1 Accounting policies

1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention as modified by the revaluation of certain fixed assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2005)

The company is exempt from the requirement to prepare group accounts by virtue of section 248 of the Companies Act 1985. These financial statements therefore present information about the company as an individual undertaking and not about its group.

1.2 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is not charged on freehold land. Depreciation on other tangible fixed assets is provided at rates calculated to write off the cost or valuation of those assets, less their estimated residual value, over their expected useful lives on the following bases.

New motor vehicles	25%	reducing balance
Used motor vehicles	50%	straight line
Office equipment	33 3%	straight line

1 3 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets in the financial statements

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse

Deferred tax assets and liabilities are not discounted

1.4 Pensions

The company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the company to the fund in respect of the year

15 Subsidiary undertaking

Subsidiary undertakings are entities over which the company exerts significant influence and in which it has a long term interest comprising an investment of more than 50% in the voting capital

16 Investments

Subsidiary companies included within fixed asset investments are valued at the company's shareholding proportion of their net assets, with any surplus on revaluation being taken to a revaluation reserve
