STATEMENT OF MEMBERS' RESPONSIBILITIES IN RESPECT OF THE MEMBERS REPORT AND THE FINANCIAL STATEMENTS

The members are responsible for preparing the Members' Report and the financial statements in accordance with applicable law and regulations

The law relating to limited liability partnerships (LLPs) requires the members to prepare financial statements for each financial year. Under that law the members have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice)

The financial statements are required by law to give a true and fair view of the state of affairs of the LLP and of the profit or loss of the LLP for that period. In preparing these financial statements, the members are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the LLP will continue in business

Under the Limited Liability Partnerships Regulations 2001, the members are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the LLP and enable them to ensure that its financial statements comply with those regulations. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the LLP and to prevent and detect fraud and other irregularities.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the LLP has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding members' remuneration and other transactions is not disclosed.

We read the Members' Report and consider whether it is consistent with the audited financial statements. We consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the members in the preparation of the financial statements, and of whether the accounting policies are appropriate to the LLP's circumstances, consistently applied and adequately disclosed

NOTES TO THE ACCOUNTS

Accounting policies

1

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the partnership's financial statements

Basis of preparation

These financial statements have been prepared in accordance with applicable accounting standards and under the historical cost accounting rules and in accordance with the Statement of Recommended Practice "Accounting by Limited Liability Partnerships" (LLP SORP)

The partnership is exempt by virtue of Section 228 of the Companies Act 1985 from the requirement to prepare group accounts. These financial statements present information about the partnership as an individual undertaking and not about its group.

Under Financial Reporting Standard 1 the partnership is exempt from the requirement to prepare a cash flow statement on the grounds of its size

Inventories

Inventories are valued at the lower of cost and net realisable value. Land includes land under development, undeveloped land and land option payments. Work in progress comprises direct materials, labour costs, site overheads, associated professional fees and other attributable overheads.

Land inventories and the associated land creditors are recognised in the Balance Sheet from the date of unconditional exchange of contracts. If land is purchased on deferred settlement terms then the land and the land creditor are discounted to their fair value. The land creditor is then increased to the settlement value over the period of the financing, with the financing element being charged as interest expense through the income statement.

Members' Capital

The capital requirements of the partnership are determined from time to time by the partnership. No interest is paid on capital. On leaving the partnership a member's capital is repaid, subject to a valuation formula agreed between the members. Members' capital is deemed to be a liability in accordance with FRS25.

Members' remuneration and drawings

Remuneration is paid to certain members under a contract for services or other contractual arrangements. Such remuneration together with related employment costs is included as an expense in the profit and loss account under the heading members' remuneration charged as an expense.

Allocation of profits and drawings

Profits and losses of the partnership are allocated to the members immediately after the financial statements have been approved by the members. Members receive quarterly drawings on account of their share of profits earned

Taxation

Taxation on all partnership profits is solely the personal liability of individual members. Consequently neither taxation nor related deferred taxation arising in Crest Nicholson BioRegional Quintain LLP are accounted for in these financial statements. Amounts retained for tax are treated in the same way as other profits of the partnership and so are included in 'Members' interests' or in 'Loans and other debts due to members' depending on whether or not division of profits has occurred
