BALANCE SHEET (CONTINUED)

AS AT 31 MAY 2020

The financial statements were approved by the board of directors and authorised for issue on 31 May 2021 and are signed on its behalf by:

James R Morrison (Chairman)
Director

Company Registration No. SC149117

INVERNESS THISTLE AND CALEDONIAN F. C. LIMITED

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MAY 2020

1 Accounting policies

Company information

Inverness Thistle and Caledonian F. C. Limited is a private company limited by shares incorporated in Scotland. The registered office is Caledonian Stadium, Stadium Road, Inverness, IV1 1FF.

1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland ("FRS 102") and the requirements of the Companies Act 2006 as applicable to companies subject to the small companies regime. The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of certain tangible fixed assets. The principal accounting policies adopted are set out below.

1.2 Going concern

The company has reported a loss before tax of £328,758 for the year ended 31 May 2020, and has a reported net asset position of £1,436,919. The company has net debts of £703,836. The company remains reliant on player trading, new funding streams and the continued financial support backing of its directors, shareholders and supporters. Forecasts prepared by the directors for the season to May 2022, which recognise the ongoing challenges faced by the company in respect of the Covid-19 pandemic and rely on certain factors and assumptions, indicate that the company can meet its liabilities as they fall due over the next 12 months. These projections are reliant on new income streams; in particular from contracted entertainment events and commercial parking income to support annual revenue shortfalls and footballing operating losses. The directors are confident that additional income sources, combined with operational costs savings, and certain activities being managed through Inverness Caledonian Thistle Community Development, will secure the financial viability of the company and significantly reduce any reliance on loan funding to allow the company to meet its debts as they fall due.

The directors are satisfied that the assets and liabilities are recorded on the basis that the company will be able to realise its assets and discharge its liabilities in the normal course of business. Accordingly, the directors have considered a period of 12 months from the approval date of these financial statements and deem it appropriate to prepare the financial statements on a going concern basis.

1.3 Turnover

Turnover represents income receivable, net of VAT, from football and related commercial activities. Gate and other match day revenues are recognised over the period of the football season as games are played. Merit awards are accounted for only when known at the end of the season. The fixed element of broadcasting revenues is recognised over the duration of the football season whilst facility fees for live coverage or highlights are taken when earned. Sponsorship and similar commercial income is recognised over the duration of the respective contracts.

1.4 Transfer and signing on fees

Fees payable to other Football Clubs on the transfer of players' registrations are capitalised and amortised over the period of the respective players'/managers' initial contracts. Fees receivable from other Football Clubs on the transfer of players'/managers' registration are reflected in the statement of comprehensive income, net of any unamortised fees payable on registration, in the accounting period in which the transfer takes place. Signing on fees are charged to the statement of comprehensive income in the accounting period in which they are payable.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MAY 2020

1 Accounting policies

(Continued)

1.5 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Tenants improvements	5% - 20% Straight line
Leasehold property	4% Straight line
Plant and equipment	8% - 50% Straight line/Reducing balance basis

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is credited or charged to profit or loss.

Assets whose fair value can be measured reliably are held under the revaluation model and are carried at a revalued amount, being their fair value at the date of valuation less any subsequent accumulated depreciation. The fair value of the assets has been determined using the depreciated replacement cost method. Leasehold properties are included at deemed cost based on the fair value of the assets on their transfer to the company at 31 May 2018.

1.6 Impairment of fixed assets

At each reporting period end date, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss.

1.7 Stocks

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises the invoiced price of goods and materials on a first in first out basis.

1.8 Cash and cash equivalents

Cash and cash equivalents are basic financial assets and include cash in hand, deposits held at call with banks and other short-term liquid investments with original maturities of three months or less.

1.9 Financial instruments

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the company's balance sheet when the company becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

INVERNESS THISTLE AND CALEDONIAN F. C. LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MAY 2020

1 Accounting policies

(Continued)

Classification of financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

Basic financial liabilities

Basic financial liabilities, including creditors are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

1.10 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs.

1.11 Taxation

Current tax

On the basis of losses incurred, there is no current tax charge to be provided for in the year.

Deferred tax

Deferred tax liabilities are generally recognised for all timing differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is calculated at the rates that are expected to arise in the period when the liability is settled. Deferred tax is charged or credited in the profit and loss account, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax assets and liabilities are offset when the company has a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to taxes levied by the same tax authority.

1.12 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of stock or fixed assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.13 Retirement benefits

The company makes contributions into the personal pension funds of certain employees. Contributions payable are charged to the profit and loss account in the year they are payable.

INVERNESS THISTLE AND CALEDONIAN F. C. LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MAY 2020

1 Accounting policies

(Continued)

1.14 Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessees. All other leases are classified as operating leases.

Assets held under finance leases are recognised as assets at the lower of the assets fair value at the date of inception and the present value of the minimum lease payments. The related liability is included in the balance sheet as a finance lease obligation. Lease payments are treated as consisting of capital and interest elements. The interest is charged to profit or loss so as to produce a constant periodic rate of interest on the remaining balance of the liability.

Rentals payable under operating leases, including any lease incentives received, are charged to profit or loss on a straight line basis over the term of the relevant lease except where another more systematic basis is more representative of the time pattern in which economic benefits from the leases asset are consumed.

1.15 Government grants

Government grants relating to turnover and the Coronavirus job retention scheme are recognised as income over the periods when the related costs are incurred.

Grants relating to an asset that specifies performance conditions is recognised in income when the performance conditions are met. Where such grants do not specify performance conditions, it is recognised in income when the proceeds are received or receivable. A grant received before the recognition criteria are satisfied is recognised as a liability.

2 Employees

The average monthly number of persons (including directors who are not remunerated) employed by the company during the year was 108 (2019 - 133).

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MAY 2020

4 Tangible fixed assets

(Continued)

Included within land and buildings are the pitch and stands which were previously transferred to the ownership of the company at £nil cost and included within land and buildings at fair value. These assets were valued at £2,300,000 at October 2018 on a depreciated replacement cost basis by Allied Surveyors Scotland, an independent firm of chartered surveyors. The directors are also satisfied that a value of £2,300,000 is an appropriate reflection of the carrying value of these assets at 31 May 2020 and this amount has been recorded within the revaluation reserve accordingly.

Land and buildings also includes floodlights. The floodlights were valued at June 2015 on a depreciated replacement cost basis by the directors at £80,000.

If revalued assets were stated on an historical cost basis rather than a fair value basis, the total amounts included would have been as follows:

	2020 £	2019 £
Cost	152,520	152,520
Accumulated depreciation	(152,520)	(152,520)
Carrying value	-	-

5 Debtors

	2020 £	2019 £
Amounts falling due within one year:		
Trade debtors	15,327	32,875

INVERNESS THISTLE AND CALEDONIAN F. C. LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MAY 2020

10 Called up share capital

	2020 £	2019 £
Ordinary share capital		
Issued and fully paid		
4,000,367 Ordinary shares of £1 each	4,000,367	3,540,367
600,000 "A" Ordinary shares of £1 each	600,000	600,000
300,000 "B" Ordinary shares of £1 each	300,000	300,000
3 "C" Ordinary shares of £1 each	3	3
	<u>4,900,370</u>	<u>4,440,370</u>

During the year the company issued 460,000 £1 ordinary shares at par.

The "A", "B" and "C" ordinary shares rank pari passu in all respects with the ordinary shares, except that the holders of the "A", "B" and "C" shares have the right to receive notice of, attend and speak at shareholders meetings but do not have the right to vote at such meetings, save in relation to the appointment of representative directors. With regard to voting rights the ordinary shares held by the Inverness Caledonian Thistle Supporters Society Limited the "Supporters Trust", have enhanced rights for as long as they are held by the Supporters Trust.

11 Other reserves

Other reserves represent a capital contribution following a loan from a shareholder being discharged during the year ended 31 May 2020.

12 Audit report information

As the income statement has been omitted from the filing copy of the financial statements, the following information in relation to the audit report on the statutory financial statements is provided in accordance with s444(5B) of the Companies Act 2006:

The auditor's report was unqualified.
The senior statutory auditor was Jamie Waugh.
The auditor was Johnston Carmichael LLP.

13 Capital commitments

Amounts contracted for but not provided in the financial statements:

	2020 £	2019 £
Acquisition of tangible fixed assets	<u>-</u>	<u>53,900</u>

INVERNESS THISTLE AND CALEDONIAN F. C. LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MAY 2020

14 Related party transactions

The following amounts were outstanding at the reporting end date:

	2020 £	2019 £
Amounts due to related parties		
Key management personnel	735,000	795,000

During the year, amounts due to key management personnel of £355,000 were converted into ordinary share capital.

15 Operating lease commitments

Lessee

At the reporting end date the company had outstanding commitments for future minimum lease payments under non-cancellable operating leases, as follows:

	2020 £	2019 £
	2,205,000	2,289,000

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
