**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2022**

1. STATUTORY INFORMATION

Basingstoke Properties LLP is registered in England and Wales. The LLP's registered number and registered office address can be found on the General Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the requirements of the Statement of Recommended Practice, Accounting by Limited Liability Partnerships. The financial statements have been prepared under the historical cost convention.

Significant judgements and estimates

In preparing the financial statements, the members are required to make estimates and judgements about the carrying amounts of assets and liabilities. The estimates and assumptions are reviewed on an ongoing basis and are based on historical experience and other factors that are considered by the members to be relevant. Revision to accounting estimates are recognised in the period in which the estimate is revised.

Investment property

Investment property is shown at most recent valuation. Any aggregate surplus or deficit arising from changes in fair value is recognised in profit or loss.

Financial instruments

The LLP only has financial assets and financial liabilities of a kind that qualifies as basic financial instruments like trade and other accounts receivable and payable, loans from banks and other third parties.

Financial assets that are measured at cost and amortized cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognized in profit or loss.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and the best estimate, which is an approximation, of the amount that the company would receive for the asset if it were to be sold at the reporting date.

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is an enforceable right to set off the recognized amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

3. EMPLOYEE INFORMATION

The average number of employees during the year was NIL (2021 - NIL).
