The Edinburgh Schools Partnership Limited

Strategic Report

Year Ended 31 March 2020

The directors present their strategic report on The Edinburgh Schools Partnership Limited ("the Company") for the year ended 31 March 2020.

Principal objectives and strategies

The Company's principal objective is to design, construct, refurbish and provide lifecycle management, facilities management, cleaning and catering to schools within the Edinburgh area over a 30 year period. Included within the project are 10 primary, 5 secondary, 3 special needs schools and 1 community centre.

Review of business

The profit for the year, after taxation, amounted to £1,302,439 (2019: £2,192,807).

The profit for the year will be transferred to reserves.

The directors have considered the future financial impact to the Company of the Coronavirus, taking into account the sources of income and additional expenditure, if any. It is their view that, due to the income being availability based and being due from the local authority and therefore the risk of non-payment is considered remote, the income to the project will not be impacted. Alongside this the expected expenditure should not see material variation from its current levels and key suppliers (primarily the facilities manager) are expected to continue to be able to service the project. Although the likely full impact is unknown, and at this stage is not possible to quantify, it is not expected to materially impact on the operations of financial position of the Company.

Going concern

The directors have reviewed forecasts of future cash flows. No breaches in covenants have occurred or are forecast. Based on the review performed by the directors they believe that there is a reasonable expectation that the Company has sufficient resources to continue as a going concern for the foreseeable future, therefore the accounts have been prepared on a going concern basis.

Key performance indicators

The performance of the Company from a cash perspective is assessed six monthly by the testing of the covenants of the senior debt provider. The key indicator being the debt service cover ratio. The Company has been performing well and has been compliant with the covenants laid out in the Group loan agreement.

Principal risks and uncertainties

Due to the nature of the Company's business, the financial risks the directors consider relevant to this Company is credit, interest rate, cash flow and liquidity risk. The credit risk is not considered significant as the client is a quasi governmental organisation.

Interest rate risk

The financial risk management objectives of the Company are to ensure that financial risks are mitigated by the use of financial instruments. The Company uses interest rate swaps to reduce its exposure to interest rate movements. Financial instruments are not used for speculative purposes.

Cash Flow and Liquidity risk

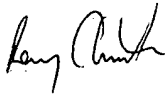

Many of the Cash Flow risks are addressed by means of contractual provisions. The Company's liquidity risk is principally managed through financing the Company by means of long term borrowings.

C J Anderson	(Resigned 1 April 2019)
N Woodburn	(Resigned 30 April 2019)

Dividends

The directors do not recommend the payment of a dividend (2019: £nil).

Future developments

The directors intend for the Company to continue to operate in line with the financial forecast model, contractual terms and do not expect any strategic changes.

Qualifying third party indemnity provisions

The Company has made qualifying third party indemnity provisions for the benefit of its directors during the year. These provisions remain in force at the reporting date.

Disclosure of information to auditors

Each of the persons who is a director at the date of approval of this report confirms that:

- so far as they are aware, there is no relevant audit information of which the Company's auditor is unaware; and
- they have taken all steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

The auditors, PricewaterhouseCoopers LLP, are deemed to have been re-appointed in accordance with section 487 of the Companies Act 2006.

This report was approved by the board of directors on 24 July 2020 and signed by order of the board by:

The Edinburgh Schools Partnership Limited

Directors' Responsibilities Statement

Year Ended 31 March 2020

The directors are responsible for preparing the Strategic Report, Directors' Report and the Annual Report and Financial Statements in accordance with applicable law and regulations.

Company law requires the directors to prepare the Annual Report and Financial Statements for each financial year. Under that law the directors have prepared the Annual Report and Financial Statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising Financial Reporting Standard 102 The Financial Reporting Standard Applicable in the UK and Republic of Ireland ("FRS 102"), and applicable law).

Under company law the directors must not approve the Annual Report and Financial Statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and the profit or loss of the Company for that period.

In preparing the Annual Report and Financial Statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102 have been followed, subject to any material departures disclosed and explained in the Annual Report and Financial Statements; and
- prepare the Annual Report and Financial Statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Edinburgh Schools Partnership Limited

Independent Auditors' Report to the Members of The Edinburgh Schools Partnership Limited

Year Ended 31 March 2020

Report on the audit of the financial statements

Opinion

In our opinion, The Edinburgh Schools Partnership Limited's financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 March 2020 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual Report and Financial Statements (the "Annual Report"), which comprise: the Statement of Financial Position as at 31 March 2020; the Statement of Comprehensive Income and the Statement of Changes in Equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the Company's ability to continue as a going concern.

The Edinburgh Schools Partnership Limited

Independent Auditors' Report to the Members of The Edinburgh Schools Partnership Limited (continued)

Year Ended 31 March 2020

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic Report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on the responsibilities described above and our work undertaken in the course of the audit, ISAs (UK) require us also to report certain opinions and matters as described below.

Strategic report and directors' report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic Report and Directors' Report for the year ended 31 March 2020 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic Report and Directors' Report.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Directors' Responsibilities Statement set out on page 5, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Edinburgh Schools Partnership Limited

Independent Auditors' Report to the Members of The Edinburgh Schools Partnership Limited (continued)

Year Ended 31 March 2020

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the Company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

The Edinburgh Schools Partnership Limited

Notes to the Annual Report and Financial Statements

Year Ended 31 March 2020

1. General information

The Edinburgh Schools Partnership Limited ("the Company") is a private company limited by shares and is incorporated and domiciled in the UK. The address of its registered office is 2nd Floor, 11 Thistle Street, Edinburgh, EH2 1DF.

The Company was formed to design, construct, refurbish and provide lifecycle maintenance, facilities management, cleaning and catering to schools within the Edinburgh area over a 30 year period.

The Company's functional and presentation currency is the pound sterling.

2. Statement of compliance

The individual financial statements of The Edinburgh Schools Partnership Limited have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") and the Companies Act 2006.

3. Accounting policies

(a) Basis of preparation

These financial statements are prepared on a going concern basis, under the historical cost convention, as modified by the revaluation of certain financial assets and liabilities.

The preparation of financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Company's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed further in the accounting policies.

The accounting policies stated below have been consistently applied to the years presented, unless otherwise stated.

(b) Going concern

The directors have considered the future financial impact to the Company of the Coronavirus as disclosed in the Directors' Report, and although the likely full impact is unknown, and at this stage is not possible to quantify, it is not expected to materially impact on the operations or financial position of the Company.

The directors have reviewed forecasts of future cash flows and no breaches in covenants have occurred or are forecast and the Company has net current assets and positive reserves. The directors believe that there is a reasonable expectation that the Company has sufficient resources to continue as a going concern for the foreseeable future, therefore the accounts have been prepared on a going concern basis.

3. Accounting policies *(continued)*

(c) Judgments and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the amounts reported. These estimates and judgments are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Key sources of estimation uncertainty

Accounting estimates and assumptions are made concerning the future and, by their nature, will rarely equal the related actual outcome. The key assumptions and other sources of estimation uncertainty are as follows:

i) Impairment of assets

The carrying value of those assets recorded in the Company's Statement of Financial Position, at amortised cost, could be materially reduced where circumstances exist which might indicate that an asset has been impaired and an impairment review is performed. Impairment reviews consider the fair value and/or value in use of the potentially impaired asset or assets and compares that with the carrying value of the asset or assets in the Statement of Financial Position. Any reduction in value arising from such a review would be recorded in the Statement of Comprehensive Income. Impairment reviews involve the significant use of assumptions. Consideration has to be given as to the price that could be obtained for the asset or assets, or in relation to a consideration of value in use, estimates of the future cash flows that could be generated by the potentially impaired asset or assets, together with a consideration of an appropriate discount rate to apply to those cash flows.

(d) Revenue recognition

Turnover represents the services' share of the management services income received by the Company for the provision of a PFI asset to the customer. This income is received over the life of the concession period. Management service income is allocated between turnover, finance debtor interest and reimbursement of finance debtor so as to generate a constant rate of return in respect of the finance debtor over the life of the contract.

(e) Income tax

Taxation expense for the period comprises current and deferred tax recognised in the reporting period. Tax is recognised in the Statement of Comprehensive Income, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case tax is also recognised in other comprehensive income or directly in equity respectively.

Current or deferred taxation assets and liabilities are not discounted.

The Edinburgh Schools Partnership Limited

Notes to the Annual Report and Financial Statements *(continued)*

Year Ended 31 March 2020

3. Accounting policies *(continued)*

i) Current Tax

Current tax is the amount of income tax payable in respect of the taxable profit for the year or prior years. Tax is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the period end. The directors periodically evaluate positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

ii) Deferred tax

Deferred tax arises from timing differences that are differences between taxable profits and total comprehensive income as stated in the financial statements. These timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred tax is recognised on all timing differences at the reporting date except for certain exceptions. Unrelieved tax losses and other deferred tax assets are only recognised when it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is also recognised on the revaluations of derivative financial instruments, with the movements going through the Statement of Comprehensive Income.

Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the deferred tax asset or liability.

(f) Finance debtor

The Company has taken the transition exemption in FRS 102 Section 35.10(i) that allows the Company to continue the service concession arrangement accounting policies from previous UK GAAP.

The Company is accounting for the concession asset based on the ability to substantially transfer all the risks and rewards of ownership to the customer, with this arrangement the costs incurred by the Company on the design and construction of the assets have been treated as a finance debtor within these financial statements.

(g) Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of six months or less and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

(h) Borrowings

Borrowings are recognised at amortised cost using the effective interest rate method. Under the effective interest rate method, any transaction fees, costs, discounts and premiums directly related to the borrowings are recognised in the Statement of Comprehensive Income over the life of the borrowings. Borrowings with maturities greater than twelve months after the reporting date are classified as non-current liabilities.

The Edinburgh Schools Partnership Limited

Notes to the Annual Report and Financial Statements *(continued)*

Year Ended 31 March 2020

3. Accounting policies *(continued)*

(i) Provisions

Provisions are recognised when the entity has an obligation at the reporting date as a result of a past event, it is probable that the entity will be required to transfer economic benefits in settlement and the amount of the obligation can be estimated reliably. Provisions are recognised as a liability in the Statement of Financial Position and the amount of the provision as an expense. Provisions are initially measured at the best estimate of the amount required to settle the obligation at the reporting date and subsequently reviewed at each reporting date and adjusted to reflect the current best estimate of the amount that would be required to settle the obligation. Any adjustments to the amounts previously recognised are recognised in profit or loss unless the provision was originally recognised as part of the cost of an asset.

(j) Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the transaction price and subsequently at amortised cost, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Debt instruments are subsequently measured at amortised cost.

Other financial instruments are subsequently measured at fair value, with any changes recognised in the Statement of Comprehensive Income, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised in the Statement of Comprehensive Income immediately.

For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics.

The Edinburgh Schools Partnership Limited

Notes to the Annual Report and Financial Statements *(continued)*

Year Ended 31 March 2020

3. Accounting policies *(continued)*

Financial instruments *(continued)*

Any reversals of impairment are recognised in the Statement of Comprehensive Income immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised. Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such in the Statement of Financial Position. Finance costs and gains or losses relating to financial liabilities are included in the Statement of Comprehensive Income. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability.

Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability then this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity.

(k) Hedge accounting

The Company has entered into an arrangement with third parties that is designed to hedge future cash flows arising on variable rate interest loan arrangements, with the net effect of exchanging the cash flows arising under those arrangements for a stream of fixed interest cash flows ("interest rate swaps").

To qualify for hedge accounting, documentation is prepared specifying the hedging strategy, the component transactions and methodology used for effectiveness measurement. Changes in the carrying value of financial instruments that are designated and effective as hedges of future cash flows ("cash flow hedges") are recognised directly in a hedging reserve in equity and any ineffective portion is recognised immediately in the Statement of Comprehensive Income. Amounts deferred in equity in respect of cash flow hedges are subsequently recognised in the Statement of Comprehensive Income in the same period in which the hedged item affects net profit or loss or the hedging relationship is terminated and the underlying position being hedged has been extinguished.

4. Turnover

Financial liabilities measured at amortised cost		
Financial liabilities measured at amortised cost	<u>(44,539,785)</u>	<u>(52,876,768)</u>

The fair values of the interest rate swap have been calculated by discounting the fixed cash flows at forecasted forward interest rates over the term of the financial instrument. The bank borrowing and finance debtor are both held at amortised cost.

Hedge accounting

Derivatives are financial instruments that derive their value from the price of an underlying item, such as interest rates or other indices. The Company's use of derivative financial instruments is described below.

Interest rate swaps

The Company has entered into two interest rate swaps with third parties for the same notional amount as all of the Company's variable rate borrowings with banks which has the commercial effect of swapping the variable rate interest coupon on those loans for a fixed rate coupon. The bank loans and related interest rate swaps amortise at the same rate over the life of the loan/swap arrangements. The two interest rate swaps were entered into on 15 November 2001 and 6 April 2004 and both expire on 31 March 2031.

The Directors believe that the hedging relationship between the interest rate swaps and related variable rate bank loans is highly effective and as a consequence have concluded that these derivatives meet the definition of a cash flow hedge and have formally designated them as such.

Carrying value of all derivative financial instruments

All of the Company's derivative financial instruments are carried at fair value. The net carrying value of all derivative financial instruments at 31 March 2020 amounted to net liabilities of £8,290,035 (2019: £8,274,555). The effective portion of the movements in the fair value of these derivative financial instruments have been recorded in the cash flow hedge reserve amounting to a credit of £41,846 (2019: credit of £410,384). The ineffective portion of the movements in the fair value have been recorded in the profit and loss amounting to a debit of £57,326 (2019: credit of £10,037).
