Forsa Energy (Harelaw) Holdings Limited

Notes to the Financial Statements For the Year Ended 31 December 2021

1. General information

The Company financial statements are prepared for Forsa Energy (Harelaw) Holdings Limited for the year ended 31 December 2021. The financial statements are presented in Pound Sterling, the presentation and functional currency of the Company with figures rounded to the nearest pound. The Company is limited by shares and is incorporated in the United Kingdom.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies (see note 3).

The following accounting principles have been applied:

2.2 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.3 Financial instruments

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of Comprehensive Income.

3. Judgements in applying accounting policies and key sources of estimation uncertainty

Due to the simplicity of the Company's transaction streams and year end financial position, the directors consider there to be no critical judgements, estimates or assumptions in the preparation of these financial statements.

4. Employees

The Company has no employees other than the directors, who did not receive any remuneration (2020 - £Nil).
