Business review and principal activities

The Company acts as the general partner in Severn Trent Limited Partnership, a limited liability partnership established in Scotland on 27 February 2012. The Company also acts as the general partner in Severn Trent 2017 Limited Partnership, a limited liability partnership established in Scotland on 23 March 2017. The Company does not trade and therefore no income statement or statement of comprehensive income has been presented.

The Directors are not aware, at the date of this report, of any likely major changes in the Company's activities or prospects in the next year.

Severn Trent Pic manages its operations on a divisional basis and the Company's Directors do not believe that further key performance indicators for the Company are necessary to enhance the understanding of the development, performance or position of the business. The performance of the Severn Trent Water business, which includes this company, is discussed in Severn Trent Pic's Annual Report and Financial Statements (which does not form part of this report).

Results and dividends

The Company has not traded in the current or prior period and therefore no income statement has been presented. The Directors do not recommend the payment of a dividend.

Principal risks and uncertainties

Treasury management

The Severn Trent Group manages its treasury operations on a group basis. Financial risk management is performed by Severn Trent's Group Treasury department. This includes assessment and mitigation of price risk, credit risk, liquidity risk and interest rate cash flow risk. The Group's treasury management policies and operations are discussed in Severn Trent Pic's Annual Report and Financial Statements (which does not form part of this report).

Financial position and going concern

As at 31 March 2019, the Company has net assets of £100,000 (31 March 2018: £100,000), therefore the financial position of the Company is satisfactory.

The Directors have considered the financial position and future prospects of the Company. The Company participates in the Group's pooled banking arrangements and receives funding from the Severn Trent Group in the form of intra-group loans. When existing loans reach maturity the appropriate funding will be established as required to ensure such obligations can be met. After making enquiries, the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the report and annual financial statements.
