The director considers that the company is entitled to exemption from the requirement to have an audit under the provisions of section 477(1) of the Companies Act 2006. Shareholders holding 10% or more of the nominal value of the company's issued share capital have not issued a notice requiring an audit under section 476 of the Companies Act 2006. The director acknowledges the responsibilities for ensuring that the company keeps accounting records which comply with section 386 and section 387 of the Companies Act 2006, and for preparing accounts which give a true and fair view of the state of affairs of the company as at the period end and of its profit or loss for the period then ended in accordance with the requirements of section 396, and which otherwise comply with the requirements of the Act relating to the Accounts so far as applicable to the company.

These abbreviated accounts have been prepared in accordance with the special provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006.

They were approved by the board on 14 July 2014

and signed on its behalf by:

  
 Angus Alpin Forsyth

The notes on page 3 form part of these financial statements

**AAF CONSULTING LIMITED**  
**NOTES TO THE ABBREVIATED ACCOUNTS - 30 APRIL 2014**

**1. ACCOUNTING POLICIES**

**Basis of preparation of financial statements**

The financial statements are prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

**Turnover**

Turnover comprises the invoice value of goods and services supplied by the company, net of Value Added Tax and trade discounts, adjusted for any movement in work in progress.

**Revenue recognition**

The company recognises revenue to the extent that it has fulfilled its contractual obligations to its customers through the supply of goods and services.

**Depreciation of tangible fixed assets**

Tangible fixed assets are stated at cost less depreciation. The cost of tangible fixed assets, less any residual value, is written off over their expected useful lives as follows:

	<b>Principal annual rate</b>
Plant & machinery	33% per annum straight line basis

**Stocks and work in progress**

Stocks and work in progress are valued at the lower of cost and estimated net realisable value, after making due allowance for obsolete and slow moving items. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads. Work in progress is reflected in the accounts on a contract by contract basis by recording turnover and related costs as contract activity progresses.

**Deferred taxation**

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the director considers it is more likely than not that there will be suitable tax profits from which the future reversal of the underlying timing differences can be deducted. Deferred taxation is measured on a non-discounted basis at the average tax rates that would apply when the timing differences are expected to reverse, based on tax rates and laws enacted or substantively enacted by the balance sheet date.

**2. TURNOVER**

The whole of the turnover and profit or (loss) before taxation is attributable to real estate management.
