There are no existing restrictions or limitations which impact the ability of the members of the LLP to reduce the amount of Members' other interests.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 JANUARY 2023**

---

**1. General information**

Paricint LLP is a limited liability partnership incorporated in England within the United Kingdom. The registered office is 6th Floor, 2 London Wall Place, London, EC2Y 5AU.

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented unless otherwise stated.

**2. Accounting policies**

**2.1 Basis of preparation of financial statements**

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006 and the requirements of the Statement of Recommended Practice "Accounting by Limited Liability Partnerships".

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the LLP's accounting policies.

The financial statements are presented in sterling which is the functional currency of the limited liability partnership and rounded to the nearest £1.

The following principal accounting policies have been applied:

**2.2 Revenue**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the LLP and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

**Rendering of services**

Revenue from a contract to provide services is recognised in the period in which the services are provided in accordance with the stage of completion of the contract when all of the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the LLP will receive the consideration due under the contract;
- the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- the costs incurred and the costs to complete the contract can be measured reliably.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 JANUARY 2023**

---

**2. Accounting policies (continued)**

**2.3 Division and distribution of profits**

A division of profits is the mechanism by which the profits of an LLP become a debt due to members. A division may be automatic or discretionary, may relate to some or all of the profits for a financial period and may take place during or after the end of a financial period.

An automatic division of profits is one where the LLP does not have an unconditional right to avoid making a division of an amount of profits based on the members' agreement in force at the time, whereas a discretionary division of profits requires a decision to be made by the LLP, which it has the unconditional right to avoid making.

The LLP divides profits automatically. Automatic divisions of profits are recognised as 'Members' remuneration charged as an expense' in.

In the event of the LLP making losses, the loss is recognised as a credit amount of 'Members' remuneration charged as an expense' where it is automatically divided or as a debit within equity under 'Other reserves' if not divided automatically.

**2.4 Tangible fixed assets**

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, as stated below.

Depreciation is provided on the following basis:

|                  |                     |
|------------------|---------------------|
| Office equipment | - 25% Straight Line |
|------------------|---------------------|

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

**2.5 Debtors**

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

**2.6 Cash and cash equivalents**

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 JANUARY 2023**

---

**2. Accounting policies (continued)**

**2.7 Creditors**

Short-term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

**2.8 Financial instruments**

The LLP only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or in case of an out-right short-term loan that is not at market rate, the financial asset or liability is measured, initially at the present value of future cash flows discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost, unless it qualifies as a loan from a director in the case of a small company, or a public benefit entity concessionary loan.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of comprehensive income.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the LLP would receive for the asset if it were to be sold at the balance sheet date.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 JANUARY 2023**

---

**2. Accounting policies (continued)**

**2.9 Members' participation rights**

Members' participation rights are the rights of a member against the LLP that arise under the members' agreement (for example, in respect of amounts subscribed or otherwise contributed, remuneration and profits).

Members' participation rights in the earnings or assets of the LLP are analysed between those that are, from the LLP's perspective, either a financial liability or equity, in accordance with FRS 102 1A member's participation right results in a liability unless the right to any payment is discretionary on the part of the LLP.

Amounts subscribed or otherwise contributed by members, for example members' capital, are classed as equity if the LLP has an unconditional right to refuse payment to members. If the LLP does not have such an unconditional right, such amounts are classified as liabilities.

Where profits are automatically divided as they arise, so the LLP does not have an unconditional right to refuse payment, the amounts arising that are due to members are in the nature of liabilities. They are therefore treated as an expense in the Profit and Loss Account in the relevant year. To the extent that they remain unpaid at the year end, they are shown as liabilities in the Balance Sheet.

Conversely, where profits are divided only after a decision by the LLP or its representative, so that the LLP has an unconditional right to refuse payment, such profits are classed as an appropriation of equity rather than as an expense. They are therefore shown as a residual amount available for discretionary division among members in the Profit and Loss Account and are equity appropriations in the Balance Sheet.

Other amounts applied to members, for example remuneration paid under an employment contract and interest on capital balances, are treated in the same way as all other divisions of profits, as described above, according to whether the LLP has, in each case, an unconditional right to refuse payment.

All amounts due to members that are classified as liabilities are presented in the Balance Sheet within 'Loans and other debts due to members' and are charged to the Profit and Loss Account within 'Members' remuneration charged as an expense'. Amounts due to members that are classified as equity are shown in the Balance Sheet within 'Members' other interests'.

**3. Employees**

The average monthly number of employees, including directors, during the year was 2 (2022 - 2).

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 JANUARY 2023**

---

**7. Creditors: Amounts falling due within one year**

|                              | <b>2023</b>  | <b>2022</b> |
|------------------------------|--------------|-------------|
|                              | <b>£</b>     | <b>£</b>    |
| Trade creditors              | <b>4,411</b> | 4,412       |
| Other creditors              | -            | 40,000      |
| Accruals and deferred income | <b>3,650</b> | 3,650       |
|                              | <b>8,061</b> | 48,062      |

**8. Loans and other debts due to members**

|                              | <b>2023</b>    | <b>2022</b> |
|------------------------------|----------------|-------------|
|                              | <b>£</b>       | <b>£</b>    |
| Other amounts due to members | <b>445,466</b> | 332,115     |

Loans and other debts due to members may be further analysed as follows:

|                             | <b>2023</b>    | <b>2022</b> |
|-----------------------------|----------------|-------------|
|                             | <b>£</b>       | <b>£</b>    |
| Falling due within one year | <b>445,466</b> | 332,115     |

Loans and other debts due to members rank equally with debts due to ordinary creditors in the event of a winding up.

**9. Controlling party**

The limited liability partnership was under the ultimate control of Pam Jones Limited, a designated member throughout the current and previous year.
