P S Hodson

A W Leach

T R Levett

I IL LEVELI

D M Rolfe

CS Winward (resigned on 23 December 2019)

Project NVM Limited

Statement of members' responsibilities in respect of the Members' Report, the Strategic Report and the financial statements

The members are responsible for preparing the Members' Report, the Strategic Report and the group and LLP financial statements in accordance with applicable law and regulations.

The Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008' require the members to prepare group and LLP financial statements for each financial year. Under that law the members have elected to prepare both the group and LLP financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland.*

Under Regulation 8 of the Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008 the members must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and the LLP and of the profit or loss of the group for that period. In preparing each of the group and LLP financial statements, the members are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the group and the LLP's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the group or the LLP or to cease operations, or have no realistic alternative but to do so.

^{*}denotes designated member for the purposes of the relevant législation.

MEMBERS' REPORT FOR THE YEAR ENDED 31 MARCH 2020 (continued)

Under Regulation 6 of the Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008, the members are responsible for keeping adequate accounting records that are sufficient to show and explain the LLP's transactions and disclose with reasonable accuracy at any time the financial position of the LLP and enable them to ensure that its financial statements comply with those regulations. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the group and to prevent and detect fraud and other irregularities.

Profit for the year

The group profit on ordinary activities available for discretionary division among members for the year, after providing for members' remuneration charged as an expense, was £21,498,979 (2019: £3,684,166).

Members' drawings and capital

Drawings are made on a monthly basis and from time to time as working capital allows. Such drawings are based on the members' entitlements as set out in the members' agreement.

Members' capital is subscribed in accordance with the current members' agreement.

Provision of information to the auditor

The members at the date of approval of this members' report confirm that, so far as they are each aware, there is no relevant audit information of which the partnership's auditor is unaware; and each member has taken all the steps that he ought to have taken as a member to make himself aware of any relevant audit information and to establish that the partnership's auditor is aware of that information.

Tangible assets

Movements in tangible fixed assets during the year are set out in note 7 to the financial statements.

Auditor

KPMG LLP have expressed their willingness to continue in office as auditor and are deemed to be reappointed in accordance with the members' agreement and Section 487 of the Companies Act 2006.

On behalf of the members

STRATEGIC REPORT FOR THE YEAR ENDED 31 MARCH 2020

This strategic report is presented by the members in accordance with the requirements of Section 414 of the Companies Act 2006.

Review of the business

The partnership's principal activity is to carry out investment management and advisory services. During the year the partnership was investment manager and invested on behalf of:

- Northern Venture Trust PLC, Northern 2 VT PLC and Northern 3 VCT PLC (together the "Northern VCTs");
- NV1 LP;
- NV2 LP; and
- NVM Private Equity Vintage III L.P.

On 23 December 2019, the partnership sold the investment management business relating to the Northern VCTs to a subsidiary of Mercia Asset Management PLC ("Mercia"). The partnership's remaining business is the investment management of the three remaining private limited partnerships.

The members have a policy of maintaining a high level of cash reserves and consider that the financial position of the group and the partnership is satisfactory.

NVM Private Equity LLP is an authorised person for the purposes of the Financial Services and Markets Act 2000 and is regulated by the Financial Conduct Authority.

Going concern

The financial statements have been prepared on a going concern basis. The members, having no intention to voluntarily wind up the partnership, have performed an assessment of the partnership's ability to meet its liabilities as they fall due. In performing this assessment, the members took into consideration the uncertain economic outlook in the wake of the COVID-19 pandemic including:

- the cash balances held by the partnership;
- the fact that the partnership has no debt or capital commitments;
- revenue and operating cost forecasts for the forthcoming year;
- the ability of third-party service providers to continue to provide services; and
- potential downside scenarios including a fall in revenue.

Based on this assessment, the members are confident that the partnership will have sufficient funds to continue to meet its liabilities as they fall due for at least 12 months from the date of approval of the financial statements, and therefore determine the going concern basis to be appropriate.

Principal risks and uncertainties

The group finances its activities entirely from members' funds and had no debt funding during the year. Surplus funds are held on bank deposit and earn interest at market rates. The group's revenues and expenses are all denominated in sterling and consequently there is no exposure to currency risk.

The majority of the group's revenue is derived from investment management contracts with its client funds, which are subject to up to 12 months' notice of termination. The loss of one or more of these contracts could have a significant effect on the group's profitability and financial position. As a regulated investment management firm, the group maintains a strong compliance culture and operates a closely monitored system of internal controls in relation to its own and its clients' business.

Following the first reports of COVID-19 at the end of 2019, the virus spread rapidly during the first quarter of 2020 and was characterised as a global pandemic by the World Health Organisation on 11 March 2020. The portfolios of the funds which the partnership manages are diversified, with no particular concentration on any one end-market sector. The potential effects on client fund portfolio companies differ between cases, however as manager, the partnership typically has a representative on the board of each unquoted investment and continues to work with investee management teams to plan for a range of possible outcomes.

Whilst there is currently uncertainty as to the outcome of the negotiations between the UK and the rest of the EU concerning a future trading relationship, we do not expect that this will have a significant impact on the operations of either the partnership or its client funds themselves.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NVM PRIVATE EQUITY LLP

Opinion

We have audited the group and LLP financial statements of NVM Private Equity LLP ("the LLP") for the year ended 31 March 2020, which comprise the Consolidated Income Statement, the Consolidated and Partnership Balance Sheets, the Consolidated and Partnership Statements of Changes in Equity, the Consolidated Statement of Cash Flows and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of affairs of the group and of the LLP as at 31 March 2020 and of the profit of the group for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland; and
- have been prepared in accordance with the requirements of the Companies Act 2006 as applied to limited liability partnerships by the Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the group in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

Going concern

The members have prepared the financial statements on the going concern basis as they do not intend to liquidate the group or the LLP or to cease their operations, and as they have concluded that the group and the LLP's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over their ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least a year from the date of approval of the financial statements. In our evaluation of the members' conclusions, we considered the inherent risks to the group's business model and analysed how those risks might affect the group and LLP's financial resources or ability to continue operations over the going concern period. We have nothing to report in these respects.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the absence of reference to a material uncertainty in this auditor's report is not a guarantee that the group or the LLP will continue in operation.

Other information

The members are responsible for the other information, which comprises the members' report and the strategic report. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work, we have not identified material misstatements in the other information.

Matters on which we are required to report by exception

Under the Companies Act 2006 as applied to limited liability partnerships we are required to report to you if, in our opinion:

- adequate accounting records have not been kept by the LLP, or returns adequate for our audit have not been received from branches not visited by us; or
- the LLP's individual financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit; or
- the members were not entitled to prepare financial statements in accordance with the small limited liability partnerships' regime.

We have nothing to report in these respects.

Members' responsibilities

As explained more fully in their statement set out on pages 1 and 2, the members are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the group and the LLP's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the group or the LLP or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the members of the LLP, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006, as required by Regulation 39 of the Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008. Our audit work has been undertaken so that we might state to the LLP's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the LLP and the LLP's members, as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2020

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the group's financial statements.

(a) Basis of accounting

The financial statements have been prepared under FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland". The members have sought to prepare the financial statements so as to comply with the Statement of Recommended Practice "Accounting by Limited Liability Partnerships".

The financial statements are prepared in \mathbf{f} sterling, which is the functional currency of the group and partnership.

The financial statements have been prepared on a going concern basis. The members, having no intention to voluntarily wind up the partnership, have performed an assessment of the partnership's ability to meet its liabilities as they fall due. In performing this assessment, the members took into consideration the uncertain economic outlook in the wake of the COVID-19 pandemic including:

- the cash balances held by the partnership;
- the fact that the partnership has no debt or capital commitments;
- revenue and operating cost forecasts for the forthcoming year;
- the ability of third-party service providers to continue to provide services; and
- potential downside scenarios including a fall in revenue.

Based on this assessment, the members are confident that the partnership will have sufficient funds to continue to meet its liabilities as they fall due for at least 12 months from the date of approval of the financial statements, and therefore determine the going concern basis to be appropriate.

(b) Basis of consolidation

The consolidated financial statements include the financial statements of the partnership and its subsidiary undertakings made up to 31 March 2020. The acquisition method of accounting has been adopted. Under this method, the results of subsidiary undertakings acquired or disposed of in the year are included in the consolidated income statement from the date of acquisition or up to the date of disposal.

Under Section 408 of the Companies Act 2006 the partnership is exempt from the requirement to present its own income statement. The partnership recorded a profit for the year before members' remuneration of £23,478,100 (2019: £6,288,517).

(c) <u>Investments</u>

In the partnership's financial statements, investments in subsidiary undertakings are stated at cost less provision for impairment.

NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2020

1 Accounting policies (continued)

(d) Tangible assets and depreciation

Depreciation is provided to write off the cost less the estimated residual value of tangible assets on a straight line basis over their estimated useful economic lives, as follows:

Office furniture and equipment

3-7 years

(e) <u>Turno</u>ver

Turnover represents income from investment management and related services rendered, excluding value added tax. Performance fees are recognised when the relevant performance criteria are met.

(f) Interest receivable

Interest on short-term bank deposits is dealt with on an accruals basis.

(g) <u>Interest payable</u>

Interest payable on borrowings is accounted for on the basis of the effective interest rate for the relevant financial instrument.

(h) <u>Leases</u>

Operating lease payments are charged in the income statement on a straight line basis over the period of the lease.

(i) <u>Taxatio</u>n

No provision for income tax is made in the financial statements of the partnership as all income tax liabilities are liabilities of the members, not the partnership.

UK corporation tax on the profits of the corporate subsidiaries of the consolidated group is provided at amounts expected to be paid using applicable tax rates. The charge for taxation is based on the profit for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

Deferred taxation has been recognised as a liability or asset if transactions have occurred at the balance sheet date that give rise to an obligation to pay more tax in future, or a right to pay less tax in future. An asset is not recognised to the extent that the transfer of economic benefits in future is uncertain.

(j) <u>Financial instruments</u>

Short term financial assets are measured at cost. Future potential deferred consideration receivable relating to the sale of the VCT fund management business are measured at net present value using the effective interest method and are assessed for impairment at the balance sheet date.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including members' contributions) are equivalent to a similar debt instrument, those financial instruments are classified as financial liabilities. Financial liabilities are presented as such in the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the income statement. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability.

NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2020 (continued)

1 Accounting policies (continued)

Where the contractual terms of members' contributions do not have any terms meeting the definition of a financial liability then this is classified as an equity instrument. Dividends and distributions relating to equity instruments are debited directly to reserves.

All financial instruments are classed as basic financial instruments under FRS 102.

(k) Retirement benefits

The group operates a defined contribution pension scheme for its employees. The assets of the scheme are held separately from those of the group in an independently administered fund. The amount charged against profits represents the contributions payable to the scheme in respect of the accounting year.

(I) Members' remuneration

Members are remunerated by way of profit shares. Where profit share is non-discretionary it is included as an expense within the income statement. Where profit share is discretionary it is debited to members' interests in the year in which the division of profit occurs.

2 Administrative expenses

Administrative expenses for the group include the following charges:

| | Year ended | Year ended |
|--|---------------|---------------|
| | 31 March 2020 | 31 March 2019 |
| | . £ | £ |
| Depreciation | 60,281 | 47,631 |
| Operating lease rentals | 400,490 | 201,132 |
| Auditor's remuneration: | | |
| Audit of these financial statements | 14,300 | 14,300 |
| Audit of subsidiary financial statements | 3,300 | 3,300 |
| Other audit related assurance services | 6,500 | 5,500 |
| • | | |

3 Staff numbers and costs

| | Year ended 31 March 2020 | Year ended 31 March 2019 |
|--|-----------------------------|-----------------------------|
| | £ | £ |
| Staff costs: | | |
| Salaries | 3,897,898 | 1,842,821 |
| Social security costs | 525,315 - | 213,061 |
| Contributions to defined contribution pension scheme | 181,774 | 169,658 |

The average number of persons employed by the group during the year was 23 (2019: 19).

NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2020 (continued)

4 Other income

Other income represents the gain, net of fees totalling £442,831, on sale of the management contracts relating to the Northern VCTs, which completed on 23 December 2019. The consideration comprises £12,400,000 cash and £4,200,000 in shares in Mercia received on the completion date, as well as three equal cash payments of £2,100,000, receivable on the first, second and third anniversary of completion of the transaction. The present value of this future consideration is £5,357,755, and is included in debtors (see note 9).

A final element of consideration is potentially receivable on the third anniversary of completion of the transaction, being £2,100,000 to be satisfied by shares in Mercia. This element of consideration is split in to two equal components, each contingent upon a certain target being met by the acquirer of the management contracts. Neither component is deemed sufficiently probable to recognise as at 31 March 2020.

5 Taxation

| | Year ended 31 March 2020 | Year ended 31 March 2019 | |
|---|-----------------------------|-----------------------------|--|
| (a) Analysis of charge for the year | • | , | |
| Corporation tax on income for the current year | _ | · - | |
| Tax on profit on ordinary activities | £- | £- | |
| (b) <u>Tax reconciliation</u> | • | • | |
| Profit on ordinary activities before taxation | 23,478,100 | 6,288,517 | |
| Current tax at UK standard rate of 19.0% (2019 19.0%) | 4,460,839 | 1,194,818 | |
| Factors affecting charge for the year: LLP profits not liable to corporation tax | (4,460,839) | (1,194,818) | |
| Tax on profit on ordinary activities | £- | £- | |

During the year to 31 March 2020 none of the subsidiary companies of NVM Private Equity LLP made either a profit or a loss, nor incurred either a tax charge or credit.

NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2020 (continued)

6 Members' numbers and remuneration

The average number of members during the year was 9 (2019: 9). The number of members at 31 March 2020 was 8 (2019: 9).

The remuneration of members charged as an expense for the year to 31 March 2020 was:

| | • | | | Year ended | Year ended |
|---|---------------|---|-----|---------------|---------------|
| | | | • | 31 March 2020 | 31 March 2019 |
| • | · · | ٠ | : - | £ | £ |
| Non-discretionary profit shares charged | as an expense | e | • | 1,979,121 | 2,604,351 |

The non-discretionary profit share of the highest paid member for the year to 31 March 2020 was £304,349 (2019: £492,573). Subsequent to the year end the partnership profit of £21,498,979 (2019: £3,684,166) available for discretionary division among members was allocated in accordance with the members' agreement.

7 Tangible assets

12 Pension commitments

During the year the group operated a defined contribution pension scheme for its employees, the assets of the scheme being held separately from those of the group under independent administration. Contributions by the group were charged to the income statement as they fell due. There were contributions £13,393 payable to the scheme at 31 March 2020 (2019 none).

NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2020 (continued)

13 Operating lease rentals

At the balance sheet date the group was committed to making the following operating lease rental payments in respect of leasehold office premises:

| | | 31 March 2020 | 31 March 2019 |
|--|---|---------------|---------------|
| Lease commitments expiring: Within one year | | 251,820 | 296,987 |
| In between one and five years After five years | • | 378,422 | 162,418 - |
| | • | £630,242 | £459,405 |

14 Financial instruments

A financial instrument is a contract that gives rise to a financial asset or financial liability. The group's financial instruments comprise cash and cash equivalents, trade receivables, trade payables and accruals which arise directly from operations. The group's policy is to finance its operations through retained earnings. The group has a policy of not holding financial instruments for speculative purposes.

The group's activities expose it to a variety of financial risks: market risk (including cash flow risk, interest rate risk and price risk), credit risk and liquidity risk. The group's management strategy is to minimise the potential impact of these risks on its financial performance.

Market risk

Market risk is the risk of changes to the group's financial condition caused by variables such as changes in the net asset values of its funds under management and interest rates.

The group does not operate outside the UK and therefore there is no foreign exchange risk for the partnership.

Credit risk

Credit risk represents the loss which the group would suffer from the failure of a debtor to meet its contractual obligations. At 31 March 2020 the group's main exposure to credit risk was the £5,236,476 (2019: £2,999,830) cash held on deposit by a major UK clearing bank of which £5,236,475 (2019: £2,299,829) was held in accounts of the partnership itself and £5,787,008 of debtors, the majority of which relates to other income (see note 4 above).

Liquidity risk

Liquidity risk is the risk that the group will not be able to meet its financial obligations as they fall due. The group has adequate short term deposits to ensure that it has sufficient funds to carry on its principal activity, the management of investment funds.

NOTES TO THE FINANCIAL STATEMENTS – 31 MARCH 2020 (continued)

15 Related Parties

The Limited Liability Partnership has taken advantage of the exemption in FRS 102 "Related Party Disclosures" from disclosing transactions with other members of the group.
