective as of December 31, 2011 pursuant to which the sublease agreement with the Master Tenant and certain related agreements were terminated. The original 15-year lease term with the EDC for the Brooklyn Army Terminal lease was reinstated. IAVI returned the capital contributions of \$10,000 back to the Master Tenant and IAVI Lab LLC again became wholly owned by IAVI Historic Holdings LLC. Due to this redemption, the Master Tenant no longer has any right, title, or interest in IAVI Lab LLC. Therefore, there is no non-controlling interest in IAVI Lab LLC at December 31, 2011. IAVI will not receive any funding under this historic tax credits program.

Notes to Consolidated Financial Statements
December 31, 2011

NOTE 9 FINANCING (continued)

Other loan payable

In August 2011, IAVI entered into a loan agreement with a research partner under which the partner lent funds to IAVI to refurbish laboratory space used by IAVI IAVI's obligation at December 31, 2011 amounted to \$772,798. The loan does not bear interest and is to be repaid in equal annual installments commencing on August 1, 2012 through August 1, 2021. Future repayments are scheduled as follows \$77,280 in each of the years 2012 - 2016 and \$386,398 in years thereafter.

The partner may waive annual repayment requirements if research funding that the partner receives from IAVI meets certain annual thresholds and if additional external funding received by the partner, in the partner's reasonable opinion, is sufficient to allow the partner to waive the annual payment

NOTE 10 FAIR VALUE OF FINANCIAL INSTRUMENTS

The following methods and assumptions were used by IAVI for fair value measurements made in the accompanying financial statements under ASC 820

Cash equivalents Carrying amounts of cash equivalents are based on quoted market prices

Cash and restricted cash The carrying amounts reported in the accompanying statements of financial position represent their fair values

Grants receivable Grants receivable are reported at their fair values at the date of gift Fair values are measured based on present value of future cash flows, with consideration of expectations about possible variations in the amount and/or timing of the cash flows and other specific factors that would be considered by market participants. The fair value measurements also include consideration of donor's credit risk.

Long-term investments These assets are stated at fair value as determined by quoted market prices or by inputs that are observable in the market

Restricted investments Restricted investments are stated at fair value as determined by quoted market prices

Notes to Consolidated Financial Statements
December 31, 2011

NOTE 10 FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

The following methods and assumptions were used by IAVI to estimate its fair value disclosures for financial instruments that are not measured and recorded at fair value under ASC 820

Loan receivable It is not practicable to estimate the fair value of the loan receivable. The loan was made as part of the new markets tax credits program discussed in Note 9 and is expected to be extinguished prior to its maturity. Therefore, the loan receivable does not represent a typical loan arrangement entered into for investment purposes. The terms of the loan are discussed in Note 9.

Other receivables The carrying values of the short-term other receivables approximate fair value

Grants payable Grants payable are scheduled to be paid within the next fiscal year and their carrying values approximate their fair values

Loans payable It is not practicable to estimate the fair values of the loans payable related to the new markets tax credits program discussed in Note 9. These loans are expected to be extinguished prior to their maturity dates and do not represent typical borrowing arrangements. The fair value of the other loan payable has been estimated using discounted cash flow techniques and a discount rate of 3.25%

The carrying values and fair values of IAVI's financial instruments are as follows at December 31

	201	11	2010					
	Carrying Value	Fair Value	Carrying Value	Fair Value				
Cash and cash equivalents	\$ 21,937,055	\$ 21,937,055	\$ 33,266,082	\$ 33,266,082

NOTE 11 INCOME TAXES

IAVI is a Section 501(c)(3) not-for-profit organization, incorporated in the State of Delaware, and is exempt from Federal income tax under Section 501(a) of the Code It also is exempt from state and local income taxes. The Stichting operates from Amsterdam and is not subject to Dutch corporate income tax or gift tax IAVI Holdings LLC, IAVI Lab LLC, and IAVI Historic Holdings LLC operate as limited liability companies. IAVI Holdings LLC and IAVI Historic Holdings LLC are taxed as corporations. IAVI Lab LLC was taxed as a partnership through December 31, 2011. As a result of the termination of the historic tax credits transaction (see Note 9), IAVI Lab LLC is considered to be a disregarded entity of tax purposes, effective December 31, 2011. Total tax expenses for 2011 amounted to approximately \$5,700.

At December 31, 2011, IAVI Historic Holdings LLC had net operating loss carryforwards for Federal tax purposes of approximately \$8,192,000, expiring in years through 2031 IAVI Historic Holdings LLC had deferred taxes at December 31, 2011 and December 31, 2010 related to the utilization of the net operating loss carryforwards of approximately \$3,277,000 and \$2,134,000, respectively A valuation allowance of an equal amount has been provided as of December 31, 2011 and 2010 due to the uncertainty of the realization of the deferred tax assets

NOTE 12 SUBSEQUENT EVENTS

IAVI evaluated events and transactions that occurred between January 1, 2012 and July 10, 2012, which is the date that the financial statements were available to be issued, for disclosure and recognition in the financial statements

INTERNATIONAL AIDS VACCINE INITIATIVE, INC.
