The notes on pages 4 to 9 form part of these financial statements.

As an entity regulated by the Financial Conduct Authority (FCA), members are not permitted to reduce capital in the LLP (included as part of Members' other interests) without prior consent from the FCA.

For the year ended 31 May 2022

1. General information

Macro Advisory Partners LLP is a limited liability partnership incorporated in England, registration number OC385173. The registered office and principal place of business of the LLP is 180 Piccadilly, London, W1J 9HF.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006 and the requirements of the Statement of Recommended Practice "Accounting by Limited Liability Partnerships".

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the LLP's accounting policies.

The following principal accounting policies have been applied:

2.2 Exemption from preparing consolidated financial statements

The LLP, and the group headed by it, qualify as small as set out in section 383 of the Companies Act 2006, and the parent and group are considered eligible for the exemption to prepare consolidated accounts.

2.3 Foreign currency translation

Functional and presentation currency

The LLP's functional and presentational currency is GBP.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

For the year ended 31 May 2022

2. Accounting policies (continued)

2.4 Turnover

Turnover is generated from principal activities and is recognised to the extent that it is probable that the economic benefits will flow to the LLP and the turnover can be reliably measured. Turnover is generated from principal activities and is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before turnover is recognised:

Rendering of services

Turnover is generated from principal activities and from a contract to provide services is recognised in the period in which the services are provided in accordance with the stage of completion of the contract when all of the following conditions are satisfied:

- the amount of turnover can be measured reliably;
- it is probable that the LLP will receive the consideration due under the contract;
- the stage of completion of the contract at the end of the reporting period can be measured reliably;
 and
- the costs incurred and the costs to complete the contract can be measured reliably.

2.5 Interest income

Interest income is recognised in profit or loss using the effective interest method.

2.6 Pensions

Defined contribution pension plan

The LLP operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the LLP pays fixed contributions into a separate entity. Once the contributions have been paid the LLP has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of financial position. The assets of the plan are held separately from the LLP in independently administered funds.

2.7 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

For the year ended 31 May 2022

2. Accounting policies (continued)

2.7 Tangible fixed assets (continued)

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Fixtures and fittings - 25% Office equipment - 33%

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

2.8 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment.

2.9 Debtors

Short term debtors are measured at transaction price, less any impairment.

2.10 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours.

2.11 Creditors

Short term creditors are measured at the transaction price.

2.12 Financial instruments

The LLP only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

3. Employees

The average monthly number of employees, including directors, during the year was 16 (2021 - 13).

4. Information in relation to members

The average monthly number of members during the year was 2 (2021 - 2).
