- These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

Approved by the Board on 22 December 2014

And signed on their behalf by:

Mr B Collie, Director

Notes to the Abbreviated Accounts for the period ended 31 March 2014

1 Accounting Policies

Turnover policy

Turnover represents the value, net of value added tax and discounts, of goods provided to customer and work carried out in respect of services provided to customers.

In respect of contracts for on-going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of contracts for on-going services is recognised by reference to the stage of completion.

Tangible assets depreciation policy**Depreciation**

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Motor Vehicles - 25% reducing balance

Other accounting policies**Fixed assets**

All fixed assets are initially recorded at cost.

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax. Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

2 Tangible fixed assets

	£
Cost	
At 1 April 2013	7,644
Additions	-
Disposals	-
